Insistent

Kaylee Ryan

Insistent Kaylee Ryan

She came into my life without warning. It wasn't love at first sight, but the more time I spent with her, I knew she was the one. Our relationship was complicated, and I knew I had my work cut out for me. I have to prove to her that she's all I see. That no matter how the past reads, we can re-write the future.

He's the sexiest one of the group, in my personal opinion. We're friends, and colleagues, well technically he's my boss. He's also the man that consumes my thoughts, and my desires. I have too much at stake to allow myself to jump into bed with him, but I really really want to.

One taste and I know I'll never be the same. Cassidy can prolong this all she wants, but I know how it ends. When she's mine.

He's relentless, and I let him drag me under his spell. It can't happen again, but Gavin, he's Insistent that this is just the beginning.

Alecia ~?~The Staircase Reader~?~ says

Insistent is the fourth book in the Soul Serenade series by Kaylee Ryan.

In this series we witness four badass rockstars finding and falling head over heals in love. So far, Kacen, Cole, and Tristian have all found love. Now it's Gavin's turn to fall into the inevitable! And let me tell you, Gavin and Cassidy's love is one hell of a story.

Insistent is Gavin and Cassidy's story. This is a true, punch you in the heart with all it's lovable ness, type novel. I have to warn you, there is a tad bit of angst surrounding around Cassidy and her mother who has Alzheimer's. These moments legit brought me to my knees. I even shed a few tears towards the end.

Cassidy shows true strength through this novel. It's never easy to see a family member suffer through Alzheimer's. There were so many moments where Cassidy could have turned around and left the assisted living home where her mother lives and never go back. But she is a freaking trooper and put her feelings and emotions on the back burner to make sure her mother is cared for the same way her mother cared for her when she was a girl. It's a bittersweet moment. One that really touched my heart.

The one thing that really made me swoon when it comes to Gavin was the fact that he stood by Cassidy's side through all the tears and all the emotional turmoil. Instead of using his words and asking if she was okay, he used his actions and held her tight. He was legit there for her, which in the end brought more tears to my eyes....I'm not going to lie, I was a basket case towards the end of this novel...

Enough of the angst because it's honestly very minimal, but the moments that are angsty are so impactful. Now lets focus on how sweet Gavin and Cassidy are. These two legit had me smiling so hard my face muscles hurt. I can't get over how cute their relationship is. For a rockstar romance this novel has an emotional dynamic that I've never seen in this trope. What you expect going into a romance with a rockstar is the typical manwhore who refuses to settle down. But Gavin was a complete surprise. This man is dedicated to one woman and has been ever since he's seen her. He wants Cassidy as his girlfriend, his wife, the mother of his children, and he'll do whatever it takes to make her see life with him could be great. So fucking cute!!!

Alright, I feel like I'm rambling so I'm going to end this review by saying overall I loved the hell out of Insistent by Kaylee Ryan. It honestly took me a chapter or two to understand the relationship between Cassidy and Gavin, but when everything sunk in I had a hell of a time putting this one down. As a reader who has only read Definite (Book 3) and Insistent (Book 4) I can honestly say, this book can totally be read as a standalone. But be warned, once you finish Insistent you are going to have the strong urge to marathon this series! That is my current situation. I'm dying to read the first two books in the series due to all the glimpses from the couples I received in this book. I'm very intrigued!

Another Kaylee Ryan cute story. Gavin and Cassidy's story was pretty much an easy one. No real drama, kind of a different version of insta love. Mostly Gavin being an alpha male, and Cassidy trying to run from it.

Sofia Lazaridou says

Insistent is the perfect word to describe Gavin. He is so focused on getting the girl and very alpha, but not in a way that would make me call him a stalker. He has been in love with her for quite some time now and what made me respect him as a character was his admission that he hadn't slept with another woman since the moment he met Cassidy. For once, we didn't have to read the overused plotline where the hero is a walking STD. Just like it happened in the third book (and the only other book I have read in the series), I couldn't help but get frustrated with the heroine and her constant pushing away of the hero. It seems like it's a theme in the series. The hero is chasing after the heroine and she is pushing him away because reasons. I understood Cassidy's fears, but Gavin kept telling her that he would protect her and he was willing to sign a contract stating that. Fortunately, she didn't need too much time to realize that Gavin was the one for her and that she was wasting precious time, which is the reason why I liked this book more than I liked the 3rd one. The story was good and I liked it a lot. I am happy that I decided to pick this book up and I would recommend it.

