Sharon Hamilton

Nashville SEAL Sharon Hamilton

Nashville up-and-coming star Jameson Daniels has all the women and fame he can handle, covering up a secret past. A chance encounter with members of SEAL Team 3 changes the trajectory of his life, and his willingness to confront his past. Lizzie Reeder has a secret she's hidden from the one man in the world who should know. Would telling him be an act of love, or an act of desperation?

Letty (Cover to Cover Book Blog Reviewer) says

This is a quick read with a good plot. I listened to the story on audible and enjoyed it but admit I had a hard time at first figuring out what it had to do with Navy SEALs. I didn't read the previous series so I had no idea what to expect.

Jameson is an aspiring country singer and has women everywhere he goes. He mentions remembering the one woman he actually felt more for yet when she appears again, he doesn't recognize her. I thought that was strange. Another thing that I was confused about was that he decides he wants to become a SEAL after meeting a group of men at one of the bars where he's singing and the process takes only a few months. I would imagine that being in this branch of the military would take a while to get through. There were several other situations in the story that just seemed to be glossed over and I feel the story would've benefited from having more about them.

I do love second chance romances so when Jameson and Lizzy finally get a chance to talk and she reveals her secret, I was happy that they were trying to make things work.

All in all, this was enjoyable and maybe I would've liked it more if I had read the other books first.

Jane says

Jamison Daniels works hard to find a break as a country western singer and song writer, working in clubs hoping to be discovered. He is a love'm and leave'm guy except for the one memory of the girl from North Carolina that he spent a week with.

Lizzie Reeder, the North Carolina girl, has a secret when she comes to visit Jamison one night. The secret changes Jamison's life and he changes careers to become the *Nashville SEAL* with the nickname Elvis.

On a trip back to Nashville after training, he reconnects with Lizzie and then the trouble starts and the SEAL team goes into action... I enjoyed *Nashville SEAL* and look forward to reading the second story about Jamison.

I purchased *Nashville SEAL* as part of an anthology.

EskieMama & Dragon Lady Reads says

Jameson Daniel is a country singer singing in small time venues trying to get that one break into the big time. When it comes to women it is like a revolving door, different one each night. He just can't forget that one woman a few years back, when he spent a week in North Carolina, that he left go. He meets some members of SEAL team 3 one night during a show, which makes him wonder his direction in life. Lizzie Carter has come to Nashville to tell Jameson her secret that she has kept from him for 3 years that will rock his world.

Wow once again Sharon Hamilton has brought a hot, sizzling romance. It sure warmed this girl up on a cold winter day, right from the start of the book. When I started the book I thought what the heck, were are the SEALs at, I was getting kind of disappointed but eventually they came, this gal got a smile on her face, got to have me some SEALs especially Kyle, Coop & Armando. I just love the brotherhood & loyalty that Sharon always shows in her books with the SEAL team 3, & you will not be disappointed in this book either. I loved how Jameson changed his horn dog ways after Lizzie came back into his life & revealed her secret that she kept from him for 3 years, he was a one woman man after. If you are looking for hot, steaming read to keep you warm during these cold winter nights, you may want to pick up a copy of Nashville SEAL, it sure steamed my glasses up.

Audio Review

I have always enjoyed listening to one of Sharon Hamilton's books on Audio due to J. D Hart that man has the sexiest voice. He makes the characters come to life, has a different voice for each character. But after listening to Nashville SEAL this by far is my favorite to listen to. There are parts in the book where Jameson & Thomas sing & oh my when J. D starting to sing I started to swoon he has an incredible singing voice, I kept hitting the back button several times just to hear him sing. J. D. Hart has ruined me from listening to other audio books. Check one of Sharon's audio books out & you will understand why.

Anita says

Nashville SEALs #1

Advanced Reader Copy (ARC) provided by the Author and Publisher via NetGalley in exchange for an fair and honest review.

