Her 13th Husband B.M. Hardin

Ivy Raye had more than enough problems, but finding a husband wasn't one of them.

With 12 dead husbands in her past, she promised to make her 13th marriage last.

Unfortunately, before she could get used to her new last name, fate started in on her, but this time; it played a different game.

In Ivy's world, things had always been the same:

First comes Love. Then comes Pain.

Yet, through lies, lust, murder and the unseen.

She finds herself with a familiar problem:

Who wants to kill Husband Thirteen?

Wow

This book, OMG!!! B. M. Hardin knows she got a creative mind. I mean all the secrets and surprises. I was just shocked. I was hope JuJu would still pop up. I was glad for that ending, that girl went through a lot.

"Her 13th Husband" by B.M. Hardin

My Thoughts....

If you are looking for a good mystery, thriller and suspenseful read you have come to the right place because this authors novel "Her 13th Husband" was quite a read full of secrets that were simply off the chart being very well done! I thought that Ivy's 13th husband was something but their was one more that was simply crazy. With all of the twist and turns you will be kept turning the pages to see what was happening next. That Mama Kay was simply one not to be messed with as she showed how well she was definitely was a protector and 'sister's keeper.' This is definitely one of those reads that will keep your attention all the way to the very end. Thank you, thank you to the author for not giving us a cliffhanger!!! You did a wonderful job in presenting and giving your readers a well written story that worked its all the way through by answering all the questions that needed to be answered in the fantastic read.

I love ❤️ everything about this book ? and whats funny is my sister saw the title of the book and called me she was like "Pepper the book ur reading sound stupid", I was like "oh yeah why u say that" she was like "it just does" so I laughed ?? I asked her what she think the book may be about she was like "she must can't keep her husband" I scream laughing ? saying I'm sure u and a lot more ppl think that and I told her "y'all are all wrong"..... Anyway BM Hardin this book had so many dang on twist and turns so full of suspicious ? I was like who the hell is taunting her they were getting on my nerves Imbo...I don't wanna say much w/out spoilers but put it this way u got grab ur copy of Her 13th Husband!!! ??

A rollercoaster ride from beginning to end!

B.M Hardin definitely delivered with this story so far off the beaten path, you couldn't turn away if you wanted to.

When I first started reading, I was a little put off by the plot because.... what are the chances of this really happening nowadays. However, with every swipe of the page I was pulled further and further down the rabbit hole trying to solve this stone cold who done it and WHY are they doing it! The mystery in this story had me literally SCREAMING at the characters thinking I had it all figured out just to be knocked over the head with another twist and another turn to the story leaving me more mixed up than before.

It was a great read filled with laughter, sex, murder, and revenge. An excellent way to kick off my 2018 reading!

My name is K Sherrie,
And I recommend this read

Review of Her 13th Husband

When I read BM Hardin's books, I know I'm in for a treat. She writes books like no other author, and this read proves it. The twists and tournaments had me dizzy. She also threw in a little mystery to keep me guessing.

Her 13th Husband

The twists and turns left me speechless at times. I honestly thought Ivy was faking like she didn't play a role but after everything I learned I was a bit shocked. Mama Kay was definitely her sister's keeper because she went above and beyond to provide protection when needed. I thought Cage was a bit creepy but I'm glad he finally put Ivy in the know about what was occurring around her and why. Simeon should've stayed clear and allowed the professionals to handle things. I wish things were different for Juju and Ivy got the opportunity to whip Sheree's ass just once. The culprit behind everything was a for sure shock. See what not asking the right questions and being completely sure will do! Who would've ever thought being a widow so many times would cause so much trouble. Overall I loved this book and didn't want to put it down and glad some happiness eventually came about from all the chaos.

I was awake til 1:30am reading this suspenseful story for I knew sleep could not come until I was finished. Of course it was well worth it for this was an exceptional read. The shocking revelations came at several instances as Ivy's life & marriages were explained. Great characters, storyline and content.

Interesting

Ivy Raye and Mama Kay had a lot of secrets. Deadly secret's at that. The mind games, trickery, and lies has carried these women through life but neither one of them was prepared for the tables being turned. Ivy was paranoid and didn't have a clue why after she married Nino. Thing's took a turn for the worst. She soon realized that her past was coming back to hunt her. Mama Kay was ruthless. Her love for Ivy caused her to go above and beyond to make sure she didn't get hurt. However someone had found what Mama Kay was hiding to where she eventually had to tell Ivy a shocking truth.

The Black Widow

This book is so good. I love a good romance, drama, mystery and suspense storyline and this one did not disappoint. My attention was held from the beginning to the very end of the book. As I read and tried to figure out who was behind trying to expose and kill Ivy, who was on her 13th husband and the other 12 had died while married to her, then someone else would look like they had a reason to want her dead. When the truth came out it was a real shock and surprise. While reading my emotions were all over the place.

I recommend this book to read and if I could I would give this book 10?.

Awesome Read As always!!!

Fast-paced...but the typos!!

The premise of the book was interesting so after reading the sample, I purchased it. Though the read was fast-paced and page turning, I was turned off and very disappointed by the excessive, unnecessary punctuation, the extra words that didn't belong and other typos.

Ending seemed kind of rushed and generic. All that being said, I'm curious to see if the other books are written this way. I want to give the author the benefit of doubt that maybe the others will have better editing than this one.

This was the first book I have read from B.M. Hardin. I must say that this book was a page turner. I had to break from reading it, but when I did, I could not wait to dive back into the book. I have not felt this way about a book/author in a long time.

Barbara says

Oh my gosh, after not reading a book in months and picking up this book first. This book has so many twists and turns at times it left me speechless. Book is full of suspicious and unpredictable. Just when I thought I knew who it was , it wasn't. This was a great read.

Autumn Crum says

Good book

I always enjoy reading books by this author. She has catchy titles for her books and they are fast paced. I thought the book had a good concept. A little cheesy towards the end but all in all a good read. I had to take off a star because of editing. This author has been in the industry too long to keep hiring crappy editors
