Spoilers

Quick read, nothing special.

I didn't like how the hero constantly checked out the girl he kissed. She had instigated the kiss but he says that he kissed her back as well.. and later when his gf found out about the kiss, she asked him if he liked it and his answer was that it was "different" WTF!!! Also, after his gf leaves him for not telling him about the kiss there is a scene when he is talking to the other women - Cath, and he's checking her out all while he claims he misses his gf???? I didn't feel the love he claimed to have for his gf. Also, he was forgiven way to quickly.

Loved it!!!! That Tyler is crazy but funny as hell

I just loved this story. I have been waiting for it to come out it seems like for ever.

Sometimes men can be really stupid or they just don't care. Although I know Ty cares so he must be really stupid.

And most of the time women are real bitches and cannot be trusted just like Cath. I would have knocked her out a long time ago. I really felt for Abby having to go through all the pain.

Good story overall.

The only issue I have with the book is has some spelling and grammatical errors.

Good job Rebecca Elise

Wish there was more to the story I felt like it was too rushed. Don't get me wrong I love Abby and Tyler the ending was a shocker but I fell in love ;)

WARNING HERO CHEATS MULTIPLE TIMES!

This was my first book by this author and what a let down!

Worthless cheating hero!

He cheated on his girlfriend emotionally and physically more than once and the worst part was even though after the first kissing betrayal, he still was stupid enough to go to the hotel with the woman he cheated with on his girlfriend and put her above his girlfriend when promising her he would be at her bakery opening and would not mess around with the OW..But guess what..he chose to stay with the OW even checking her out! Even after all the suffering the OW caused to both of them he had the audacity to give her complements calling her gorgeous? Sorry I like my heroes to have eyes only for their women and being possessive..but I very much dislike sleazy heroes that checking out other women and cannot help themselves kissing those women back when they throw themselves at them!

This book was just depressing and I don't think I will read any more books by his author!

This was written in 1st person POV, not a fave for me. Add in the fact that the H was just, well, a little stupid and you've got a book I didn't like.

5 stars. Absolutely loved this book, a beautiful addition to the Subzero series. I absolutely loved Tyler and Abby, the T story was perfect Buy this book you won't be disappointed. It gave more of Jack and Chloe and all the other guys. I highly recommend this book, it's a must have. Looking forward to the next book in this series.

There were certain parts of this book that I just wanted to throw my Kindle across the room, Tyler needed more than just being talked to and I don't blame Abby for her actions. All in all I love Tyler, he uncomplicated and refreshing love for Abby just leaves me speechless.

Nerissa says

Very weak. If sh loved him so much why didnt she talk to him for a month after he had a ery tiny kiss that he immediately felt remorseful for? I find that ridiculous and that she couldnt really love him.

THen she didnt give him a chance to talk? Apparently she never used to get jealous but suddenly she doesnt trust what he is saying? or even try too?

just no

Alyssa says

I didn't like the conflict in this book and I didn't think that Tyler did enough to come back from it. Cath definitely did not get what was coming to her. I'm pretty disappointed because I loved the first two books and adored Tyler and Abby in the first two as well.