I love a good SEAL tale more than any other romance. This one is front packed with lots of steamy sex scenes and back packed with wonderful SEAL action. A sure winner for me.

Jameson is a Country Singer-Songwriter, think Brad Paisley or Dirks Bentley, looking for his big break in Nashville, TN. In the meantime he is bedding anything that asks. What a man whore. Then Lizzie shows up and sends his world into a tailspin. He begins to question his lifestyle chooses and even his desire to be famous. As luck would have it, Kyle Landsowne and his SEAL Team 3 are in the house for a performance by Jameson and the singer and the SEALs hit it off.

Lizzie and Jameson have a child, Charlotte, and she is her first and only priority. When neither of the career paths Jameson has open to him make it seem that he wants to settle down, she splits. But the SEALs appeal to Jameson and he makes the cut and sets out on a new adventure, with or without Lizzie. Then a radical sect infiltrates a local high school and the SEALs are a-- deep in a terrorism plot with Charlotte right in the middle.

Michelle Shelly says

Really good.

I went into this thinking it was a Novella but it's really more of a full book. The whole country star thing is what pulled me in and oh boy did I enjoy it.

Jameson and Lizzie are a great couple. He's a riding country star and she's someone he spent a week with three years ago. Now out of nowhere she reappears but this time she's got a surprise for him. Not only do we get a great love story, it's also has some excitement thrown in there and yes.....SEALS. And we all love them. Excited to see where we go next with these two wonderful characters.

Kelli says

I think pacing was off for me.

There was a lot of detail and description in the beginning, a lot of gratuitous sex with women that weren't the heroine and storywise I understood the decision to show that but it came at the expense of a rushed second half and an ending that glossed through all the climatic elements.

The SEAL aspect seemed disjointed from the character arc and the romance.

The terrorist plot seemed not quite fleshed out or at least detailed the ending a little more.

Also, the antagonists were too much hyperbole and stereotyping for me.

And I love Rumi lol and the author painted Syrian refugees and my beloved Rumi in such a negative light. That was really disappointing for me.

Audio Review

I have always enjoyed listening to one of Sharon Hamilton's books on Audio due to J. D Hart that man has the sexiest voice. He makes the characters come to life, has a different voice for each character. But after listening to Nashville SEAL this by far is my favorite to listen to. There are parts in the book where Jameson & Thomas sing & oh my when J. D starting to sing I started to swoon he has an incredible singing voice, I kept hitting the back button several times just to hear him sing. J. D. Hart has ruined me from listening to other audio books. Check one of Sharon's audio books out & you will understand why.

Gianna says

This book was too much. That said, the writing wasn't bad and the characters were moderately relatable, but the group of antagonists were ridiculous. Essentially, a few kids from Syria and the like are instructed to woo some pretty high school girls by reading them Rumi to fulfill some far-fetched terrorism scheme. This whole book is pro traditional, republican values and it paints anyone from a different country in an incredibly negative light. With all the shit that's going on in this world right now, this is the last thing people need.

Gucci Girl says

I liked this book. This is Jameson and Lizzie's story. Jameson is an up and rising country music singer in Nashville and Lizzie was the girl from NC that he spent an amazing week with 3 years prior. At the start of the book Jameson is quite the "male whore" he takes a different girl or girls to bed every night. He finally meets Cooper , Kyle and some of Seals at one of his shows. He is intrigued by them, he re connects with Lizzie to find out they have a 3 yr old daughter named Charlotte. Jameson takes Kyle up on his offer to stay in Coops Babe mobile in SD Lizzie takes the trip with them. she ends up leaving him in CA. He becomes a Seal.Jameson heads back to Nashville for 3 day farewell concert and of course some of the Seals go with him. Lizzie shows up for the 3 day concert, they kiss & make up only to have their daughter kidnapped by the bad guys. You'll have to read the book to see if they get their HEA. It's a fast pace, has lots of sex, hot tattooed military men, and some good laughs. it's a good read I recommend this book.

