Cassie E.L. Todd

****This full-length novel is the fifth in a series about the alpha males, this one being Tony, but it has a happily ever after for him and Cassie, the object of his obsession. Don't worry kids, there's no cliffhanger, so read on and enjoy!****

CASSIE, THE FIFTH BOOK OF THE ALPHA SERIES

"Forever isn't long enough. It'll never be long enough."

Cassie...

Working as a fashion designer, Cassie has everything she needs. But after her last boyfriend cheated on her, she's given up on love. After having another horrible date where the guy discusses his obsession with bowling balls, she runs into Tony at a bar, only to discover he's her best friend's brother. Chemistry is ignited and desire follows directly afterwards. But she needs to tell her best friend the truth. Only Tony is hesitant to reveal their secret. Cassie notices his obvious wealth and connections, and she wonders if that has anything to do with his secrecy.

Tony...

When Tony meets Cassie, he's immediately smitten. After dealing with girls that have only wanted him for his money, he's relieved to find someone that is nothing like that. But his innocent feelings become deeper and stronger. His love and adoration for her grows until the point of obsession. When Cassie loses her job at her magazine, he immediately takes care of her, wanting to solve all her problems. But Cassie is resistant. She'll do whatever she can to prove her loyalty to him. But Tony isn't having it. And when his sister disapproves of their relationship, it changes nothing. He'll stop at nothing to keep her forever. Even if she doesn't agree.

Tina says

I enjoyed this book just the same as the rest of the series. I really liked Cassie, she was very independent and I like that in a main character. Janet pissed me off almost the whole book. I really liked Janet in her book, so this was a bit of a disappointment that she turned out to be such a bitch! I know she was doing it all for the love of her brother, but it was a bit much. I would have slapped her if I was Cassie. So other than Janet, I really loved this book. Tony was a dream!! Yummy!! I have read some of the reviews about people not liking the fact that he pushed himself on her when she said "no", and I see a lot of people have an issue with that, but...I mean really? It's a book...it's a story. I don't think Mrs.Todd was saying that rape is ok...and I don't think that's how she intended for us to see it. My husband has used sex to convince me to see things his way a time or two so maybe that's why I see where she was going with those parts of the book. I don't think the story would have been as effective without them. How Cassie and Tony felt during sex with each other was kinda what the story was about.

I am looking forward to another book in the alpha series and I can't wait for it to be released!

Nicole Bell says

Love this book

this book is great. I was mad a lot of the book at Janet. cassie is a great character. I loved the relationship between her and her man. I loved the fights and arguments. loved that he stood up for you, helped her with her work. basically I just loved this whole book. it was great. in love with author.

Lauri says

Cassie

Love how she learned from her mom and taught dad lessons She has learned about life experiences and how they change lives
