## From Reader Review Bad Biker Stepbrother for online ebook

### Heather Watson says

I enjoyed this book, I enjoyed the characters, and I enjoyed the overall plot to the story. I wish the beginning would have been elaborated a little more. I felt like it was rushed. I also feel that the book should've been longer, but I am very excited to finish out the series.

DON'T YOU DARE...

### Tana says

it was pretty good for a short story.

---

### Tara says

This was a shorter book with quite an interesting story. I was not necessarily prepared for what happened, but I totally loved it. Mia and Damon truly have feeling that can not be denied. Even after not seeing each other for years. Damon has secrets and can be scary. Mia is constantly trying to deny how she feels. I can not wait for the next book. This left me hanging.

#### BAD TO THE BONE!!!

OMG! I love this series! Bad Biker Stepbrother by Michelle Black is one WICKED read and I mean that in a good way. Black never fails to tease, tantalize and entertain her readers and in Part One of this amazing series, she has delivered in spades. The story is exciting, thrilling, enticing, romantic, arousing, sensual and steamy. Oh, and did I say hot? Yeah Baby, hotter than a cat on a hot tin roof! The dialog is smart, smooth, well written and flows well. The characters are captivating, intriguing, engaging, relatable and drop dead sexy. Sexy bad boy stepbrother-check! Beautiful virgin stepsister-check! Danger, murder, intrigue, romance and sex-check! I can hardly wait to read Part Two.

**95% off the book was them fighting off their attraction, and her making excuses why she can't hook up.. The other 5 were her whining!**  
**And then bam something happens and CLIFFY!**

#### **Was good**

Can't wait for the next one. Was way too short. Hope the next one comes out soon. Liked that it combined some of my favorites, MC and step siblings. They always make for great story lines and this one did not disappoint.

### **C.J. says**

Good story with intriguing characters. Glad to see Mia get a bit more ballsy at the end. Looking forward to seeing what happens next.

2,5 Stars..

A short compelling story, with some darkish twist on the end, that has to do with the hero's lifestyle..

I really want to see were it would go from here and if Mia and Damon will finally have their chance to explore what is going on between them..

Mia is in love with her step-brother, but after an incident between them, Damon runs away and does he best to not be near her anymore..

After 2 years Damon is finally back, but he brings with him many secrets!! Mia is suddenly in the middle of it all.

### **THOUGHTS ABOUT THE BOOK**

- The first in a series..
- I was hopping for womething more..
- The chemistry is ok between the two characters..

---

**Karen Scites Hayes says****Total rip off**

I hate when they say nothing about this being a two part book and then you get to the end. It was a good story with no true ending.

---

**Jennifer Finn says**

Mia was 16 & Damon was 19 when his Dad married her Mom. Mia was always attracted to Damon & was still a virgin. When Mia turns 18 her & Damon kiss for the first time & make each other cum they both want more but they get interrupted by their parents. They don't see each other for 2 more years & then he shows up on her doorstep. They are still attracted to one another & she is still a virgin.

**Sekena Price says**

**Emma♥ Jones says**

Not as good as I thought. And very short

---

**Saskia 'follow my shoes' Smith says**

It has the meanings of a decent storyline but for me it was just to short, the main characters lacked any real chemistry, so it didnt draw me in, it lacks a true ending. Doubt ill be buying another one, wish i had known it wasnt a one off book.

**Sabrina says**
