## **From Reader Review Lady in Waiting: Developing Your Love Relationships for online ebook**

### **Faith M:) says**

Great devotional showing us that God is all that we need. He is our happiness and strength. ???

---

### **Sarah says**

SO good. Really allows you to evaluate your own heart and where your security, trust, and love rests. By then end, you will have to have asked yourself what you are chasing after in this life- a romantic relationship or Jesus. My conclusion-Our Savior is the only one who satisfies!

[Mainly for the ages of single women at least 16 and up]

---

### **Becky says**

Read this book with a small group of single girls...made for some good discussion and provided a challenge to focus on making the best of the waiting time.

---

### **Ronnesha says**

Loved this book.. I think I have the older version (first edition) so I am not sure how the new book differs, but I loved this book and can't wait to hold bible studies/small group studies with it. Every woman should read

---

### **Heather Barbour says**

This book helped me when I was really struggling. It is a great book. A must read for every young woman.

---

### **Rachel Bachert says**

This is one of the most amazing books I have ever read, and believe me I have read A LOT. I get new things out of it each time I read it. I now use it as part of my devotional each day. I am amazed by how it lays things out and speaks to me each time I pick it up. It teaches you how to become the right women instead of focusing on looking for the right man.

---

**Luisana says**

Un lindo libro, toda chica debería leerlo :) Confía callado en el Señor y espérale con paciencia... Salmo 37:7

---

**Faith Onyemalu says**

After reading this book it gave me an insight to what it means to be a single lady it made love began loving my self n enjoying my love relationship with my father

---

**Debby says**

?????????????????????????????????????10????????????????????????????? ? ??????????????????  
????????????????????????????? ?

---

**Kayse says**

Great book, letting you know that its okay to be single and to come with terms that you may always be that way. God is your husband and if you are blessed to have an earthly husband, wait for God to bring him to you. Do not go searching for him. You may be ready, but the husband that God has for you may not. So be wait and enjoy single life, its a blessing.
