His Young Queen

Tiff P. Raine

His Young Queen Tiff P. Raine

Re-released edition can be found here.

Her mother's drug addiction forced Tish O'Malley to grow up too early. It forced the two of them to move around constantly, so that no place felt like home. When the clouds finally parted and Tish found shelter and happiness for the first time in her life, her mother's addiction was there to take that away, too.

After three long years, Tish's sun returns to Queen Creek, and her secret love for this man nearly twice her age surges and is revealed when she makes an offer that shocks them both. An average man would have difficulty passing on a young, innocent woman willing to do anything to please him. How will a fierce alpha biker who has spent the last thirty-six months in prison fare?

Pretty damn well, Tish soon discovers. Because he's Josh "The Guardian" Sylvan, the Steel Jackals' viciously loyal Sergeant at Arms. But will Tish's protector have what it takes to stand by his instant and brutal rejection of the woman she's become? Or will he cave despite his best efforts to resist the one female who should never have made it on his radar?

Review to come...

Eve Recinella (Between The Bookends) says

This was just OK. Dude gets out of jail and sees the h for the first time in three years (since she was 17) and they are all over each other like a cheap suit in August in New Orleans?? Add on that you know NOTHING about the dude, how'd he get out jail, cause I have a sneaking suspicion it wasn't for good behavior. He tells her next to nothing, and wants her to call him "master" (which is hot, when earned) from the get go??

I guess there is going to be a book two about Josh, but this little chicky poo will be skipping it!!

Jessica Alcazar says

OK, so here's the thing the best way for me to describe how I feel about this story is to tell you that I think the author may suffer from multiple personality disorder!

In my opinion, one personality wrote the Epilogue and the other wrote the rest of this ridiculously long *sex scene* Because that's all we got after the epilogue, 10 chapters of nothing but foreplay, 1 chapter of actual sex and a chapter of cuddling.

Don't get me wrong ... I'm all about the sex (lol), but I don't need 10ish chapters to get to it!

I don't know *what* happened to the story that was built up in *THE BEST EPILOGUE IN THE HISTORY OF EPILOGUES*, but it's not in this book

UPDATE:I just now realized this author **IS** actually two different people....I knew I wasn't imagining it! PHEW!

Astraycat says

Great MC story without club whores' appearance or orgies. h had to grow up fast because of her terrible mother. When they moved to be near her uncle, she not only felt being protected the first time but also found her soul-mate, who was 18 years older than her.

This story really began with right after H was released from prison, and their encounter was so hot, but he had to struggle with the fact that she was his VP's niece and the age difference.

I liked that both H and h didn't with others during separation. Esp H didn't sleep with others for a while before he was put in the jail.

The only thing I didn't like was the end of story, wished there were more in-depth interaction between H and h rather than just sex.

Although this story had no cliffhanger, this couple will have another story.

Johnnie-Marie Howard says

Everything about this story keeps you on your toes, jaw dropped, and edge of the chair read. I want more and crave more. The story seems like it will be long but it was short of course that leaves you wanting it even more. This was very much different from other MC romance stories, this time around it was more about the love and overcoming the past and finally embracing love. MUST READ!!!

2.75-3 Meh Smut Scale Stars

This was a short and hot read, but I felt like some of the elements - the whole "Master" thing and the h's virgin to dirty-talker extraordinaire in less than 60 second speed - came out of nowhere and didn't work for me.

Still, as long as you aren't looking for depth and realism - which I NEVER am with these reads - this is a decent way to spend an evening when you can't fucking sleep *raises hand* although I will say that I don't think it's worth the price tag.

This book had so much potential, the beginning was all that promised a great friendship of a lonely little girl and her protector that was "her sunshine" a light that gave her life a meaning that would transform into a romantic love between them...

Sadly that anticipation was ruined by the Heroes attitude that just made me not like him...maybe i should give him a chance and continue, but I just could not slide what he said to her and how that "was swept under the rug"

He nodded, antipathy curling his lip. "So, this is what you've turned into while I've been gone. A whore who offers her pussy to a guy just because she sees his cock is hard. Jesus Christ,

Tish. I expected so much better from you”

After that, there was no apology from him..he left and came back shortly after not even caring that he called her a whore? I don't know, but I was led to believe that they had that really great, strong connection to one another and heroine literally worshiped the ground he stood by...He was her life her, light and hope and he felt the same protecting her and being there for her, so when he came back from prison I was expecting some really touchy moments, but not HIM CALLING HER A WHORE? Maybe my expectations were too high, but I just cannot accept that he called her a whore and not even apologized to her? They just went at each other sexually like nothing happened, but for me I needed some kind of groveling, a time where he would show his regret for insulting her like that...I am upset about that because that little girl had nothing to hold on to during her childhood and...having to put up with an addict mother and her drug dealers is not a fun life so the Hero was her sun and she would do anything for him, so I felt "him calling her a whore" and not even apologizing was something that bothered me a lot! Then he was calling her a "bitch" and I just couldn't take it anymore...

