**Sweet Renegade** Andria Large

**What do you mean you've never heard of Renegade? They are only the biggest boy band in the world!**

Beau Kennedy

At twenty-three, I never thought that I would be where I am today. I live in a world of chaos, screaming fans, and temptations everywhere. There is only one thing that I truly want, but she's constantly rejecting me. She thinks I'm too young and too immature; however, I will prove her wrong. I will show her that I can be everything she needs and wants in a man. If she will just give me a chance, I can show her how much she means to me. She has no idea how determined I can be or how hard I will fight to make her mine.

Lizette Parrish

I'm presented with an offer that is just too good to refuse. Beau Kennedy wants one month. One month of being his girlfriend so that he can prove to me that he can be what I need. If at the end of the month, I don't feel like he is the right guy for me, then we end things, and he will never ask me out again. One month? I can do that, especially if it means he will leave me alone when it's over. What I didn't expect, though, is all of the things that he brought to the table and all of the things that we end up going through during our month together, inevitably brings us closer together.

Can I still leave him when the month is up? My mind says yes, but I'm not so sure my heart agrees.

Warning: For mature audiences only. Contains seriously hot sex scenes that will leave you wanting to fulfill your very own boy band fantasy. Please keep in mind that this is a work of fiction and I made it up from my own imagination.

### Andrie says

#### 3,5 - 4 stars

Μια αν?λαφρη, διασκεδαστικ?, καυτ? ιστορ?α με ?ναν αξιολ?τρευτο κεντρικ? ?ρωα (απ? τους πιο γλυκο?ς ever πραγματικ?) και μιαν ηρω?δα-παγοκολ?να που προσπαθε? να χειραγωγ?σει τα συνα?σθ?ματ? της. Εν τ?λει τα κατ?φεραν. Π?ρασα υπ?ροχα. Το πρ?το μισ? μου ?ρεσε περισσ?τερο απ? το δε?τερο, ?που ?νιωσα ?τι κ?τι ?λειπε. Το βιβλ?ο αν και διαφορετικ?ς θεματολογ?ας θ?γει δι?φορα κοινωνικ? θ?ματα που μπορο?ν να τραβ?ξουν την προσοχ? σου. Οκ τα αναλ?ει επιδερμικ?, δεν ε?ναι ?λλωστε σκοπ?ς του να μας αναλ?σει τα σ?νδρομα των στρατιωτ?v του Ιρ?κ κλπ, αλλ? παρ?λα αυτ? σε προβληματ?ζει. Ναι ?χει τις αμ?χανες στιγμ?ς του, ?πως και κ?ποιες συμπεριφορ?ς με τις οπο?ες ε?μαι αντ?θετη, ναι θα μπορο?σε να γ?νει καλ?τερο, αλλ? παρ?λα αυτ? το διασκ?δασα... Τα 4 αστ?ρια για τον υπ?ροχο Beau. Δεν ?χω ξανασυναντ?σει τ?τοιο πρ?γμα :)

### M.D. Saperstein says

By golly, she'e done it again! Definitely a 5 star read by Andria Large!

Sweet renegade is the perfect mixture of romance, angst, and steam. Beau is the perfect boyfriend - loving, sensitive, and honorable. There are not too many book boyfriends out there right now with these qualities.

While Lizette pissed me off throughout most of the book, it was only because of how badly I wanted them to get together. Thankfully it was not because of her being a whiny pushover. I can't stand that quality in the h. She is strong willed and stubborn and knows what she wants. At least she thinks she does...until Beau proves her differently. By the end, I really grew to respect her and her decisions.

I am a huge Beck Brothers fan, and now I will be author stalking for more of the Renegade boys. Who's up next? Can't wait!

Oh, wait...and then there is Dennis. \*swoon\* I really hope that he gets his own book!

---

### Tracie Redmond says

A hot new series!

Oh my...Andria Large has done it again. She had me falling in love with all of the Beck Brothers and had me smiling throughout the Taboo series and now...I have fallen in love with Beau Kennedy and smiled throughout the entire story. Well, there were a few moments that had me in tears but oh, it was so worth it.

