Dark Secrets of the Old Oak Tree Dolores J. Wilson

Following the end of her 15-year marriage to a high-powered attorney, Evie Carson returns to her small hometown in Georgia only to stumble upon a horrible secret. She is stunned into silence as she watches a mentally-challenged member of the community carry the nude, lifeless body of her childhood friend. The authorities are sure that once the man is arrested, the town's nightmare will be over. But when he turns up dead and Evie's home becomes the center of bizarre events, she and an investigating state trooper fear she may be the next victim. With his help, Evie wages a battle to save her life against the secrets of the oak tree. Soon, she begins to wonder if she is safe from anyone in her hometown, including the state trooper.

From Reader Review **Dark Secrets of the Old Oak Tree** for online ebook

Kathleen says

I loved this book. A little more emotional for a mystery than I am use to. I cried through the first three chapters and felt connected to the characters. Very well written. I typically do not like books where the murderer is blatantly obvious, but this one was done in such away that you understood why no one connected the dots. Even though I was sure I knew who was guilty, I found myself questioning it several times until the end. I will be looking for more books in this series.

Sandy says

An ok book, the clues given away early in the book, easy to figure out the plot and the murderer.

Evelyn says

After divorcing her high-powered attorney husband, Evie Carson moves back to her small-town Georgia home to start a fashion boutique. As she walks the family farm reminiscing about her childhood, she climbs into the tree house her dad built for her. To Evie's surprise, she sees Jake, a mentally-challenged childhood friend carrying a naked body and a shovel. She looks down in silent horror as he buries the body, which turns out to be her best friend Denise, whom she hasn't seen in years.

Evie reports the crime, and when Jake is found dead the next day, everyone is stunned and afraid there's a serial killer on the loose. Now Evie is being stalked by someone who can apparently enter her house at will. Does the killer think she knows too much? And, can she really trust Lyle, the handsome state trooper assigned to protect her?

Great plot that keeps you guessing. More about relationships than graphic violence. Highly recommend.

Robyn says

I love books like this. This one left me on the edge of my seat. If you like to be terrorized as you read, grab this up. It's goood.

Warren says

This was an OK book - nothing great.

Leneah Willis says

I loved this rollercoaster of a book. It actually had me scared at some points! Evie was an awesome character, and feel in love with Lyle.

Kristiina says

I loved the plot - the action starts on the first page. The characters didn't jump out at me, and I was able to figure out who the killer was before it was revealed - the motive I had to discover. All in all - a good book - a quick, entertaining murder mystery.

Anne says

This was different: the story line was very basic and simple. It was an okay mystery.

Hazel says

Started off well but totally fizzled out for me by the end. Wasn't as exciting as I had hoped and the ending was just a little silly to me.

Ellen says

A tangled web of who-done-it. Suspicion hovering over various suspects. Just how I like it!

Karen says

I liked the suspense and the relationships. It was refreshingly clean for this genre.

Heather says

Ebook \$8 or Plano Library

Leslie says

A decent, not great, thriller.

Cheryl Karkoff says

Good easy reading book. A recently divorced woman goes home to her parents house where she witnesses a man burying her childhood friend under the oak tree, where she is hidden in her old treehouse. She sets out to find the killer.

Kelli says

Well, this wasn't nearly the dark, mysterious book I had been expecting. It was just a light, womanly murder mystery that was somewhat predictable and slightly annoying. The main character was just silly. "oh, my childhood friend was murdered! Oh no! (some other people) were killed too! But you know what? My life is hard because I just went through a divorce and my parents died a couple of years ago. And wait! That officer is hot!" I mean, come on.