Jacqueline J says

I know it was a novella, but still there should be some effort made at a plot and some sort of character development. This was just a couple of frankly not very wonderful sex scenes when this guy gets out of prison and hooks up with this girl who is 18 years younger than him. She was his best friend's niece who he had watched over while she was growing up. They were members of a motorcycle gang but that was pretty irrelevant because there was no plot and no scenes outside of some dirty sex awkward love declarations.

Sammy- Just Let Me Read says

This was a seriously hot older man-younger girl story. Tish is a young girl who had to grow up fast due to a neglectful mother who was too strung-out on drugs to care for her daughter. Instead it was Tish who took care of her mother growing up. Josh, a friend of her uncle, is her one constant, a friend and confidant with whom she shares an unbreakable bond. They are separated for a few years when he is sent to prison, and reconnect once he gets out. Tish is deeply in love with him, and although he tries to fight it, Josh finally stops seeing her as a child and begins looking at her as a woman. When these two came together, the chemistry was blazing hot. Although she is inexperienced, Tish is confident in what she wants, and what she has always wanted has been Josh. The intimate moments they shared were incredible. Josh is a dominating alpha to his core. He was a serious dirty talker, and calls the shots and is incredibly possessive of Tish, both in and out of the bedroom. What I loved most about the story was that despite their age difference, the two of them shared an incredible connection and a great bond. This was a fun, sexy, and entertaining story, and I really look forward to the rest of the books in the series!

CC says

Impulse buy. Really enjoyed it!

H is 38 year old biker ex con, h is 20 year old naive virgin.

Known her since she was 10. Looked out for her. She has loved him forever. Little girl love that tried to grow but he went to prison when she was coming of age.

He has been away in prison for a couple of years so he has not seen her as an adult.

So this is more like a short story. It is super hot, sex driven, all heroine POV (which I normally do not like but it was ok because it was so short and they were together most of the time). Lots of dirty talk and sex. Whew!

Hero is a biker but there are no club scenes in this book. He is uber possessive, alpha, wants to be called Master and feels he owns her. Heroine is really naive Virgin but manages to f@*k like a porn star. For some reason this worked for me. She loved him unconditionally and he did not abuse that. Yes he was a bit of a douche the minute he got out of prison, but he did not do anything unforgivable.

Safety gang safe. Yes I really mean that!

Sybil aka Lala says

Holy Fuck Almighty. Lord have mercy on my little sinner's heart.

Josh is an ex-con biker built like a truck and covered in tattoos. He's been taking care of his VP's drug addict sister's kid since she was ten years old and when, just as she's about to turn seventeen, he gets sent to prison for three years, the only happiness she's ever known is taken with him. When he's released the feeling of protectiveness he had for her soon turn to obsession and lust.

What followed was an exercise in sexual frustration that had me circling the point of insanity. The push and pull and sexual tension that built up as Josh tried to get control of his feelings around Tish was crazy sexy and the way Tish managed to break down every resolve he had with the slightest touch or word was just simply delicious. I devoured this book and I lusted after Josh's filthy mouth like Tish's crack-fiend mother for her next hit.

Underneath all this insane sexual tension, dirty words and dirtier deeds was a surprisingly romantic love story. I loved that this older, dangerous man being turned to absolute mush by an innocent young girl and how devoted they were to each other ensuring that they could never look at another person. His jealousy and need to own her was incredibly sexy too.

I just loved this short erotic novella. It encapsulates every dirty fantasy my rational feminist self would NEVER in a million years admit to liking publically (ok, well... oops). I definitely recommend, no, INSIST that you read this short and filthy little book.

Barbara? says

I really don't have too much to say about this one. There were things I like and some I didn't.

I liked how Josh was OTT and possessive and how he had been celibate even before he was in prison. A few times I wanted to throat punch him though. I liked Tish..for the most part she was more mature for her age and then at times she showed her age. I got to say, the dirty kinky side of me loves an older man with a younger woman. Josh is 38 and Tish is 19. I do think they should have addressed Tish's mom. I would have liked to see them kick her out. There were a few other things I think could have been developed a little more as well.

So, overall, a middle of the road read for me. I will definitely read Her Proud King though and possibly any future stories from side characters.

3 1/5 stars

She Hearts Books says

Tish had such a rough childhood with her addicted mom leaving her to fend for herself and then in one horrific night things change for her. She is taken away and goes to a place she can finally call home. This is where she meets Josh who is her watcher for a long time and then becomes so much more to her. He resists, but only for so long. I so loved them together. My heart broke for the nightmare that Tish lived through as a child, but I loved her new family. She and Josh were just sizzling and I loved their story. I can't wait to read

more of this series.

I give His Young Queen 5 hearts!
