Cherish Sherryl Woods

In a long, splendid life rich with struggles and satisfaction, above all Brandon Halloran treasured family. So the proud patriarch had meddled shamelessly in his darling brood's love lives...until finally the tables had turned!

For the merry widower harbored a secret from the his nearest and dearest: cherished memories of sparkling, scandalous Elizabeth Forsythe, who'd once put wings to his flyboy's heart, only to vanish when he'd soared home from the war. And with Lizzy at long last on his horizon again, the one thing that could prevent his long-overdue second chance at happiness was...family!

Vows: Love, Honor and Cherish? words that three generations of Halloran men vowed to live by.

Kathy says

I really loved this series. This one was probably my favorite, I loved how the love survived through the years.

Edie C. Phillips says

Terrific stories

I loved love, honor and cherish. Three generations finding love was awe inspiring. Sherry Woods is one of my favorite authors.

Becky says

A short, fast, romantic, predictable read. A book of surprises and second chance love. I did not read the others, but this is certainly a stand alone book.

Louise says

Light summer read...

Susan L Monroe says

A good story

Enjoyed this book. The story line about a father and grandfather who likes meddling in relationships finds the tables are turned now that he seeks out an old girlfriend he still has feelings for. The result makes a good read.

Yay, this one is for those of us with some (gasp!) gray hair.

Yay, this one is for those of us with some (gasp!) gray hair.

I never put spoilers in my reviews.

I've found a new author to enjoy! Ms. Woods writes absorbing, lively, non-trite romance with fully fleshed characters and plots. The Vows series is wonderful in that the books don't all center around the very young, including all ages up to the 60's. Amazing, a romance author who realizes you don't lose that spark when you reach your 30's. Thank you!

Read, enjoy, prepare to be entertained. I can't wait to delve into more of this delightful author's tales.

Oh, for those who are bothered by blue language and over the top sex scenes, these are for you. They aren't asexual, just fits the storyline, isn't more than a couple of times and is making love with mostly euphemisms not borderline porn.
