Anna 'Bookbuyer' call me bookbuyer. ^-^ says

I liked the flash back to their shared childhood.

She's pregnant! With Yuuki? Or Kaname?

Hah. I'm glad that evil bitch/bastard is dead. They deserved it.

Oooh wonder what part Sara-sama will have now.

His hand is gone and Yuuki is licking the stump? What?! This manga is a mind bender.

Reanne says

I'm a little creeped out by how the whole brother/sister romance thing is played like a ship we're actually supposed to be behind. Not just with Yuki, but now in that bonus chapter with her parents too. I mean, seriously? I really hope Yuki ends up with Zero because, you know, he loves her, she loves him, and he's not related to her. And Kaname is kind of a manipulative bastard, whereas Zero is a guy who genuinely cares about others more than himself. I guess I don't see how this is honestly even in question. If it doesn't end up Yuki/Zero, I'll have serious questions about the author's mental stability.

Peter Barr says

This edition of Vampire Knight explains much of what happened in the last book and goes further. The school seems to be falling apart while there is a huge rift in the vampire world. The humans at the school seem to be learning of the vampires existence. It moves really fast.

Kate says

3.5 stars.

For me, this series jumped the shark two volumes ago, but now that my expectations are adjusted, I think I'll continue to enjoy the story to the end. Thankfully, my library carries it, so I won't have to buy any more volumes; I'm planning on trading in the volumes I have bought over the past few years to fill out my collection of Ouran. :D So, it's not a complete loss, and I do enjoy the story overall. BUT -

****Warning - griping ensues along with spoilers if you're not caught up through volume 9****

...Vampire Knight's just not the story I thought it was when I started out reading it. I was extremely disappointed with the revelation that Yuki has always been a vampire, and not only that, but she's a vampire

princess! It just ruined the dynamics of the story for me. I really enjoyed her as a heroine, with her spunk and independence. And, what made her so appealing besides those characteristics was that she was supposedly a human girl who could hold her own among supernatural beings all around her. There were hints that there was something more to her - her acrobatics, for example - so this has been a plot twist coming for some time. I just hoped for some other explanation than that she's a vampire. Cliche.

Kaname has also lost some ground with me. So much of the appeal of him was the mystery. Now we're learning too much about him (I suppose it was inevitable), and his motivations are almost too commonplace for the likes of him.

Zero...Zero, the underdog, I've been rooting for him all along; but his angst has reached a whole new level. I can't blame him entirely - the girl he adored turns out to be what he abhors the most in life - a vampire - but still...I'd like him to stop being so moody. I'm holding out hope that he'll get his act together soon.

All complaints aside, this story is not bad, not bad at all. I'm harsh on my critique because I'm annoyed that my expectations weren't met, but all things considered, it's an engaging, intriguing story with interesting likable characters. Vampire Knight is certainly a superior alternative to that gosh awful Twilight series.

Yv says

7/10

Mandee says

Zero and Yuki's farewell was so bitter. This volume contained many flashbacks to illustrate the characters regard for each other. Zero is conflicted because he loves Yuki and hates her. Yuki sacrifices her feelings for Zero to keep him alive, running from him as his prey. The other night class students are uncertain of their future--do they follow Kaname or their parents?

Cross is detained by the hunter association for working against it even though the president was colluding with the senate for selfish gain. This conflict is all but resolved.

Renee M says

Not so much transition as denouement after the outrageous awesomeness of the last volume, but so many story elements were brought to an end in the last volume that we're left panting for breath and sorting through the wreckage before the next story arc. Not sure where it's all going but things certainly seem creepier.

Arlene says

This manga series was absolutely amazing!! If you've never read a manga before and don't know what to try

first, **Vampire Knight** is the perfect choice.

The action is constant, the characters are perfectly blended, the artwork is absolutely amazing and the plot is original and addicting!

I loved all of the characters! I couldn't decide who was best for Yuki. As much as I loved the tortured soul that Zero harbored, Kaname is steamy and swoon worthy. I loved the scenes where Yuki and Kaname would hold each other, but there is something about Zero and how he is depicted that you can't help fall for him.

Vampire Knight is a must read. Truly a great manga series that should not be missed.

Talitha Coelho says

I absolutely loved this particular final chapter of Part one/Season one. This manga was much different from the tv show and it was a wonderful change! Every act was done differently and I'm much happier with the way the characters played out by the end of this book. I'm excited to re read the next set. A job well done as an Author!

Gabriela says

Well, that was really cool! But now I wonder, WHAT IS GOING TO HAPPEN NEXT?!

Gagou Schndr says

Pour moi ça s'essouffle un peu et j'ai l'impression que je n'ai plus l'âge pour apprécier ce manga. Malgré tout j'ai envie de connaître la fin et de la découvrir sans spoiler, alors je lirai les tomes suivants petit à petit :)

Laurie(Time Stand Still) says

I have always really enjoyed these books but this one seemed very confusing. It didn't seem like the story went anywhere or told you anything new in this volume. Not sure when volume 11 comes out but I will hope that it has more enlightenment in it.

Jesica says

me hubiera gustado ver mas a kaname-sama de pequeño,... y Ruka es una tonta pero mas tonto es akatsuki que siempre ha gustado de ella y la ha soportado con sus ataques de me gusta kaname y quiero que tome mi sangre...

Me encanta kaname, es un maldito manipulador y si es cierto que la mayoría de cosas que ha echo es por yuuki sin embargo carga en sus espalda pecados demasiado grandes....

Hay por Dios, casi se me sale el corazón de la emoción con el especial 11, de tal palo, tal astilla jejeje ya sabemos Kaname de que lado de la familia salio.. ;) Me encanto Haruka y me gusto mucho que Juuri no le pusiera las cosas fáciles a el... :P Me encantaría leer la historia de ellos.

Michelle K. *Get off my lawn!* says

This volume mostly consists of characters reminiscing about details we already knew, just told in slightly different ways; I didn't feel any of it added to the overall storyline.

Kassilem says

This volume was sad! If it was a movie I might have started crying. Like with Naurto, it's a little difficult to figure out all that's going on during some of the battle scenes, but other than that, the artwork is great. And the story just keeps getting more intense. More please.
