## Manik Sukoco says

For anyone that loves authentic Greek foods this cookbook is a must have. The amount of recipes in this book is overwhelming. It is a beautiful coffee table book full of fantastic colored photos of Greece. The instructions are clear. But it can be a problem sometimes to find a recipe if you don't know the 'english' name. Also, some recipes ask for a white sauce but you have to look somewhere else to find and make it. A good overall book with all these greek delicious recipes.

---

## Candy says

Top notch Greek Cook Book. More like an encyclopedia of Greek cooking. Loved the background information on the different regions and how the cooking styles and ingredients used evolved. I think I need a copy for myself to explore and test some of the recipes.

---

## Sara says

Clearly I'm into blue cookbooks this month.  
Definitely worth a flip through; some interesting dishes, and the recipes are all nice and concise.

---

## Kate says

I think this may become Frankie's new food bible - I think he was Greek in a past life. UPDATE: Gave it to him for his b-day and I was right, it is his new food bible and he has already made several scrumptious meals from it. The book probably weighs 25 pounds - everything you'd EVER want to know about Greek cooking and lots of mouth-watering, glossy pictures.

---

## Lindoula says

One of the best cookbooks I've ever seen. Very detailed, stunning photos and appealing layout, clear writing... It's perfect!

---

## Andrew says

There are a lot of recipes in this book so I am sure there is something for everyone. Among there are some fantastic, simple, quick and delicious gems.

---

**Stacie says**

I love the recipes in this book. Some are challenging, all tried thus far are delicious! The photos are amazing too. I highly recommend to anyone who enjoys Mediterranean cooking.

---

**Louis says**

Wonderful translation of a book handed down to me by mother originally. A must have for anyone who wants to learn to cook and eat like a Greek.

---

**Joanne Thomson says**

Fantastic cookbook. We made the Meat stuffed apples which sounds a little dubious to me, but they were great. Can't wait to delve deeper into this cookbook. I camped out waiting for the prices at our Borders to come down so I could buy it. So glad I was able to. Now I think, I should have just paid the whole price...well almost!

---

**Korimou says**

Growing up in a very traditional Greek home, the only cookbook that excels beyond the rest for authentic Greek cuisine is Vefa's book. She is the Martha Stewart of Greece.

---

**Nadine Vaes says**

Om te weten hoe het echt moet!

---

**Ms. S..... says**

This looks like THE last word on Greek cookery. Wonderful reference.

---

**Morgan says**

MY FAVORITE COOKBOOK EVER.

---

**Lula says**

I just received Vefa's Kitchen as a gift and I'm reading it practically cover to cover. Not really. But it is so good, I might actually cook something. Really.

---

**Mark says**

Excellent and almost encyclopedic work on Greek cooking. The pictures help, too
