The Cat in the Hat the Movie!: Cooking with the Cat Bonnie Worth

Look! Look! The Cat wants to cook!

Told with simple rhymes and rhythms, this jaunty illustrated tale gives very young readers a taste of the Cat in the Hat's flamboyant cooking skills as he slaps on a Chef's hat and whips up purple cupcakes using some truly odd ingredients! A *cat-terrific* spin-off based on *Dr. Seuss' The Cat in the Hat* movie.

Marmee Zen says

My aged 2.5 child LOVES this book and "reads" it over and over. We got it before he even had a clue who the "Cat in the Hat" was but he was mesmerized by the cooking and crazy antics. Now that he sees this character elsewhere he appreciates that side of the book, as well. The book features simply rhyming words with related pictures. The Cat in the Hat arrives to help our young friends bake a treat: some cupcakes of questionable origins! As you might expect they make quite a mess but the Cat has plenty of ways to direct you back to the point that cooking with kids is fun and yummy business.

In this step into reading level 1 book there are lot of rhyming words. The words in this book are in the kindergarten sight word list and the sentences are short and easy to read. would be a good book for kindergartners and lower first graders.

Jessica Herd says

This is a great book for younger children. It can be read with enthusiasm and the children could really get into them. After I read it to a kindergartener I asked her if she had cooked anything before and it got a whole conversation started.

One of the best first reader books I've found so far. Beautiful illustrations just like Dr Seuss books and movie. My granddaughters loved being able to read something so familiar to them. The feeling of success with reading something that they had been seeing and hearing all their lives was very gratifying to this Grandma! They had fun creating more rhyming words also---which they learned to spell quickly too!

Another school library pick for Christopher, this book was definitely too easy for him. The words are very basic - a true level 1 book, which I appreciated. But that resulted in some rather odd text. Some of it was about cooking, but a lot of it was pretty bizarre. I guess it was fitting of The Cat in the Hat, but certainly not a Dr. Seuss classic.

Summary: Two children are cooking with the Cat in the Hat. This story follows them as they get into mayhem with the beloved Cat as they are making a delicious dish.

Evaluation: The text is filled with sight words and rhymes perfect for kindergarten and first grade students.

Teaching Ideas: Since the text is filled with sight words I would recommend that it be a book read independently by my students. Reading this text will get students familiar with the writing styles similar to Dr. Seuss, and his beloved characters, which will make them familiar if/when the class reads a Dr. Seuss book aloud.

Beautiful illustrations.Takes steps of cooking,

The book features simply rhyming words with related pictures

This is a great book for children who are learning to read and has big type and easy words.

L. E. Prepare an easy recipe, giving the opportunity to the children follow step by step instructions cleaning and organizing and finally eat.

Genre: Rhymes, cook

My Review: I guess I may have been expecting a little too much from this book. I understand that it is a beginning reader book, but I was hoping maybe for a little more Seuss like rhyming and language. I was also hoping that it might have an actually recipe that would be fun for kids to cook and incorporate with their reading. I will have to see what Munchkin thinks of it as he reaches a little more of an appropriate age for this one, but right now there just wasn't anything to capture or hold his interest.

This was a Random House Step Into Reading Level 1 (Preschool - K) book, "big type and easy words". It lives up to that claim. Kids love Cat in the Hat, the illustrations and the rhyme. This is an excellent book for beginning readers---and it even has a story line.

Leslie says

This is one of the better easy and early readers we've found. It is very easy, properly levelled at a 1, though enjoyable even for level 2 readers. The book itself is a very good quality, bright white paper and wonderful colorful illustrations with the details my little Aspie loves. He liked it very much and we've actually reread this one, which says a lot for my son who doesn't willingly suffer rereads unless he truly likes the book.

Arwen says

This is not an Official Dr. Seuss book. That being said we have read it about 1,000 times. (Me 500 before she could read on her own her about that much more by herself.) It's a great book with easy to read words and the silly rhymes that you'd expect for the Cat in the Hat.

Alaina says

The cat wanted to cook and so the kids and the cat got everything and made the treats. There was a mess that was cleaned up by thing 1 and thing 2. They ate the tasty treats.

I liked this book because it shows you about baking and cleaning up after yourself. I would recommend this book because it is funny and makes me hungry. It is a short story and may be too young for a 6 or 7 year old.

Bree Bosse says

This is a great book for children who are learning to read. It's about cooking in the kitchen and it has lots and lots of rhyming words. There are many picture clues and has big type and easy words... great for Pre-k- 1st grade.

Pauline says

1st book my daughter to fully read by herself without any help from me...It is a very nice book...