Jennifer says

The boys of Soul Serenade are back! And more swoon-worthy than ever! This is the last book in the series, and features Gavin and Cassidy! We saw hints of what was coming in the other books, but they are finally getting their story told!

Gavin is a member of the Rock band, Soul Serenade. But things are changing for the band. The other members are getting married, and having families, settling down. And Gavin wants that, but the one he wants it with is resisting him at every turn. Gavin is that guy! He is sweet, and determined, and confident in who he is and what he wants. And like his band brothers, he is willing to put in the work to get the one that he wants.

Cassidy has had rough life, but now she has a life she can be proud of. She has a job that she loves and works hard at it. But Gavin is....unwavering. The problem is, she wants him too. She just doesn't think she can have him, and her job too. There are so many things standing in their way, she doesn't see any possibility for a future between them.

They guys of Soul Serenade are different from other Rockers you read about. They are typical rockers, but when they meet the one that is it for them, they are dedicated to letting her know that she is their life. Gavin is no exception. Even when things look grim, he doesn't give up, never sways in his insistence that Cassidy is his entire purpose. His dedication to sweeping away any objections Cassidy has is awe inspiring and

beautiful! This story, this entire series, was amazing, and is one of my favorite re-read series! Love these guys!

Nancy Metsch says

** Spoiler free review**

Gavin Macintosh!!! I have a lot to say about this Rock Star! Let's start with the fact the man is 100% swoon worthy. You know how they say you know you found the "one". Well Gavin did. She is everything he wants. NOW he needs to convince Cassidy.

Let me just say Cassidy is so amazing. And trust me I get her 100%. She likes Gavin A LOT!! But she feels like she can't be him. They play a great game of tug of war. Does Gavin win? You have to read it.

Sheri says

I cannot adequately express in words how much I adored Gavin McIntosh. Like at all. He's one of the best guys I've read all year and I LOVE HIM. Did I say I LOVE HIM???

Gavin is a member of Soul Serenade, a rock group. The other band members have all gotten married and started having babies, so the guys buy a record label to stay close to their families. Cassidy works for the label and the guys, and Gavin is madly in love with her. Cassidy won't cross that line - her mother is ill and in care and Cassidy can't risk her job, despite her feelings for Gavin as well.

I will say I was a little annoyed at how long Cassidy carried on about not wanting to cave with Gavin. She was obviously into him, and he repeatedly assured her that she had nothing to worry about when it came to her job, but she was relentless. She was a strong character, and very loyal to her mother, which I appreciated, but it dragged on a little too long.

Gavin.....I had a little trouble with the name at first (it's my boss's name) but man did I love this guy. I know there are good rockers out there (Jon Bon Jovi comes to mind) who love their women fiercely. All the members of Soul Serenade were like that. They were a family. I loved all the guys and their wives, despite not having read any of their books (which will be remedied soon).

The story moved at a good pace, not a ton of drama and great characters made me love this book. I read it in a day. I couldn't put it down. It's that good. Give it a try - I guarantee you'll love Gavin as much as me!

I very much recommend this story.

LianaReads blog says

New to me author and series

Gavin is part of the Soul Serenade rock band. As everyone else is getting their happily ever after with the ones they love, he realises he is getting alone and want to settle down as well. No problem in here no? But the only woman that he wants won't give up so easy, he has to do everything and anything to convince her that she is the one for him and he is the one for her and he can prove that he really doesn't care for anyone else but her.

Cassidy is a strong and beautiful woman who had a rough life and she accomplished her dreams with hard work and doesn't want to lose what she achieved. It's hard to resist his charms and attraction when Gavin is so insistent with everything. He just won't give up at their future and tries to make her believe that they can work out no matter the obstacles.

It's a slow burn romance with a perfect match of characters, laughs out loud moments, some not so happy moments but no much drama and well written overall.

