Curves For Him: 10 Delicious Tales I have a couple of the books that I had bought even before they were bundled at such a great price. This is one bundle with such amazing stories. They have a HEA which I am sure you all love just as much as I.

The first up is “The Scent of a Mate” by Milly Taiden

Scent of a Mate is a great book. I knew weeks ago when I saw the cover that I needed this book, the blurb only helped to seal the deal. Who could resist a hot alpha male? Not I for sure. I loved how the author gave me info into the lives of the main characters but also set up the supporting characters for what I hope is a long series of wonderful, intensely sexual stories. The heat between the main characters kept me reading well into the night. This book was well worth the money just for the main story alone but with the added bonus story I would have paid more. Awesome read. I will recommend this author and this book for many years to come.

The next is “The Greek Billionaire and I” by Marian Tee

“The Greek Billionaire and I” by the amazing author Marian Tee was awesome. I love her books and yes I do a happy dance when I get to read a new book of hers. This book did not disappoint me. The female character, Velvet, was an amazing powerful woman with wonderful wit. Mykolas, the male lead, was arrogant, demanding, but also one wickedly hot man. Their relationship does have bumps but in the end you do get your HEA. Once again I ran the gambit of emotions from anger, crying, laughing, and loving while reading the book.

This reader thinks that if you are anything like me you will want to read this book and all the others by Marian Tee.

Totally forgettable. The writing seemed elementary. I would not recommend this to anyone. For great BBW romances I would recommend books by Angela Verdenius.

### **A GREAT COLLECTION OF STORIES**

This is probably the best box set I've read to date. Luckily for me I've not read anything by all but one of these authors before. Better still they're all complete tales. No part 1's leaving the reader hanging. But more than that they're a really good mix of paranormals and contemporary romances, all with possessive alpha heroes and curvy heroines.

If I have to pick out a couple of favourites, the stories by Shirl Anders, Milly Taiden and MarianTee stood out for me.

A really good buy.

Find out in Scent of a mate what happens when Aric Wolfe first born son of the alpha falls in love with Jordan Alvarez She was human after all, and he could not just mate her and move in like most shifters did. Jordan needed to see the proof of how well things progressed naturally with them." find out what happens " I don't remember any marks. And I'm pretty sure I'd know if he had." She glanced down at her body expecting some strange new symbol to appear out of nowhere on her skin. Not that she could see through her dress, but she instinctively made" buy this awesome collection ans find out what happens next...Milly Taiden is always a must read for hot sexy alphas
