His To Claim Sierra Jaid

ONE GIRL only ever brought Wealthy, Confident and Handsome Scot, Trevor McBain, to his knees. And she hates him to his guts.

Or does she?

A night of passion and desire turned every dream Elaine Parker ever had of love and happiness with Trevor McBain into a fest of gory humiliation. Her pride saved her then. But now, her one mistake, one weak moment has threatened to betray her utterly. Bare her soul to him for just a touch of his fire.

And the pleasures of heaven his searing kisses promised are melting her resolve. Forcing her to trust her heart to her destroyer once again!

Mindi says

I felt like this story started in the middle of a book and I wasn't sure what was happening. I couldn't really get a feel for the characters either. Even though I really like the premise of the story, I just couldn't get in to it like I wanted.

Rgreader says

I like the concept, devious alpha hero/virgin heroine/misunderstanding, but the execution was flawed. Often I was confused about the timeline. The plotting structure needs huge improvement. I almost gave up reading due to that but I liked the concept so I continued.

The excerpt from the next book has the same bad execution issues so I will be giving it a pass.

Nikki says

Put DOWN the thesaurus.

100sweet says

This was a wonderful read. The H was so utterly obsessed with the h. He was very possessive and a complete CAVEMAN. I loved Damian and can't wait to read his story. This is an author I will be following from now on.

Sil H says

The writing was different...i think it was the actual structure of the sentences that was weird. I liked the idea of the story...caveman H and strong-ish h....some things i could have done without...ex: the fact that she caught him with his brothers gf....yes, it happened years before, but still....again...the book jumps about...so it felt like it had just happened.

Looking forward to reading about the other brother.

Renee Voss says

Glad I won an arc copy of this book. I enjoyed the characters development and story line. I do feel the end was a little rushed. A very enjoyable read. I look forward to the next one!

Lyndi W. says

I can't understand any of the dialogue.

Terrie says

This could have been a great story but I will never know if it was because the writing was so bad that it put me off getting past 20% of the book. The sentence structures was really weird and the awful way the H's Scottish accent was written really got on my nerves.

Nina says

DNF..From the very beginning I just could not get into it.

Alpha Possessive Heroes says

It was quite confusing... didn't feel connected to the story or even the characters.

The hero is alpha so I guess thats a big plus for me.

3 stars!

Amy says

It was a short read which was ok but the jumping between places and times was a little confusing.
