## **Thanksgiving Turkey Trouble** Abby Klein

With more than two million copies sold, READY, FREDDY! is a huge success with first-grade readers!

It's a Thanksgiving disaster for Freddy Thresher! When his first-grade class begins planning the annual Thanksgiving play, everyone will have a role. Freddy's friends are all happy to be Pilgrims and Indians, but there is one part that nobody wants to be—the turkey! Freddy hopes he won't get the part, but—you guessed it—he gets the unlucky role. Now Freddy has to find a way to play the turkey while everyone is laughing at him.

## **From Reader Review Thanksgiving Turkey Trouble for online ebook**

### **Jessica says**

This would be good to demonstrate a play with your classroom. It's good to use to discuss pilgrims, and then have the students themselves perform a play for their parents!

---

### **Emily says**

Fine read aloud. Probably won't make it a yearly tradition or anything.

---

### **Rachel says**

There aren't many children's books with a Thanksgiving theme so I was happy when my daughter brought this book home from her school's library. She's five years old and loves the Ready Freddie book series. This book was a fun book for us to read together. The only thing I don't like is that some of the kids call each other names. I was worried that my daughter would start calling her brothers those names, but luckily she didn't. This is a great middle grade series for both boys and girls.

---

### **Willow says**

I like how he solved his problem.

---

### **Seth says**

Suzzie teased Freddy about being the turkey that it was a bad part but it wasn't Freddy figured out to be a dancing turkey by the principal.

---

### **Krista says**

My second graders enjoyed Freddy!

---

### **10TX says**

Previewed for my child. There was some snarkiness from the kids, but there was also consequences. Mostly

completely unobjectionable content with some positive lessons.

---

### **Erica says**

The plot is very similar to Marc Brown's Arthur's Thanksgiving - Freddy gets the dreaded role of the Thanksgiving turkey. My 6 year-old loves this series.

---

### **Nancy says**

The previous first grade teacher (who retired) had this in her stash of books, so I decided to read it to my class. It was OK. A little too much name calling for my taste, but a couple of good lessons.

---

### **Terry says**

I tend to pick up the books in this series when the library doesn't have books in the other few early chapter book series that I read. The main character, Freddy, is amusing, though I'm not a fan of his parents, particularly his obsessively tidy mother (she was less annoying in this book than in some others). The story in this book had a good message, and I always like trying to find the word FIN somewhere in the illustrations. All in all, I thought this was one of the better in the series. Recommended for kids in grades 1-3, depending on reading ability.

---

### **Teresa says**

Recommended by second grandson as BWB challenge of a book recommended by someone 30 yr younger or older.

---

### **Emily says**

This would be a great book for first and second graders. This chapter book has minimal pictures, but still allows students to enjoy the book. Part of the "Ready, Freddy!" reading series, this would be a great book to have in the classroom for early readers.

---

### **Bryan Sermenno says**

I kind of liked this book because it was kind of sad...SIKE! I'm just kidding but anyways its about this lil kid that is having a thanksgiving thingy with his class and they had to pick parts by picking it out of the hat so this kid named freddy was worried dat he might get tha turkey part and that everybody was gonna make fun of him. she said you get wat you get and you dont get upset and so finally the day came and they had to pick

their parts and guess wat da kid gets.....da

TURKEY!!!!@!!!!!!!!!!!!!!@#@#!@#@#%^\$\$@^\*()\_()\_I+&\*\_(\_%)#@ @ @ !@\*\_\_\_\_\_":!!!!!!~~~~~

~~

---

**Ella says**

it was a good book and I really liked it!!!!!!

---

**Kerry says**

Read with my 6yo son.
