Perhaps Geri can work some of her magic on Razzy and find her a man that will literally save her life. But before she can speak to the matchmaker, Tall, blonde and handsome storms in, kisses her like there's no tomorrow and carries her off on the wing to his mountain-top lair. She's been kidnapped... by a wyvern of all things. Not just any wyvern, but Roc, the king they claim they don't have...

Dragons and wyverns don't get on. Like, ever. So why does she want to climb her sexy captor like a tree, and what will he do when he finds out she's the dragon king's sister?

Roc needs a mate to be king. He needs to be king to save his people from themselves. Because they're dumb...

Which means he needs a woman, and for that, he needs to see the matchmaker. And she delivers. Barely out of the meeting and he has his arms wrapped around the tiniest, curviest, most beautiful woman he's ever seen. One breath and he knows she's his mate. One kiss and his heart belongs to her... forever. Instinct kicks in and he carries her off to his lair. Alone, away from everyone, she'll have no option but to fall for him.

Just one problem, she's the sister of his greatest enemy... and he wants her back.

## Denise says

This is short and wonderfully entertaining book. Roc a wyvern who is now undisputably King of his clan has gone down their mountain to talk to the shifter king Alyx about moving the humans on so his clan would not rebel and go after them for stealing what the wyvens deemed their territory. Wyvens are a type of dragon but a very ancient breed similar to dragons but have stronger hides and no front legs. Razy sister to the dragon king Vikter is on earth to see Gerri Wilder who is a matchmaker and see if she can find her a mate. Razy is dying as her dragon has declared she must find a mate or her dragon will sleep and never wake up again. Razy's dragon is so deeply asleep she may not be able to wake her up at all. Roc has had to talk to Gerri for some reason or other and he ends up meeting his mate. He does what wyvens do when they find their mate and kidnaps her back to his eyrie. But dragons and wyvens don't mix so he is in for the shock of his life , especially when he finds out his captive mate the dragon kings sister. Thank you to Mina Carter for the lovely review copy. I really hope this becomes a new series would love to see what happens to Razy's brother Vikter.

## Rebecca Grove says

Razy is in trouble. Her dragon is asleep inside her and if she can't wake her up, she will die. As a last ditch effort, she goes to Gerri Wilder's office hoping that if she finds her mate, her dragon will wake up. When she arrives at Gerri's office, she sees a hot man coming out. The man steals a kiss and immediately claims her as his mate. Razy is shocked and horrified. Roc says he is her mate but her dragon isn't stirring. Plus Roc is a wyvern and enemy to the dragon. Surely he can't be her mate.

Roc is the unofficial king of the wyverns since he is the biggest and the strongest. His fellow wyverns are driving him nuts and seem itching to start a war. He goes to Gerri Wilder's office to find a mate. Coming out of the office he sees Razy and thinks she is spying on him. as a punishment he kisses her and knows instantly she is his mate. He can tell she is a shifter but it is buried so deep, he tell what kind. How will her react when he finds out his mate is a dragon and sister to the dragon king.

This is a good quick story. I really enjoyed Roc. I voluntarily received a copy of this story and this is my honest review.

Voluntarily read and reviewed an ARC of this book.

I really loved this book! I devoured it. Roc was your rough around the edges Wyvern who's like a dragon but not...they are a bit different and not always the smartest. He's big and mean and King...not officially but they kinda elected him as such. Not everyone in his clan likes that fact and there are fights. To save the villagers from certain death he tries to go speak with Alyx but instead gets Gerri the Matchmaker. He wants no part of it until he sees an eavesdropper...or smells her anyways.

Razy's dragon is dying. She desperately needs to find her mate and she's running out of time. She's procrastinated too long. Her dragon's been asleep for awhile and she doesn't feel her much anymore. Not only

that Razzy's got a bit of a flying problem.

Can Roc convince the curvy dragoness they are real mates or will her dragon sleep forever killing Razzy?

I loved both characters. I really loved how Roc kissed her senseless and carried her off to his cave. It was very swoon worthy even if Razzy was pissed to hell. They had so much chemistry it was cute and funny. Enjoyed the book! Get it and you wont be sorry!

Serial: Standalone, No Cliffhanger

Genre: #DragonShifter #Wyvern

My Rating: #4Stars????

.....

I just love Mina writing, characters of plots everything come together in this book.

Razzy is a Dragon Shifter that is a hero. A hero that lost her ability to fly. If she doesn't wake up her Dragon she's going to die so she goes to Geri Wilder the matchmaker who is 100% accurate Razzy was told. Things start to happen fast and Razzy is kidnapped. But how can she say she was kidnapped when she wants to be with him.

Roc is a Wyvern Shifter he has quite a reputation no one and I mean no one in the rain will try to fight him. They claim he's the king and the King needs some mate. He goes to Geri Wilder to see if she can help him find a mate. Roc can't believe how good Geri is she found his mate. Taking her up to his Mountain in his cave he puts her down in bed and she's so small and so excited to be with her but he doesn't know not yet, you see she's a dragon and Dragon don't get along with Wyverns. Another problem he's facing she's not just any dragon she's related to the Dragon King.

