Adult coloring books are so last year, dive into the awesome world of scratch art! With the specially designed stylus we provide, you'll etch and scratch your way through 20 delightful, original art postcards. Each postcard is coated with silver, metallic, foil, and as you scratch away, you'll reveal the full-color art beneath. Each design is illustrated Kailey Whitman, and is the perfect, personalized, place for a note to someone special.

**Rebecca Hock says**

I won a copy of this book through Goodreads. The scratching was much more difficult and much more time consuming than I thought it would be. The finished post cards are really lovely. Very colorful and full of details. But unless someone is willing to spent an awful lot of time, this is not a book I would recommend.
