Rocking Esme Kacey Hamford

This book has been professionally re-edited

set in the uk

When shy book worm Esmeralda Black finds a job in her local bar, not even she could have predicted the changes that would take place in her life, or the hardships she would have to face. Surrounded by her old friends and the promise of finding new friends along the way, Esme learns that there is a life for her to lead outside of her kindle - a life not all that different from the 'Rock' books she reads. Working in a bar brings its own dramas and Esme constantly finds herself at the centre of the action. As she starts to emerge from her shell, Esme is faced with new experiences and begins to unearth sides to her personality even she didn't know existed. With twists and turns, drama and deception, and at the heart of it all a rock band, 'Rocking Esme' is a story about love, life and finding your inner rockstar!

This book contains strong sexual content and language and is intended for readers aged 17+

From Reader Review Rocking Esme for online ebook

Laura says

Come on now who doesn't like a book about a hot rockstar!!! I love how some of the boys in the band are still gentleman even they have girls throwing themselves at them .. Esme is so cute !!! It was slow at first but by the end you can't wait for more ..

Becca Ford says

I was sent this book in exchange for an honest review. It is a short story that I was able to read fairly quickly, it pulled me in and I found myself wanting to know what happens next. I loved seeing the relationships develop throughout the story, and all the twists, turns and obstacles along the way.... I really enjoyed it, however, I found it to be a bit repetitive in parts, the characters very needy and there is an overuse of the sentence 'I love you' throughout. Overall I liked the book and moved straight on to number 2 'Rocking Scarlett'! A nice quick, easy read.

Kelly Hamley says

I loved this book, it was a really good read. Easy storyline to follow and i loved reading the story from two points of view. Esme and Jackson.

It has everything a good books need, romance, drama and characters you fall in love with.

I can't wait for the follow up book and really hope that Marcy will have a book in the future, she made me laugh so much.

Well done Kacey

Kathleen O'Callaghan says

I loved this book!! From the 1st word to the last it is a fantastic read!! Rocking Esme was a quick, easy read which packs a lot into it without being too heavy.

Well done Kacey, I look forward to the rest of the rocking series!!

Michelle Austin says

I enjoyed reading this book, I couldn't put it down (read it in one day). You meet Esme who would rather stay home and read her kindle, her friends talk her into going to a Flix concert, where she sees the hot lead singer Jackson (aka Jax). Flix ends up playing gigs at The Archer where Esme works and she becomes good friends with Jax.

Jax is in a long term relationship so Esme keeps her feelings for him hidden. She starts to see things that

could change her and Jax's relationship, what will she do? This is a must read series. Note: have book two on stand by because you will want to read it immediately to see what happens.

Laura (Red Hot Reads) says

Once I'd got into the book I couldn't put it down. The characters pulled me in hard. I love Esme she's typical girl starting out, finding out who she is then meeting the rock star that would change it all.

The story flowed well and I was left wanting book 2 straight after.

Natalie Rhodes says

I loved this book!!! Hot rockers ...!! These characters were amazing and they all worked well together in this book :) I loved Jax...he was hot! Their story was amazing. It's a must read

Book-Lover Book Blog says

Rocking Esme is book one in the Rocking Series. Esme is your average woman, though she is somewhat different to her friends, being the nerdy bookworm and preferring a night in with her kindle then a night on the lash, but when she turns the head of the lead SEXY as SIN rocker from a well known band, will she be a goner for him? This particular rocker is in a long term relationship with a girl who's just in it for the fame. She's vindictive and spiteful. But will Esme Black capture his heart as she did his?

I LOVE ESME! She is amazing, she reminds me of me, always stuck in a good book. Her easy personality and happy go lucky form is one that will capture every reader's attention. All the characters have little traits that make them unique in a sense. I was captured from the start. Loved this book!

Stephanie Colman says

Once I got to know the characters, I fell for them and hard. What a wild cast! Definitely someone to love and someone to hate! A hot and steamy read at times for sure. Oh and the cliffhanger ending! I must get my hands on the next book soon!

Sheila Kell says

Rocking Esme by Kacey Hamford is about a girl who is finding herself and finding love. But, like life, things are complicated.

Esme starts working at a bar and it begins to bring out the woman she is. A member of the band befriends her and she falls for the lead singer. But, the complication is that he's in a relationship. The closer they become as friends, the harder it is for her to be around him. Then he finds out she kept an important secret from him and everything changes.

I enjoyed reading Rocking Esme. I had a hard time putting it down because I had to know what was going to happen next. The book has realistic situations and well-developed characters. I'm caught up in Kacey's great story and am already reading Rocking Scarlett. I have to know what's next.

Put the books in The Rocking Series by Kacey Hamford in your TBR list and read it!

Amira says

This one was not a bad read. I really like the set up of this shy girl meeting and falling in love with hot and charminng rockstar. The writing was just young and sometimes made reading painful.

Amy Davies says

Wow, talk about sucked in. You meet Esme and her girls. Then you meet Ajax and the lads from Flix. Sexy rockstars I might add. Loved the friendship that was built with Jackson and Esme before things turned sexy. The easiness of their relationship in the beginning is amazing but in true book fashion, things go South quickly. You are almost to slap Jax a few times, believe me I wanted too. More spanners are thrown into this story and you are left on a cliffy.....
Onto book #2

Heather Schrader says

I was gifted a copy by the author in exchange for an honest review.
This was a fun fast paced drama filled rock star story and I loved every minute of it. Read it in one sitting I couldn't put it down. Told in multiple POVs this story follows Esme and Jackson and the craziness that seems to follow them in the form of Jackson's crazy ex girlfriend Cindy who to me was a nutty b***h. We are left with a cliffhanger at the end and I'm looking forward to reading book two.

Jodi Nichols says

Oh my god, I loved this book! It started out a bit slow for ne but then the whole story really started to build and I fell in love with all of the characters! A bit of an emotional roller coaster with all of the drama that goes on but it is what makes the story great!

Esme is not the type of girl who likes to go out and party, but when her friends drag her to a concert one night she never imagined her life would change!

Jax is a lead singer of a band that is back home and settling down for a while with doing local gigs. He has his girlfriend along with him and believes life is great, until he crosses paths with Esme and things start to change for him.

While reading this book I felt like I was a person sitting at The Archer watching it all unfold before my eyes! It was a quick read but just enough detail to make you envision everything. Absolutely loved it and cant wait to start book #2 bc I cant deal with how this one ended ;)

Jan says

Was ok

Not much drama or angst, well there was but I found I didnt get pulled in and hadn't connected with the characters.

Its was a bit like a tennis match between the two characters were you slowly watched how it would play out only to finish with a cliffhanger.

Each character had their own pov which was good you got a better idea of what was going on in Jax and Esmes head and also others friends etc.