Teresa says

Jameson Daniels is a up and coming country singer who has a revolving door of willing wo0men to sleep with and hopes of a recording contract. He meets the men of SEAL Team 3 after one of his shows and starts to wonder if he could have a life beyond singer and women.

Lizzie Reeder shows up after a show one night and announces that when they were lovers in Charlotte, he fathered a daughter who is now 3 years old. He falls madly in love with her and decides after encouragement from Kyle and the team that he could get into BUDs with their help. However, something evil is still stalking the team and now Jameson in Nashville and his daughter and her sister are kidnapped as payback from their previous mission who was able to take down a terrorist cell.

I won't say how it all ends or if Jameson finishes and receives his Trident but even though I wished it was a longer book, I still fell in love with the SEALS Brotherhood with each book Sharon Hamilton writes and can't wait for the next one to come out.

Jean says

Thrilling Action and Romance, what a Combination!

This story was about the couple Jameson and Lizzie but it had just about everything in it

from: a Wedding, a Concert, a Winery, and a Mission...

Jameson and Lizzie were perfect for each other and their little girl, Charlotte, is so cute.

Overall, this book was definitely a Good Read, it was difficult to put down, it was engaging, and it was intensely nail biting at times.

I look forward to the rest of the series.

J.D. Hart did really well with the narration.

Note:

Karlee says

Jameson is an up and coming country singer from Nashville, he's got a new girl in his bed every night. When a girl he chooses to sleep with ends up being a married woman, her husband tries to start a fight the next night. Of course those amazing SEALs we know and love happened to be there and were able to stop the fight. Jameson comes to like the SEALs and starts to consider a change in career. He also runs into an old flame, one he'll never forget, Lizzie. Lizzie has a secret to tell Jameson but how will he react if she decides to tell them? Loved this story and can't wait to read the next book in their story!

Tami says

3.5

Jo-Ann Fitzgerald says

This is another spin off from the Brotherhood series.

When this book starts, we have a alcoholic, singing gigolo, our hero, who doesn't care for too much in the world. He has a few close friends and not many of anything else. He's been trying to make it into the country scene. Then he's noticed he's slowly being replaced by the other guy who has more people as audience members and make sure until he can't to keep on doing this now. He wants more out of life and he decides to sign up after meeting some guys he knew and found out they were SEALs.

Our heroine is a fan of his, but our hero doesn't recognize her. Once she goes back a few years later, to tell him he now has a child, he couldn't or wouldn't believe her. However, she knew certain things about him which told him she was the real deal. When he wants something more, she let's him know she doesn't. They

try and make a relationship work on top of his new job, a child and being called away.

The star sleeping with a fan was a bit far fetched the way it was written but overall not a bad story line. Interesting for the hero to be a singer and then go into the military. Interesting. However, the story was slow on parts here and there. Overall, not too bad. The ending was a bit of a shock and it was good to see him fit in with his new SEAL buddies.

Janna says

Sharon Hamilton - A Seal Brotherhood Novel – Nashville

Jameson Daniels is an up and coming star who has all the women and fame he wants. Now, a record producer is going to attend his next show and he hopes this means a record deal.

Lizzie Reeder has held a secret for 3 years and has decided that she needs to locate Jameson and let him know what their 1 week together created.

Seal Team 3 ended up at Jameson's show and they all met. If you read "Seal Brotherhood: Lucas: Band of Bachelors Book 1" October 19, 2015, Seal team 3 took down a Terrorist organization in Nashville area and will be leaving the area soon. When Jameson met with them, he told them that he had thought about signing up to become a Seal? Just when Jameson was trying to figure out what to do next, the little girl that he has just discovered is his is kidnapped by a resurgence of the Terrorist organization. Seal Team 3 will help Jameson find and rescue his daughter before it's too late.

Find out if Lizzie and Jameson really can be parents to their little girl and if Jameson has what it takes to become a Seal.
