Broken Promise, Broken Trust Carrie L. Macon

When a man finds a good thing, he takes notice. Jace Kingston and Nyshelle 'Shelly' Chambers have only been together a few short months, but that's all he needs to know she is the one he's been waiting a lifetime for. Everything is prepared for them to have an evening that he hopes will be the start of their life together. Everything goes above and beyond his imaginations...until his ex, Dara Sharpner, barges in on their romantic evening and ruin everything with surprising news. In a short amount of time, Dara turns Jace and Shelley's world upside-down, and Jace makes decisions based on what he feels he should do as a man, not based on what his heart tells him, hurting the woman he loves. Will Jace be able to right his wrongs or has he caused pain too deep to be repaired?
