Eileen Robinson says

WOW!! WOW! Not sure what to say, i'm an emotional wreck, but i loved every single moment of it!! Spirit and Bulk are both in a really bad place and full of emotional turmoil. Their journey through this book is compelling, gut wrenching and you will need a box of tissues! Their connection and passion for each other is riveting yet their inner turmoils are tearing each other apart. You will not be able to set this book down once you start reading it, it will tear you apart and stitch you back together again so many times your head will be spinning, you get so involved with the characters you will feel all their heartache and emotion. NOT TO BE MISSED YOU WILL LOVE EVERY MINUTE OF IT!!

I can't wait for the next book in this series

Vanessa says

Her Room 103 series has shattered me every time, and this time was no different. Although, I have to say Bulk was starting to piss me off a bit with his sexual domination to get Spirit to tell him what he wanted to know; I found it was a bit bullish. That's just my own hang ups though and no deterrent towards the book because it was amazing.

Carol says

UGH!!! Dawn did it to me again, and made me cry like a baby. This book is an emotional up and down roller coaster, with so many that a seat belt should be required.

I absolutely adore Bulk. Bulk and Spirit are both broken, and seem to make each other crazy and whole in their own way. It's not a hearts and flowers kind of story. It is raw, rough, and gritty, making me want more and more.

The epilogue in Denying Heaven put me over the top....unbelievable!!

Well done Dawn!! I cannot wait for Romeo's story!!! I love the Room 103 series!!!

Diane Yoskowitz says

A Perfect emotional roller coaster. A must read. Have your tissues ready and be prepared to fall in love with another member of Room 103.

Stephanie says

Nice little trip into the world of Bulk. Looking forward to the rest of this book and the other ones.

Jennifer says

Damn Dawn made me a mess of emotions with this book. Bulk broke my heart over and over with his stubbornness and Spirit as well with her self hate. I really enjoyed the hell out of this book. This book really had a lot of ups and downs; more downs but it was so damn worth the read. This book touched some dark things but it was still good. I loved how Dawn brought in the whole band again and didn't leave out E or Jen; Boss was funny as hell like always and Jax with "The Fuck" coming out of his mouth was fab. I can't wait for Romeo's book next. Thanks Dawn for making me mad, laugh and cry...whole ball of emotions. :)

Vickie says

Like all of D.H Sidebottom's books i loved this. A very short prologue that adds a little bit of history about Bulk to what you already know from the other books. Can't wait to read Bulks full story in October. Love this series.

Amanda says

It looks like Bulk's story is going to pull on some heart strings....here we go.....

Jackie Helliwell says

if you want a book that gets you excited, annoyed, frustrated, emotional and happy this as it all. the third book in the room 103 series and I loved it, even though by the end I struggled to read it through my tears. Dawn Sidebottom is a brilliant writer that gives you every emotion you can want in one book.

Khanique McDaniel says

Well, as always, another splendid prologue! The prologues for 'Room 103' are normally really good and the best part of this series if you ask me, so I am not surprised we got another good one and I can't wait to start Bulk's story. He seems way different, so maybe his will be better than the rest :D

Lisa says

OMG...ugly snot fest...I always go for the broken ones!!!

Tracey Williams says

Oh my days the tears are streaming again, this is going to be emotional!!

Peta Benjamin says

Loved it, can't wait for the book.

Gillian Pruden says

Wow what can I say was giving this specially by dawn as an arc and book reviewer I highly recommend you read this book it is intense raw and brutal in some aspects it takes you on a personal roller coaster from start to finish at the end you will be emotionally drained that's all I am giving away as it is yet to be released dawn is an amazing writer and I don't how she get through these stories she must of a will of steel I am amazed by her stories.