A copy of this book was provided to me with no requirements for a review. I voluntarily read this book and my comments here are my honest opinion.

Razzy was injured saving the life of a small dragon and since then she has shut away her dragon. Now she has been neglected so long she is dying! Desperate to try and find her mate, she turns to Gerri Wilder's PDA for help in tracking down her mate, in the hope of saving her dragon.

When she literally bumps into Roc outside Gerri's office, he steals a kiss and essentially steals her, declaring that she is his mate! But he doesn't realise she is a Dragon and being a Wyvern, this could go all Romeo and Juliet very fast!

Roc is a simply guy and doesn't want the politics that go along with being a leader but that doesn't mean he won't beat anyone over the head who tries to take what he declares as his, and that includes his lovely new

mate. He can't identify what species of shifter she is but when it comes out, he will spare nothing to make her his. He defies his Wyvern brethren and fends off a coup to take his power but when his mates brother appears, can he keep her too?

Fast, furious and funny. Roc was quite caveman like but I really enjoyed the grunts and eyerolls that are I can just seem him doing, even when not described in the story!

ARC was given by the author in exchange for an honest review.

I enjoyed reading this book. Since Vikter's sister is the main heroine, and a wyvern is her mate.

The way the story started was good. Roc was able to establish hie status as the king of the wyverns, although they do not have such status. Since he was a very different control of his other side, it set him apart from the rest.

Razzy, on the other hand, is slowly dying. Just like her older brother, a dragon is unable to find their mate in a given time frame, both will die. Her back story was really touching. It was such a noble act, and it cause her to lose the ability to fly.

The way they met was really something! I thought they would explode, eventually the passion between them did, but not after some very serious stuff.

This is story reminds me that, we should always cherish our time with the people we love. No matter what past they have, it is the present and the future that each of us should look forward to.

#### **Great book!**

Razzy is a dragon shifter who had an accident from saving a child that she was not able to fly. Then her dragon went to sleep and she may die if she doesn't find her fated mate. Razzy went to Geri Wilderto find her mate and she ends up spying on him whil he is talking to Geri. Roc is a wyvern shifter and leader who he meets Geri yverafter talking with King Alyx about a village near their terrority about them moving away from it. He sense someone spying on them and he knew once he saw her and kissed her that she was his mate.

Roc takes her to his home in the high mountain and he still don't her name or what kind of shifter she is. Razzy can't tell if Roc is her mate or not since her dragon is a sleep and quiet. She finds out that Roc is a great guy and leader. Razzy realize wyvern are not how other people describe them and she see how thoughtful Roc can be toward her. I like both Razzy and Roc's personality and how much patience Roc had on waiting on Razzy to trust him. I thought it was interesting how dragons and other shifters thought about wyvern shifters being barbaric and hot tempers. Wyvern shifters needs to socialize more in the world to show there is more to them. I highly recommend this book to someone who love to read paranormal romance

books.

I love the stories with Gerri Wilder's Paranormal Dating Agency!

Wyverns. No king, no leader, no rules. But, Roc is the biggest and baddest of them all. Bit by bit, as Roc stops the others from doing really stupid stuff, he begins to take on a leadership role.

When Gerri Wilder calls him in to talk about a possible match, he runs into Razzy - she's his mate! So, he kidnaps her. Oh, they have loads of issues to work out, things to learn about each other, but big and rough and untamed as he is, Roc is doing some of the sweetest things for Razzy!

I simply adore this story! Roc is awesome. Yes, he does have a 'dumb' moment or two, but he more than makes up for them! As for Razzy, she couldn't be a sweeter, more lovable girl. Yep, she makes some pretty 'dumb' moves of her own...well you'll see! I loved every second of this!

A lovely dragon wyvern story. Really liked Roc, he was gruff and surly but also protective and definitely sexy. Nice epilogue too.

#### **What a great edition to the PDA series.**

I absolutely loved this book. It's a great edition to the PDA series. I was hooked from the first page. This is Razzy and Roc's story and it's such a great story. Razzy is a dragon shifter. She was injured so bad in a storm that she can no longer fly. Roc is a wyvern a breed that is supposedly more beast than man. When he scents Razzy he knows that she belongs to him. What he doesn't no is that she is a dragon and dragons and wyvern don't mix. When he kidnaps Razzy to take her back to his cave he doesn't realize who or what she a is. With out her dragon Razzy can't scent that Roc is her mate. Worst of all if she doesn't find her mate soon she's going to die. I loved these characters there so lovable. I highly recommended this book. If you love dragons and their sassy mouths and hot as heck mates then you'll love this book.

