Denial Lauren Barnholdt , Aaron Gorrive
DENIAL, Book Eight in the Witches of Santa Anna series of novellas....

In Season One of The Witches of Santa Anna, Natalia and Cam had to fight to be together.

In Season Two, they'll fight even harder not to lose each other.

With Raine gone, Cam and Natalia believe the worst is behind them. But Raine's left a trail of collateral damage in her wake.

Cam's starting to realize that he can't protect Natalia from the forces out to take her from him. And Natalia still can't figure out who to trust.

Everyone at Santa Anna is on edge, wondering when Raine's going to come back.

Because the thing about Raine? She doesn't give up that easily. She has friends. Powerful friends. Friends that want to make sure Cam and Natalia don't stay together.

And in the end, Cam and Natalia will be forced to battle something more powerful than they ever imagined.

Alliances will be broken. Bonds will be tested. Questions will be answered. And you won't believe how it all turns out.

With new characters, new dangers, and new secrets, Season Two of the Witches of Santa Anna proves that true love conquers all and that nothing - not even pure evil - can change your destiny....

Angela says

Waiting for these books to get longer ???

Emma says

there is nothign really wrong with it, but it just seems that they are adding charcaters and plot twists just for the sake of it, also I think that Natalia's personality has suddenly changed slightly without any explanations as to why. which makes me think that it was not on purpose. These books are far too short.

Beáta says

Pripomína mi to seriál Glee, asi kvôli tomu školskému prostrediu. Iná? je to strašný shit, ale m?a to baví ?íta? a nechápem pre?o :D

Ronda says

This book I've rated a little less because it almost feels like it's gone back to the beginning and started again, the introductin of the new characters and returning to school etc... yet it's been two weeks and a full adventure later!

However, I have no doubt that these novels will pick up, I've enjoyed them all so far and I am sure I will enjoy the rest.

Amanda Pomeroy says

I need more Brody lol

Emma (BelleBooks) says

This is the eighth book in the Witches of Santa Anna series, and Denial kicks off the start of the second season of the books.

First of all the second season?

Even I am starting to get a bit confused with all the book names by now. I'm assuming that by calling this the first book in the second season there is going to be at least another 6 books after this one?

I swear at this point Lauren Barnholdt must be raking in the cash!

Well good for her because even after all the previous times I've said I'm going to stop reading this series, her I am hooked once again and buying books 8 and 9 as soon as they are released on Amazon UK for Kindle.

So Denial picks up after the all the drama that we left behind at the school dance in book 7.

After spending the entire weekend at Cam's house Nat finally has to face to reality, that's right it's time for school!

Secretly she hopes she will never have to see Raine again, and Nat gets her wish when she still has not surfaced on Monday morning, maybe she's gone forever?

But there is a new addition to Santa Anna High School, Hadley a new transfer student from England. She seems nice enough and soon manages to get invited out on a double date with Cam, Nat and Aiden. Although as always with this book series, you can never take someone at face value and when a secret attacker who goes after Nat knows Hadley's name....that's right the book ends!

Although like all the others this was a really quick read, I really enjoyed it. After having quite a long break in between books 7 and 8 I thought I would have forgotten half the characters and what was happening, but after a few pages I was hooked right back into the story once again!

Needless to say I am off to read book 9, Suspicion to see what happens next!

Iris says

Read the full review at [Witchmag's Boekenplank](#)

This book is short. Very Short. It made me feel like nothing is happening, until the last couple of pages. With again a great open ending! Lauren Barnholdt and Aaron Gorrive know where to end a story! It really makes you look forward to the next book.

Cam continues to be very annoying and BLOND. He reacts like he doesn't understand anything about women and hurts Natalia by doing so. He also thinks that he'll be able to save them all, by himself. Yeah, we could see how that went... What is it about men and having to be a hero? How about stepping back and let Natalia fix it, because she CAN?

Overall rating: 2 hearts. I read the other books in an omnibus. It improved the flow of the story and it felt more natural. If I read the other books one by one, I don't think I would have been that enthusiastic about the story. Still, there's a great ending and the authors dropped some sentences in the book that made me think about which interesting things could happen in the future! However the story is TOO short. The story started slowly and then you're already at the end. I hope they also make an omnibus of the second season, which reads much finer!

Chrissy says

So, "SEASON ONE" of THE WITCHES OF SANTA ANNA is over, but of course the story still continues. When we ended with book 7, Natalia discovered that you fight evil-black-butterfly magic by yelling for it to go away -- so now she is free to be with Cam -- except her not-really-boyfriend Brody says that if Natalia is

with Cam, a big, scary, mysterious war will break out and the universe will end.

Natalia decides it's worth the risk and she attempts to settle into her new life with Cam ... that is, until new girl Hadley comes to town and seems to catch Cam's eye. So, of course, Natalia invites Hadley out with a double date, where the group meets a psycho gang of punks who try to kill them all. And, somehow, they know Hadley...

This series is being drug out for WAY too long. White butterfly = good. Black butterfly = bad. New girl = bad? Natalia = boring.

Got it.

Merve Özcan says

Natalia ve Campell 2 gündür ç?kmaktad?rlar ve pazartesi okula giderken heyecanlı?d?rlar. Okula Handley adlı? yeni bir k?z gelir. Cam, kaba davranışmamak için onunla ilgilendirir ve Nat bunu biraz k?sakna?r. Nat'ın annesi Cam'in annesi ile tan??mak ister ama annesi alkoliktir.

Cam, Nat, Aiden ve Handley çift bulu?ma yaparlar. Bir kaç erkek Nat'ı kaç?rmaya kalkar ve bu s?rada Handleyin ad?n? söyler. Cam 3 çocu?u döver. Kitap biter. Çok ama çok k?sayd? bölümdü sanki daha çok 30 dakika bile sürmedi okumak. S?k?c? oldu?unuda unutmamak gerek

K says

This series of books are really short answer didn't do much for me.... They didn't make much since and they kind of made me bored through out the series

Connie Garcia says

i read this on my droid kindle and could not put it down i luv these short stories

Shawn says

The series is good.. Need more action. In my opinion, not worth the .99 cents I paid, since it is a Novella, and has misspellings. Overall, I did like the story.

SW says

These are soo freaking short it bugs me. But i got sucked in because i can justify reading them when they are borrowed from a fellow kindle user.

Donna {Book Passion for Life} says

Enjoyed it. I kind of think the series may of been better as a TV Show than a book but I'll still see where the next few books go once there released.

Gergana says

No! No no no no! I'm not c\reading any more of this series! NO! I don't even know why I read this one! I just wanted it out of my Kindle, that's why! And guess what? I have the rest of it too and I'm deleting it shamelessly!
