## **It's Halloween, You 'Fraidy Mouse!** Geronimo Stilton

It's Halloween on Mouse Island, and it seemed like everyone was out to get me, Geronimo Stilton! My cousin Trap kept pulling scary pranks on me. And then my sister Thea told me I had to write a book about Halloween in less than one day! Before you could say boo, my nephew Benjamin had dragged me to a graveyard to do research. There I met a very spooky mouse who -- yikes! -- tried to lock me up in her coffin! Oh, how would a 'fraidy mouse like me ever survive the year's scariest holiday?

Read this as a french book call 'la bal de tenebrax' probably the reason why i rated it so low since I only understood a little more than half of the words. Would have been a good book but from the way I understood the context, the plot was a bit shallow

The book has a lot of detail, which I really like! The book was about a character named Geronimo Stilton who has an obnoxious cousin named Trap who tried, and succeeded to scare him when he was at work on Halloween. Geronimo's sister, Thea wants him to write a book aboiut Halloween because Geronimo is an author. Geronimo hates Halloween, but he says yes becuae his nephew who he very dearly loves, Benjaman wants him to. Trap works at a Halloween shop. Geronimo goes and looks at some of the scary items they sell at the Halloween shop that Ttap works at to write about in his book. After that, Geronimo goes to meet his assistant, Pinky's friend Creepella to look at some costumes that she has worn/made to also write about in his book. Creepella turns out to like Geronimo, but he is frightened by her. In the end Geronimo doesnt hate Halloween so much anymore because his book got on the best seller list!

In this Geronimo book it starts off right into the story which was nice. Some of the other books they draw out the introduction for a chapter or so and I almost loose my special needs teen age son whom I've been reading this series to. But this one caught his attention (and even my other special needs teen age son that doesn't like to have books read to him; he 'hung around' in the room and listened as I read this book.) This is a Halloween book filled with tricks and pranks Geronimo's family does on him. His niece sends him to her close friend but forgets to tell him she lives in a funeral parlor at the cemetery. So this book 'could' scare younger or easily scared children. But it's written in such fun that my boys liked it. My husband over heard me reading it and after I finished he said "That book was just wrong..." so this episode may not be for everyone...

I was confused whether to read this series because it was meant for children. Anyway I was lured by the illustrations and thought of reading it to relax my mood. If you want to develop your imagination, I recommend this book because, the characters and the life of rodent portrayed here is really interesting. I was intrigued by the ideas of this book.. A good book which can bring back your memories of childhood...

I enjoyed the book because it was two books in one. The book was funny. Every time something exciting happened I had a exciting picture in my mind. My favorite part of the book was when Geronimo flooded his house then there was a fire. He fell out of his apartment twice and landed in water.

I think the theme for this book is to not always think your gonna have a bad day on the day you hate. The setting for this book is at the Rodents Gazzet and at Creepelas graveyard/house, the main characters are Geronimo, Creepela, Thea, Benjamin, Trap, and Tina. In this book the person who tells the story is Geronimo, it starts off ans any other book he has writte but more scarier. Geronimo is scared or frightend by halloween he doesn't like it one bit, but he has to write a halloween book on costumes,tricks, and how to make delicouse treats. Since he does not know a single thing about halloween tricks, costumes, and treats, he has to ask for help from one of his assistants friends. Her name is Creepela she is a very creey mouse who lives in a cemetary, because her dad runs a coffin buiseness. So Creepela helped him out and even got a little crush on Geronimo which made im every uncomfortable.

I think that this book is good and I would recomend this to a classmate. The reason why i would recomend this to a classmate is because, this book is very interesting at the same time funny. This book is interesting because Geronimo is talking about halloween and he hates halloween so it was very interesting for me to read about him writting a book on halloween. The other reason on why this book is funnty is because Creepela has a crush for Geronimo and Geronimo thinks that she is attractive but just to scray and creepy for him, and Creepela gets really obsessed and says " If I find out that any other mouse likes you I am gonna stratch their eyeballs out". Geronimos reactions is just really scared and he wants to go home but other than that this was a good book. I feel that the writting of tis book is very creative because he used different colors and fonts for differnt words and I find it very cool and creative. This book is a series but not on the same story but I do wish that there was a series to this book it was very good. I think that out of all the Geronimo Stilton books this one is my favirote because Geronimo is a very adven terous guy and in this adventure he was really scared and he usually is never scared, but overall this was a good book.

Geronimo is één van die boeken die zo razend populair zijn dat je niet anders kan dan nieuwsgierig zijn. Nu had ik twee jaar geleden al een huiswerkopdracht om er eentje te lezen, maar alle exemplaren waren constant uitgeleend bij de bieb. Nog steeds keek ik elke keer eventjes of ze er toch niet eentje hadden staan, maar ik had elke keer pech. Tot een paar weken terug, net voor halloween heen toepasselijk dit boek stond en ik het dus maar mee nam.

Eerlijk is eerlijk, misschien had ik beter een andere mee kunnen nemen. Ik weet dat Fantasia lekker grote boeken zijn. En dat vele bekende verhalen, zoals de Odysee en Robin Hood ook ver-Geronimood zijn. Dit boekje ging over halloween en was zo saai dat ik blij was dat de helft van het boekje bestond uit tips over hoe zelf een halloween griezelfeestje te geven.

En misschien is dat wel de aantrekkingskracht: woorden die feestelijk vormgegeven zijn om geen misverstand te laten bestaan over de betekenis van harig, feest, griezelig of donker, omdat de vormgeving dit gewoon al laat zien. En een verhaallijn die zo weinig voorstelt, dat je niet op hoeft te letten of je misschien eens iets hebt gemist.

Niet aan mij besteed dus, maar zo lang het kinderen aan het lezen houdt, gewoon lekker door gaan.

Halloween has finally arrived on Mouse Island, which means that Geronimo is in for a wild ride the whole night long as his family pranks, fears, and drags him into one scare after the other! Dami gives one of the scariest - and funniest - entries to the "Geronimo Stilton" series yet with this enjoyable adventure. Home truly is where the heart is - if you can keep it from jumping out of your chest!