Beau Kennedy is freaking amazing! He truly is the perfect combination of southern cowboy and rocker. He is a loyal and loving and doesn't give up on what he wants and he has wanted Lizette (his manager) for the past five years.

Lizette has been the manager of The Renegades for the past five years. She has been through everything in her life. From sucky relationships to alcoholic parents. This makes her one stubborn cookie. Especially when she has her mind made up, she rarely changes it. Beau Kennedy is her client and has asked her out continuously for the last five years. With each question her answer is always the same...NO!

Yet, one night after a few intimate kisses she agrees to dating him for one month. After that month, she can say goodbye and he will never bother her again. She goes into this with her heart surrounded with walls. Will she be able to keep them up? Will she be able to resist Beau and his southern charm? Will heart break destroy the Renegades?

Andria was able to capture with page one. Truly the character development is phenomenal. I truly fell in love with each character and their personality. The gut wrenching moments had me in tears. When I started this book I couldn't put it down. It had me needing to find out what was going to happen next. I can't say it enough this book is a must buy one click now. You too will fall in love.

I can't wait until book two!  
Well done Andria Large well done!  
~Tracie

## **Amy McGlone says**

There's a new Boy Band in town ~ Renegade!!!

Andria Large pulled me in the The Beck Brother's. She has not disappointed me with book 1 of her new series. Five young men, each a bad boy in their own way.

Meet Renegade~

Roland - The unofficial leader of the pack.

Dean - The ladies man.

Ace - The bad, bad boy.

Everett - The silent, but sexy boy.

Beau - The sweet, sexy cowboy.

This is Beau's story. Beau has had the hots for Renegade's manager for the past 5 years. For three of those years, every few weeks, he asks her out only to be laughed off. All it takes is one tiny sign from her that she's more interested than she's appeared, and Beau sets out to make her see what's right in front of her. He's

desperate to prove to her that he's the perfect one for her despite their age differences.

I also need to point out that I love the brotherhood between the boys. The banana scene made me LOL I was seriously cracking up when Ace pulled that out.

Lizette agrees to Beau's little game, knowing that at the end, she will walk away from him, for her pride, and for her job. What she didn't count on was him being right, and love being in the equation.

Andria Large has sucked me into another one of her series. I can not wait to get my fingers on book 2. In a little preview at the end of Sweet Renegade, I noticed a connection to the Beck Brother's which seriously made me squeal with delight! Excellent beginning to a new series. I guarantee, all the ladies will fall in love with Beau!! ~Amy ~ TTP

### **Talltree says**

Awesome virgin H and bitchy hateful h. The H's POV sounded a bit girly at times, but he was so sweet and vulnerable wearing his heart on his sleeve, I loved him!

Separation after h dumps H: H is broken-hearted, goes crazy gets on drugs and with groupies but doesn't go all the way - I don't even blame him!! Definitely a book where I wanted the H to get another h.

3.5 stars for awesome H and hot smex scenes!

---

### **Sweets Books says**

This was so good! It had me laughing all throughout the book, it's just a happy-go-lucky type book! Even though you know going in hearts will be broken and there will be a touch of drama.....it's just good And I loved all the characters! Beau was such a cocky guy but not in a bad way, he's one of those types you can't help but love no matter what! Lizette she was just so dang stubborn even for her own good! But at least she learned from her mistakes and tried to make up for them in the end! Overall it's a good read and can't wait to read the next one!

Till next time ~ Sweets Books

### **Char (1RadReader59) says**

Talk about chemistry this is one hot steaming romance that was in 30 days was supposed to tank this is it. Those darn hearts like always just like to get in the way.

