## **G.A. Aiken Dragon Bundle: The Dragon Who Loved Me, What a Dragon Should Know, Last Dragon Standing & How to Drive a Dragon Crazy G.A. Aiken**

Only for those I love would I traipse into the merciless Northlands to risk life, limb, and my exquisite beauty. But do they appreciate it? Do they say, "Gwenvael the Handsome, you are the best among us--the most loved of all dragons?" No! For centuries my family has refused to acknowledge my magnificence as well as my innate humility. Yet for them, and because I am so chivalrous, I will brave the worst this land has to offer. So here I stand, waiting to broker an alliance with the one the Northlanders call The Beast. A being so fearful, the greatest warriors will only whisper its name. Yet I, Gwenvael, will courageously face down this terrifying. . .woman? It turns out the Beast, a.k.a. Dagmar Reinholdt, is a woman--one with steel-gray eyes and a shocking disregard for my good looks. Beneath her plain robes and prim spectacles lies a sensual creature waiting to be unleashed. Who better than a dragon to thaw out that icy demeanor?

And who better than a beast to finally tame a mighty dragon's heart?

I know what they see when they look at me. The charming, soft-spoken dragoness bred from the most powerful of royal bloodlines. A disguise stronger than any battle shield that allows me to keep all suitors at tail's length. A technique that's worked until him. Until Ragnar the Cunning, handsome barbarian warlord and warrior mage from the desolate Northlands. Unlike those who've come before him, he does not simply submit to my astounding charm and devastating smile. Instead, he dismisses me as vapid, useless and, to my great annoyance, rather stupid!

Yet I'll allow no male to dismiss me. Soon he'll learn my worth, my many skills, and the strength of my will. For this one challenges me enough to make me want to ruthlessly taunt him, tease him and, finally, when the trap is set, bring him to his knees.

I was raised for battle. And as the first daughter of a warrior family, I've earned my reputation the hard way. Yet now I fight alongside uncivilized male Northland dragons who think a female is only good for breeding and waiting back home in the cave. But it's the foolish and foolhardy who would try to stop me, Rhona the Fearless, from doing what I do best--destroying the enemies of my kind.

So the smartest thing wily barbarian Vigholf the Abhorrent can do for me is stay out of my way as we risk all on a deadly mission in enemy territory. I don't care if he's fascinated by me, even though he is as attractive as he is resourceful. He's having far too much fun putting me in difficult situations and testing my sense of duty to the limit. And I'm going to enjoy challenging his insufferable confidence, outwitting his schemes, and making him surrender in the wildest ways. . .

Some things never go away, like vile enemies, bad ale, and annoying kin. But I thought I was finished with

the one dragon I'd have done anything for: ibhear the Blue, a big, gorgeous, blue-haired beast who thinks the world belongs to him. The world and, apparently, me.

So if ibhear wants to play the caring hero and travel into the most forsaken of Gods forsaken lands to protect the one woman who doesn't need it--namely me--I'll let him. Because while I'm trying to fulfill a ridiculous quest for a pushy god, I'm going to draw this overconfident warlord much too close, rekindle his fires, and enjoy every minute of his delicious defeat...

I liked how all the books were bundled up except for the fact that they were not in order. I didn't like that. otherwise I loved all the stories in this bundle

Great series so far, lovable and realistic characters you can relate to, even with all the fiction going on ;)

**I wish that these books were written in order so that I could just continue to read from the first page to the last, but I had to go back and forth to the author's page to read the right one! But, no matter, I absolutely loved reading every single one of them!**

All four of these delightful stories will keep you glued to the pages until you reach the end and then you'll have to get to the next one to see where you end up!!!

The dragon series by G.A. Aiken is a romance series set in a medieval like world. Dragon females are no-nonsense and delightfully take charge. It takes a strong male to woo and win one of these damsels. There's plenty of intrigue as well, as the dragon and human queens must face challenges to their thrones. The hero and heroine of each book play their own parts in securing the safety and prosperity of their realms, meanwhile falling in love and pairing off. Blunt characters, strong (even bloody) females, exasperated males, high fantasy, low humor, and hot hot hot sex scenes all wrapped up in enjoyable humor.

#### **Exquisite anthology of the dragons and humans of Annwyl's reign!**

My only dislike was not knowing the order of the books otherwise the 4 Nobel anthology was a raucous ride from start to finish. The characters are unforgettable making you laugh and cry. Following the lives of each couple as they find themselves. One of the best in shifter romance! Love her writing and the worlds that she creates. Some typos and inconsistencies but these are resolved and made clear.

Ok now... whose bright idea was to put these books in this bundle out of order? Seriously, why would anyone put a series together that goes book 5, 3, 4, 6? Just... *WHY?*

2/15/18 What a Dragon Should Know \* \* \*

2/22/18 Last Dragon Standing \* \* \* \*

3/8/18 The Dragon Who Loved Me \* \* \* \* (good story, shit title)

4/4/18 How to Drive a Dragon Crazy \* \* \* \* (again, shit title)

#### **Loved all of them!!!**

The Dragons go through so much with their mates. War and family they stuck together through it all and when the gods become involved. Well it just doesn't go as planned. But they came through stronger. You will laugh out loud throughout the books. I found them hard to put down. I just wanted to keep on reading!

I have not give this bundle a 5\* overall rating because all the stories were good; but I had MAJOR ISSUES with Izzy & Bluebell throughout almost the end of their book.

I have no problem with a promiscuous or a slutty character prior to committing to their ONE...but I can't stand when an author keeps showing me the characters like each other and yet they cheat on those emotions by sleeping with their future partner's best friend or family member! It would be better if the character had an orgy or slept with tons more people! Age doesn't excuse that you're inadvertently rubbing it in! \*UGH\*

The saving glory for their book was that there was more about side/previous characters and as usual from my favorite author, a great plot aside from the romance!

I'm glad this happens rarely but there have been a few books that were ruined for me because of this or cheating. I wish authors understood than other than sexual mechanics I'm reading fiction for fiction sake!

#### **Brilliant!!!**

The actual book order is wrong ....5, 3, 4, 6.....But don't let that distract you from a great set of books You will absolutely love these books...laugh out loud characters and enough plots and twists to keep you glued to your kindle for days. A real must have addition to your e-library.

I'm lollipops happy I found this series so so happy... If you like Mimi j pamiloff ..(sp) lizzy Ford or r mathewson you will love these books. it's should totally be made into a film or series. the dynamics of the characters is brilliant even though it's sort of slap stick comedy I CCANNOT RECCOMEND ENOUGH GO GO BUY NOW NOW . only 1 down side it's not played out in order I had to keep flicking back to a review to see which one to read next. also it says you don't need to read the first two but u really do. have fun xxx

### **Cora says**

Unless I'm crazy (which is possible), there are a couple of continuity issues, but overall, I loved all four books.

Sidenote: Why do we never hear about the female dragons marking their mates? Morfyd, Rhona, even Keita could, but apparently none of them have.

### **Keisha Oglesby says**