## **Lexee Toste says**

I really enjoyed this story! It was a fun, adorable, quick read. Razzzy's dragon is going to sleep for good because she can no longer fly after rescuing a child and the damage that was caused during the rescue, along with the fact that she does not have a mate. Roc is a wyvern and his kind is primitive. He is a strong alpha and so as he takes a stand, he ends up King and at the matchmakers. He runs into Razzzy there and knows immediately that she is his mate and he takes her. He doesn't know at first that she is a dragon (wyverns and dragons don't exactly get along) and that she is the dragon king sister at that. I loved how the story played out. Both characters grow and learn to except themselves as well as their partner. They have some hurdles to cross and some miscommunication along the way. I liked how the story developed and how sassy Razzzy is. The sex is fairly explicit and doesn't play a major role in the story. There is a lot of other things going on between Razzzy and Roc, that get resolved first. I like that they took the time to get to know each other and build a friendship/relationship first. I really enjoyed this read.

I voluntarily reviewed an ARC of this book.

## **Maura says**

Read this a ways back so I don't remember a whole lot of it... I do know that I didn't read any of the others in the series though. So I have no idea how the Paranormal Dating Agency thing ties in...there was a matchmaker...maybe that was it. The hero, Roc, is a wyvern having trouble controlling his dragons. He's a king, but not a king. Razzzy is a dragon shifter who can't access her dragon and can't fly...but in order to appease her dragon and survive, she needs to find a mate. Roc claims her the moment he sees her and steals her off to his lair where he begins to woo her. She falls for him pretty quick, but it doesn't help wake her dragon and she's still probably going to die.

I remember this was very sexy. I don't usually like the kidnapping angle, but I at least appreciated the fact that Roc didn't push and didn't coerce Razzzy into any sex, even knowing he could in a heart beat. He waited for her to come to him. Although this was a solid story with great chemistry between the characters, I was also a bit disappointed at the denouement part of it. Razzzy chose to leave Roc, hurting him the process. I didn't like that Roc basically got the blame in that, nor did I like that they didn't really discuss her reasons for leaving or focus on the apology part.

Title: Dumb As A Roc

Author: Mina Carter

Designation: Paranormal Dating Agency Kindle Worlds Collection Novella, Standalone, No Cliffhanger

Reading Platform: Kindle Edition

My Rating: Five Delightfully Entertaining Stars\*\*\*\*\*

I've been hooked on Mina Carter's work for years and probably read just about everything she's ever published. I'm also a Milly Taiden fan and completely addicted to her Paranormal Dating Agency Series. Don't get me wrong, I love all her work but the PDA is my absolute favorite! I've read every single book in the series. When I heard whispers across Facebook about the possibility of Taiden opening up her PDA World for a Kindle Worlds Collection, I was beyond excited, but I did have some reservations. Several authors have syndicated their series and invited other writers to pen stories in their world, some successful and, unfortunately, some not. I'm a hardcore Gerri Wilder/PDA fan and was somewhat concerned that another author would not be able to capture the true essence of the series, its world, premise, characters, humor, and all the little details that make it great. But folks, Carter totally nailed it! Dumb As A Roc is a wonderful addition to the Paranormal Dating Agency Kindle Worlds Collection! But let's talk details!

Dumb As A Roc is a well crafted, fast-paced, fun-filled, easy to follow standalone paranormal tale filled with passion, romance, humor, danger, and agonizing angst. But never fear, despite the heart-wrenching drama, this story does end with a very satisfying happy ending. The narrative is beautifully written in the third person with his and her perspectives. The dialogue is smart, snappy, well-executed, and flows effortlessly. As an admitted PDA addict, it's obvious how much I enjoy the premise for the series with Gerri Wilder, matchmaker extraordinaire, testing her matchmaking skills and working her magic in every story. But without an engaging cast of characters, it would all be for naught. Never fear, my lovelies; Carter delivers in spades with planet Aurora residents, selfless dragon shifter Razy and reclusive wyvern shifter Roc, giving us a deliciously cute spin on the age-old enemies to lovers trope. I fell in love with the two protagonists. Razy is beautiful and brave, while Roc is domineering and, shall we say, less than charming, especially when he goes all caveman, and I do mean that quite literally. lol... Razy and Roc are simply perfect together! No spoilers from me but I will say this... A surly, solitary wyvern shifter who never wanted to be king and doesn't want a mate-check! A lovely, courageous dragon shifter who gave everything to save a life and as a result, must now face her own death unless she can find her mate-check! A matchmaker determined to succeed-check! Danger, drama, and angst-check! Heated attraction, fiery passion, steamy sex, and dreamy romance-You bet! That and a whole lot more!

Did I like this story? No, I LOVED it! This one really tugged at my heartstrings! I laughed and cried but by the end, I was happy, satisfied and well entertained! WOULD I recommend it? You bet and I am, but only for adult readers since it does contain several steamy, dreamy love scenes. Will I read this author again? Absolutely! And finally, was I entertained? Completely! Fabulous entertainment and an awesome read!
