Sarah's life is also in disarray, though there is no drug kingpin after her head. Instead, her job decided to downsize and eliminate her corporate position. With her hopes of providing for her family dashed, she returns home to her mom and dad at the ranch. Sarah quickly notices that Garrett isn't like the other ranch hands, but she doesn't know exactly why. Soon, she finds herself falling in love with him as the two begin a whirlwind romance. Cool

The storyline on the first book was really good . Love all the characters and followed them very easily . Would definitely recommend read the first book but also read the others that are listed . This author is a very good writer .

Mary Winstead says

Great writing. This book has three additional books by Claire Adams. First extra book is called Bad boy billionaire. Second extra book is called the boss. And the third extra book is called power. You will love all four stories. Must read.

Janice Bold says

I received this book in exchange for an honest review. I continue to be hooked by Ms Adam's writing style. We have Malcolm aka Garrett, who has had to go into the witness protection system. Then we have Sarah, the daughter of the farmer who took "Garrett" in as a farm hand. Sarah's come home to lick her wounds after being fired from her corporate job. "Garrett" is there to stay out of trouble and stay alive until the trial. Little does he know how much Sarah is going to change his world. The chemistry is hot and electric, very stormy though too. I really enjoyed this story and I can't wait to read more by Ms Adam's as usual. I love her writing style and how she manages to develop the characters so well.

White House

Behind closed doors are secret lives whether you're rich or poor. Power means more than love to some while responsibility to a Nation forces another to bypass morality & love for its sake. Perseverance does help one to reach their ultimate goals & happiness. This book covers all as it unravels its pages.

Judy Wilson says

Not worth buying if you don't like douches guys

The male lead s are all douche bags. Nothing redeeming about them. Great premises for all the stories but no

likeable characters. Only giving 1 star because it won't let me leave none.

Catherine Iriarte says

A great book about a man who thought he had it all except happiness. Through a turn of events, he found his happiness and stoved to keep it.

Irene Marshall says

Okay read

This is a mediocre set of books. The billionaire in hiding was quite a boring read that really just plodded along with little or nothing happening most of the time, there was little feeling of chemistry between Garrett and Sarah and both characters were fairly dull. The rest of the included series were just mediocre and the whole read was largely boring.

Cheryl says

I like this book a lot and I can't pinpoint exactly why. I read a lot of contemporary and billionaire romance type stories and they all read similar; it's like when you're craving your favorite kind of chips you know what it supposed to taste like in these type of books are my junk food. Billionaire bad boy has to work on a ranch and learn a different life.

Catherine Marie Meyer says

yeah!

I've read so many of these stories and some more than once. I'm having trouble keeping them straight. however, I like all of them. they could use a proof reader, I'm constantly catching misspelled words and words that are used incorrectly.

Dawn Berard says

Some stories good

A couple stories are very good. The others spend too much time with dirty talk. I don't understand the hiding part.

Paula says

Awful doesn't being to describe this book. sorry I wasted my time and money. Zero storyline and complete lack of editing. I think this author should slow down on publishing book after book and take more time to develop and edit the books she's writing.

Cynthia Heyman says

Billionaire In Hiding

Claire Adams give us such interesting characters to root for in this offering. Easy reading and easy plot. With some interesting subplots. Made me think I might just enjoy ranch living. Oh yea, and cowboys who wouldn't want to meet a rich one.

Veronica LaRoche says

Malcolm/Garrett must go into protected custody, since he is a witness in an upcoming trial. He chooses to go to a ranch and meets Sarah. Sarah knows that she shouldn't like Garrett since he might not be there for long but the more they spend together the more they can't stay away from each other. Can Sarah be enough for Malcom to want to stay? I liked Malcolm & Sarah and enjoyed their story

I received this book from the author in exchange for an honest review

Tyler says

Affairs don't appeal to me.

The idea of an affair with the President of the United States doesn't appeal to me. While I felt some of the office politics were certainly possible and probable, I didn't find it enjoyable.

Margie 'CSR' Fite says

Fabulous book.... Garrett Reynolds, aka.. Malcolm Edward, was a Billionaire and CEO of an Aviation Company... yet he is now hiding out on a 'ranch' in the gov witness protection system' waiting to testify against some drug lords/smugglers.. who killed his best friend .. to keep his employees and the remainder of his company safe he agreed... he now lives on a farm with no idea what he is doing... this is where he spends about a year and half with farmer, Sid and wife, Meredith Miller. One afternoon, the Millers daughter who has been living in the city after graduating with a buiness degree has come home ... Sarah... (she has a way with horses)

Garrett/Malcolm and Sarah hit it off immediately... some off the charts heated connection there!! Yet they

want to deny it at first!!!

This book has it all.. mystery, thriller, bad guys trying to find and kill him before he can testify ... hot sex scenes, lies, ect,.... another goo book from Claire!!!!
