## **Kendra says**

An "Outer Mysteries" book based on the Gardenian Path. Lots of rituals, though still your standard basics, such as the Sabbats and Esbats, and an emphasis on group work.

## **Melanie says**

This book is more suited for groups, but even as a solitary I was able to glean some helpful information from this book.

(Taken from a diary entry written in 2000)

Well, I finally started reading "A Grimoire of Shadows". Would I ever get this book if I know nothing about Wicca? This book clearly states that it is meant for those well school in Wicca. I am not well-schooled. Does this mean that it is wrong for me to go on owning it let alone reading it? However, if this this book is as esoteric as it makes itself out to be, why would Barnes & Noble sell it?
