**This is not a traditional self-help book.**

It is a life plan designed to renew gratitude and strengthen faith.

The authors of this book are not trained psychologists or ordained clergy (although they received plenty of input from professionals). They are a father and son with a combined one hundred years (plus) experience of Life. They have faced challenges, experienced failure and explored their faith.

The paperback version includes several journal pages at the end of each chapter. For the digital version, you may want a journal or notebook to complete the exercises.

*As seen in the motion picture "God, Where Are You?" (Starring Wade Williams and Kibwe Dorsey, written and directed by De Miller)*
