## Angelic Ties Jana Downs

[Siren LoveXtreme Forever ManLove: Erotic Alternative Fantasy Ménage Romance, M/M/M/M/M/M, angels, HEA]

Madigan Parker thought accepting a relationship with his five guardian angels was difficult. He's learning that being in a relationship with all of them is more difficult as personalities clash. Bren still distrusts Cross, Yuri believes he's the odd man out, and Michel is just too nice to put his foot down with any of them. While Dex is the only one admitting to the mutual affection and attraction that is growing between them, Madigan has his hands full.

He wants to take back his life and reopen his business. But being a baker proves difficult as old enemies circle closer, and keeping his lovers safe proves to be a lot trickier than Madigan originally thought. Torn between the life he had and the new life awaiting him, he has to decide if staying in the town he calls home is worth the risk to his men and to his heart.

NOTE! You are purchasing Siren's serialized imprint, the LoveXtreme Forever Series. This is Book 2 of the His Guardian Angels collection. These books are not stand-alone. Each is a continuation of the previous book and must be read in the numbered order. Each book may end on a cliffhanger but usually with a happy for now for the beta hero and one or more men. The final book contains a happily ever after for the beta hero and all his men.

## **From Reader Review Angelic Ties for online ebook**

### **V says**

Nice sequel, although these six guys for sure spend a lot of time having sex...not that I'm complaining. In the middle of those sex steaming sessions, surprisingly, it had an interesting plot behind it. Never mind, I'm really looking forward for the next sequel and read more about these gorgeous specimens.

---

### **Rachel Emily says**

Another entertaining, sexy as hell, and fast paced story in this series. I'm definitely loving the interaction with the angels, especially Cross and Bren. I am definitely looking forward to book 3 and hope it isn't long of a wait!

---

### **Ryoma Gartre says**

This wasn't as hot as the first, pointless misunderstandings and drama, actions without consequences, and Madison being more childlike and girl-like to my taste, fortunately the sex between the angels was hot, that's probably what kept me going on, there's also inconsistencies in the book, at some point we're led to believe that only Levi is half angel and that Eric is totally human, then we're told both are half angel, other than that, supposedly Madison has been like two-three weeks without contacting his friends?

And then... when Yuri is injured why doesn't Cross try to help him once he's better?, isn't he a healer?

### **Katrina Passick Lumsden says**

I was intrigued to see how the author would handle a relationship between six men. From what I can tell, she handled it as well as anyone else might. But the thing is, six men is just too damn many to keep track of. Still, the story was somewhat interesting.

### **Leaundra says**

Wow I didn't think book two could get any better but it did and I loved it. We got to know the Angels much better and saw how their relationship with Madigan got stronger. I loved how Jana Downs made her Angel world. So excited for Book 3

#### **Total rating : 2.5 Stars**

Angelic Ties is a sequel to Angel Bound. After five angels and one nephilim spent their life together, there is some conflicts between Bren and Cross waiting to be solved.

Many hot sex scenes packed into this book, but I'm not sure this is because of me or the story that I found out most of sex scenes also faded out and very rushed in some point.

And Bren's secret ? Oh ! I can't wait to see what kind of secret he has hidden from everybody.

---

### **Teresa says**

2.75 Stars. Not pwp, it does have an over arching story that continues between the sex scenes that is decent. I was, however, troubled by sentences such as:

*"He petted Madigan's head before putting a toboggan on it."*

I'm sure the author meant to... there were a few of these that detracted from the story. Over all, each angel has their own distinct and well rounded personality. I found Madigan to be less the "little woman" than in the first book and appreciated that the angels were finding balance with each other in this complex relationship.