We get to meet a whole cast of characters in this fast pace erotic really funny romance. You see Beau Kennedy is one of the members of a boy band The Renegades. They actually made it after the guy who started it along with a few other famous one hit wonders didn't make it. He along with Roland (28), Dean (26), Ace (26), Everett (24) and him (23) and the youngest they worked hard, for the past ten years. Thanks in part to their manager Lizette Parrish (30) for the past 5 years. She is a hustler and doesn't have a

life to show for it. She is also the one person in the whole world that Beau has been crushing over for that whole 5 years since the day she started he that she was beautiful. She shoots him down every time he ask her out but it does stop him from trying.

Lizette tells him he is a man-boy always joking around at her meetings, never listening like today's meeting, that he is always with a different girl/fan and that she knows what he really wants from her. So, to go find another little groupie to fuck because he wouldn't be getting it from her. He walks away from her moving to the door turns back and says, basically, if that was all he wanted from her he would have given up on asking her out a long time ago.

Before the two weeks really begins Lizette finds out the boys have to cut their vacation short. A promotional tour has been scheduled so Beau only has 4 more days left of his first week but out of the 5 guys he is the only one that they can't reach. Knowing Beau went to see his family in West Virginia, she has her secretary book a flight to get her there ASAP. This is N.Y. girl who is scared of all things country including sexy as hell Beau is going to West Virginia to tell him.

She drives herself to the ranch once there, meets up with Kaden his younger brother his mini-me (sexy too.) He takes her to find Beau, he comes in from riding looking a little cautious. She lets him know what's going on turns to leave when his mama, Regina, greets her which she loves. Meanwhile, Beau is still standing there stunned to find her there. She is the mom she always wanted, not what she was dealt. Regina engulfs her in a hug and talks her into staying for lunch which has Lizette changing her flight to tomorrow morning.

That evening she and Beau take a ride after he explains riding safety. Lizette gets thrown from her horse and has to ride with Beau the exchange their first kisses. Man does their world tilt for both of them. This scares Lizette beyond words. When she gets back she scurries to her room. They have another late night encounter in the hallway and get walk-in on.

The next morning she leaves town as fast as she can leaving him with only the view of him in her rearview mirror. Once Beau returns he eventually corners her and gets her to agree to one month of being his girlfriend with at the end her making the decision on whether the remain a couple or not.

This is one sexually and emotionally intense book. Not only do you have the story of Lizette and Beau but you have their dynamic charge and the band members. You also see what some of them feel about this relationship. Also you have this other issue going on with Dennis, Lizette's brother, who is suffering PTSD. Wow, that alone is one intense event in the storyline.

You will enjoy this fast pace storyline for sure. It is not dull at all that is for sure. I hope the next story of Ace is just as good but I think what made this one so special was that endearing innocence Beau still had and he wasn't afraid to ask his friends in the band for help. Also, that the age difference between him and Lizette really didn't matter. Loved it. 5 stars. Provided by author for an honest review.

## Vieira says

I really loved this it was perfect for my mood. I thought Beau was so stinkin adorable and HOT! This is the first book I've read where the guy is a virgin and I thought it was great. The chemistry was off the charts and I loved the side characters. I just love Andria's writing style it's really easy to read and she writes great characters. I can't wait to read about Ace now!

## Romancing the Book says

Reviewed by Angela

Book provided by Andria Large

Review originally posted at Romancing the Book

Beau is a southern gentleman who is currently part of the hottest boy band around right now, Renegade. The band is all sitting around in a meeting with their manager who has been with them for the last five years, Lizette. She is the star of so many fantasies for Beau that he can't keep his head on straight.

Sweet Renegade is written from the two main characters point of view Beau and Lizette. Beau has spent the last three years asking Lizette out. All he wants is one date to show her how good they can be together. He gets one better though after Lizette had to make a trip down to his mothers ranch to reach him, she realizes that she can't fight it anymore. When they get back to New York Beau asks her for one month. Just one month to prove that they are perfect.

Now that Beau has everything that he could possibly want he is one cloud nine. What could possibly go wrong? He has the band, his family, and the girl. Good things don't last forever though, how long will it be before the reality that Beau is living becomes a nightmare?

Rock star romance is usually a story guaranteed to please, and Sweet Renegade was no exception.

