Chrissy says

Cute easy book, great confidence booster. Funny enough with the images for a kindergartner.

Kristina says

I think that this is a good book for beginner readers. my daughter enjoyed reading this book. I would recommend this book to others.

Denise Smithson says

Something my 4 year old nephew want me to read to him.

Mary says

First, CATS! It's pretty much just a cat doing stuffs.

Second, my niece liked it enough to want to read it to me and could when she was just starting out, so it's a good book for kindergartners. Especially one who loves cats.

Third, I choose all the books for my mom's library. No judging. I'm doing it for the children.

Fountas and Pinnell/Guided Reading Level B. Repetitive text with some picture cues. Words are appropriately phonetically decodable for this reading level. My daughter enjoyed reading this book over and over to me.

Hildegart says

This book has cute pictures and simple words. It reminded me of Dick and Jane from years ago but even simpler. This is definitely aimed at beginners, but the pictures are so cute that as an adult, I enjoyed it, too!

David says

I can't say enough about this book. Read this with our 5-year-old just before starting kindergarten. She already knew many of the words: cat, hat, mat, car, so it gave her great confidence as she quickly learned to read the rest. Fantastic first book for a new reader. We then read as many of the Penguin Young Readers, Level 1, as we could find.

Yvonne says

Cute simple book

This book is perfect, cute and the illustrations are nice. My three-year-old loves this book. And, that's all that really matters.

Love

Love the books. Wish I could get them all for my grands. Thank you for writing books for all kids.

Basic plot: Cat does stuff.

This is a beginning reader book I downloaded for free on my Nook. It is a VERY basic reader, intended for kids just starting to identify words and read on their own. This is really not a book intended for fun reading aloud. The pictures are cute, and while there really isn't a story, there is a certain subtle humor to the actions of the cat. Cat people will see it, others not so much.

Truthfully, I wasn't even going to review this one as it was so basic, but darned if my son hasn't asked for it for the past 3 nights running. As a kindergartener, I think its attraction lies in the fact that he's learning to read and starting to be able to identify words. That or he just likes the cats. Hard to say. Either way, this shows there is something positive in that simple, little book. I bumped it up a whole star based on that fact alone. The fact that it was a freebie for my Nook is just icing on the cake. If you have a beginning reader and a Nook, I'd recommend snagging this.

Dianna says

This book would be perfect for a beginning reader; the text is very simple. My seven-year-old chose this book for me to read aloud to him tonight. I thought the super-easy text would turn him off, but he enjoyed it and even giggled a few times.

Bhargavi Balachandran says

Easy words (most can be sounded out), short sentences and bright illustrations. There isn't much of a plot, but the point is they are great for emergent readers to gain confidence. Will hunt for more in this series.

Becky H. says

Good for a beginner reader who loves cats.

Redheather Book Review says

Cat Days is a great book for early readers. Its simplicity will make it great for kids who are just developing book skills to follow along.

Cat Days follows a cute orange tabby as she learns the best places to sit, animals to play with, and about cat nap time.

The illustrations are cute but also not overly complicated, making them easy to understand within the story.

Cat Days is written by Alexa Andrews with illustrations from John & Wendy.

Easy reading earns this children's book a rating of... 4 Cats Napping!
