### **Debbie West says**

Toby was great, the American hero once again, stopping the plot to kill President Grant. And so was Henry! less of Gisela, of which I was glad to see. too much of her in preceding books. loved to see Ursula, Fred & Maida. would have liked to see more of Paddy & Colleen in the story. and would have liked to read more details about Kentucky's landscape. Am. can't wait to see what young Timmy Holt tries next!

### **Mgsmith says**

May sound somewhat repetitive here but I got hooked on the first book and it was like an addiction. The author shows how the westward movement affected families and individuals while placing them within history itself.

### **Sherie Martin says**

Very good, new characters introduced, not as repetitious as Wisconsin.
