**Sugar Dom** Charity Parkerson

*Their off-limits relationship nearly destroyed them both. So why can't they let go?*

Detroit crossed a line into the taboo when he fell in love with his best friend's dad. There'd been a time when he believed Payne might love him too. Occasionally, he'd caught glimpses of something in Payne's eyes. Then, they'd been outed. Now, they're over, and Detroit isn't the same. He'll never be the same.

Payne believes in discipline and control. So much so, he owns a club where people pay lots of money to be punished by him. Detroit is the only person who's ever tested his will. Almost losing his son over the man brought back his strength. No one is worth that loss, except he can't let go. The memory of the way Detroit shook him to his core won't stop haunting him. He doesn't know how to move past it.

Now that Detroit is living and fighting in Vegas, hundreds of miles from Payne, he's trying to start over. That is, until a single moment changes everything.

# From Reader Review Sugar Dom for online ebook

## Deborah Camp says

Another spellbinding love story by Parkerson. She'd really great at these M/M romances. I don't usually read many M/M romances, but I'm hooked on these. This one is centered on Dom master Payne who swears he'll never be in a committed relationship, especially with a younger man who is his son's friend! Detroit is an MMA fighter who has his own sexual hangups that are all fulfilled to the nth degree by Payne. Their "forbidden" romance breaks them up, but they can't seem to stay away from each other. This push-and-pull relationship was beautifully rendered by an author who knows her stuff.

## Karen says

### So many tears

If you haven't read the others, you should do so first. I mean the characters usually get introduced in the previous books. So you would get more out of this by reading the others.

Each story has its sad moments,, explaining why the main person is messed up and needs fixing. So beware this story deals in suicide.

As always her writing style was great. I feel this story was more about Detroit's past and why he is the way he is. They had a few paragraphs regarding Payne's past, but you really have to pay attention or you will miss it.

Not sure what else to say, I like the series and will keep reading. You should too

---

## Nic says

### Wow

Now this one might be my absolute favorite thus far. Gosh talk about emotional damage and scars. These two had it in folds. Both had a history of abuse but seem to find a kindred spirit in each other. Really liked it!!

---

## Kelly says

Sugar Dom is the fifth book in the Sugar Daddies series and I loved it!

Payne and Detroit were explosive together, but before they could fully be together, they had things that needed to be worked through.

This story will have your emotions all over the place, but the emotion that you'll feel the most is hurt. My heart broke for them both, and when they finally were able to come together, my heart about burst. It was beautiful.

I also loved the little tease we got that was worked in with this story about the next book in the series.

This book is definitely worth the read.

4 big stars!

---

### **Claudia says**

Ohhh Detroit... Hurt, broken and lost Detroit... He needs Payne... desperately

Payne can pretend all he wants... But he belongs to Detroit as much as Detroit belongs to Payne... And jeezzzzzz, these two are smoking hot together!

---

### **Addicted2M/M says**

4.5

Heart wrenching. Pay attention to the prologue: *"This book has all the triggers. All of them."* Not quite, but it is intense. My favorite in the series thus far, however I admit to skipping Zander & Wyld's books. Now that I see how Wyld and Micah are together, I will read Sugar Tycoon. I also liked Omen quite a bit, so am looking forward to his story.

---

### **AussieMum says**

[the grand gesture, the note left

---

### **NhaughtyV says Damn the Zon Save the Reviews says**

*"That's who they were—two halves always seeking their stronger part."*

Payne knows he's made a mistake...loving his son's best friend, Detroit, has cost him so much...his relationship with his son and by breaking off the relationship, possibly his soulmate. So much hurt and anger drives Detroit farther and farther away...and drives him to succumb to the darkness within calling his name...a darkness that whispers everything would be so much better if he closed his eyes forever...Will Payne step forward and claim Detroit as his, or will his declaration come too late.

Highly recommend this as well as the previous Sugar Daddies books! Can't wait for the next installment!

*\*Received ARC for honest review\**

### **Leticia Bushong says**

#### **Great**

I am so happy with this series they just keep sucking you in ready for the next book. This one was just as good as the others. I love how she also gives you a sneak peek of the characters in the next book.

---

### **Ali says**

Another great MM

---

### **Denise GremoryKohta says**

#### **Dang this was freaking awesome!!**

Still shocking me five books in to the series. This one will shock you. I grew to love Detroit and understand Payne and him a lot more. I didn't like Detroit at first. Felt a little bad for him but wasn't expecting to want to hug him. This is how you redeem a character.