Favorite Quote: "I hope you know what you're doing to me right now, Lizette," You are ruining me, do you hear me? I've never felt a hurt like this and it's all your fault. You are killing everything inside of me and I will never forgive you for this."

---

## Katrina Todd says

Loved this story. Beau is so awesome, and so sweet, and freaking cowboy! I liked Lizette although she did make me a mad a few times! I am so looking forward to this series!!!

---

## RJ says

### 1 FRUSTRATING STAR

#### What's it about?

So this book is about **Beau**, who is part of a famous boy band and he has been crushing on his manager for the past five years. **Lizette** doesn't take him asking her out constantly seriously, even though she does think he is cute. Her reasons being that she doesn't want to date a client and because she is seven years older than him.

Beau knows that Lizette is the woman for him and decides to pursue her more seriously. He proposes a month of being his "girlfriend." After that month Lizette can decide if she still want to be with him, and if not then he will never harass her about going on a date with him ever again. He is sure he can make her fall

in love with him in that month and Lizette is sure she will be walking away at the end.

### **My thoughts w/ spoilers:**

- The only reason I picked this up was because Beau is a virgin. And because other reviews talked about him being the perfect book boyfriend.
- Lizette's ice queen routine was annoying me to no end in the beginning. Beau was nothing but a sweetheart to her and she kept turning him down!
- And I couldn't even enjoy their relationship when they started dating for the month because I was just waiting for Lizette to fuck it up.
- And of course she does fuck it up! Her reasoning for walking away after the month was so ridiculous! She broke up with him because she has alcoholic parents and her brother has PTSD. So, *she's* too "fucked up" for him and he deserves better. Just shut the fuck up, Lizette.
- Beau then goes all emo on us! Lol, it was way OTT. He pulls a Justin Bieber post-Selena Gomez on us as well. Partying hardcore and going home with chicks left and right. Ugh I hated what he turned into. He was such a sweetheart then he turns into the typical "bad-boy manwhore." Of course, when confronted later he admits to not sleeping with any of them, just blowjobs and handjobs were involved. Like that's any better?
- At this point Lizette is feeling very regretful and is trying to win him back when she walks in on him receiving a blowjob from a groupie! Ugh. I mean she pretty much brought this on herself but if I was trying to win a guy back and I walked in on that then I probably wouldn't want him back anymore. How can you ever erase that from your memory?

**Overall, a very frustrating read.**

---

### **Vickie\*\*\* says**

great start to a new series.

this book is one of those really cute couple books that make you all warm and tingly inside. LOL. Sorry that was so cheesy, that sentence I just wrote.

I was a fan of Andria's Beck brothers' series, so I had to read this when it came out.

If you read the other books you should know that you are not going to expect super angst.

I really enjoyed reading about Beau and Izzy. they have great chemistry together.

Despite their 7 year age difference, Izzy being the older one, they really looked past it. It was something that Izzy needed time to get over, but Beau of course had no problem getting over that.

I will definitely continue this series, but need to refresh the memory when the other books are to come out.

---

## **Deserie williams says**

self note: not for for me. annoying heroine and other women scenes with hero during separation!

---

## **Becca says**

Let me just say I love Andria Large! I can not wait for the rest of this series. Her characters are fun, likeable and sexy as all get out.

This new series by Andria follows the lives of a boy band - Renegade. And in Sweet Renegade we get Beau, the southern boy with charm that oozes. He is also the youngest in the group and he has a serious crush on their much older manager, Lizette. Since Lizette came to work for Renegade, 5 years ago, Beau has been trying to get her go out with him. So he comes up with a plan...have her date him for a month and if she still isn't convinced that they are perfect together, he will let her walk away.

The only problem is that both of them fall head over heels in love with each other...but is it enough?

I loved Lizette and Beau. Beau just made you want to swoon. And Lizette was tough yet soft. I loved all the secondary characters too. The guys in the band, Beau's family, Lizette's brother.

This is an excellent start to the series and can't wait for more!