April Symes says

Insistent is the 4th and final book in the Soul Serenade series. This is the story of Cassidy and Gavin. If you have read the previous 3 books, then you have seen hints of Gavin and Cassidy's story and the bubbling up of the heart and heat of their love story. With Gavin, he is sexy, sweet, fierce, confident, and one handsome man who knows what and who he wants and that is Cassidy. He's determined to show Cassidy just how good they could be together but Cassidy keeps resisting him at every single turn. With help from their friends, Gavin takes Cassidy off on a life changing 4 day trip. Will Cassidy see she can let go of fears and let love into her life or will she fall further into the depth of her fears? This is one fabulous ending to an amazing series.

My Rating: 4.5 stars *****

Darcy says

And the last guy falls with this one. I liked that once Gavin realized he was really interested in Cassie he changed his ways, no more women and he did what he could to be closer to her, that he cultivated a friendship all in case at some point she would become interested in him. Cassie had very valid points for not going after Gavin, but once they crossed the line there was no going back for them. I liked that at that point it was all about living life, even when bad things happened and boy did they have to weather some bad things.

I really loved the conversation that Gavin had with Cassie's mom, loved that he recorded it so that Cassie would really know what her mom thought and that her mom knew that Cassie would know she was very loved.

The last couple of chapters were great! Loved seeing all of them happy and building their families on the private street.

Nerdy Dirty & Flirty says

With the fourth installment of the Soul Serenade Series, Ryan gives us a super sexy boss/employee and friends to lovers story wrapped up in one. Cassidy is Gavin's assistant and she desperately needs her job. Working together and growing close as friends, these two have been tip toeing around one another for quite awhile. When the rest of the band suggests a scouting mission out of town and nominates Gav and Cass, I knew the sparks were gonna fly. Gavin takes this opportunity to prove to Cassidy that they're worth the risk.

The back and forth that Cassidy struggled with became extremely repetitive. While this grew frustrating, it definitely added angst to the story as well as a sense of anticipation. I wasn't sure how long she'd fight her feelings or if she'd give in to them.

Overall, the story was fast-paced, exciting, and a bit emotional at times. I enjoyed the relationship between Gavin and Cassidy. Gav was completely swoon worthy. I also loved getting to spend some time with the rest of the band and their families.

Sissy's Romance Book Review says

Insistent by Kaylee Ryan is book Four in the Soul Serenade series. This is the story of Cassidy and Gavin. I haven't yet read the previous books so for me this was a standalone book. Gavin sees his fellow friends/band mates getting married and he wants that too. But he wants Cassidy and tries to pursue the feeling he has but she is too guarded. Cassidy has worked hard to get where she is and has overcome a lot from her background. So she is fighting the attraction she has for Gavin and his slow seduction into her life. Lucky he has some friends to help him out.

Enjoyed their story.

Tee loves Kyle Jacobson says

This story was amazing just simply amazing. First off I loved the setting and the characters. They all had a role to play and they played it well. I love the band mates and how they were all settling down having families and still doing the road life but they knew it was time to settle down and put the playboy days away. Gavin is the last to do this but he has never felt anything for a woman before that would make him say hell yes I need her as my wife. That is until Cassidy comes to work for the band and he is swept off his feet. He knows it is going to be hard to get her because she has seen him in action with other women and stays far away from him.

Cassidy likes Gavin and she wants more from him but she is not willing to trade in her heart for him. He is a heart breaker and she is staying clear away from him. That is until one night they have that special night and

they both fall hard but Cassidy is determined to keep her heart intact so she holds Gavin at bay. But her resolve and Gavin's determination are wearing her down thin and she just might break and be his one and only.

Danielle S. says

Gavin and Cassidy's story is a sweet one. He's in the band. She works for the band. He wants her, she wants him but she doesn't want to risk her job so she denies her feelings. Gavin on the other hand is insistent. He won't stop until she's his.

I love reading books and writing reviews, but I have to be honest, I don't have a lot to write about this story. It didn't do much for me. Don't get me wrong I'm all about marriage and babies but the obsession in this storyline was too much. I just threw me off. I'm sorry, I just couldn't make it work for me :|
