After You Ophelia Bell

Lazaro desires a particularly kinky favor from his beautiful girlfriend, Celeste. She says no, not unless he goes first. Except what she has in mind is slightly out of his comfort zone. She knows the perfect man to encourage Lazaro to follow through—their tattoo artist friend, Maddox.

Maddox has been secretly in love with Lazaro and Celeste ever since he met the attractive couple. When Lazaro makes an enticing proposition to fulfill his girlfriend's fantasies, Maddox knows better than to turn it down. Even one night of pleasure with them would be worth risking a lifetime alone, and Maddox has nothing to lose.

Loved this, just so yummy. Lazaro and Celeste are a wonderful couple. It's not explained in great detail but she's from a crime family and he's in "the business" and they went through quite a bit to be together. Lazaro will, and has, kill anyone who would harm her. I love stories with these types of characters.

Celeste has full sexual agency. She knows what she wants and what she doesn't want. For example one day when he tries some anal activity without discussing it with her first, she shuts him down and smacks him. Sex is important to them, but so is complete honesty and consent. So after Celeste is intimately tattooed by a mutual friend Maddox, she makes Lazaro a deal. She's play anal games with him if he lets Maddox do it to him first. It's not an ultimatum. She won't love Lazaro any less if he says no. But she wants Maddox and senses Lazaro does too. Maddox, of course, has wanted both of them for quite some time.

I've grown weary of the PWP stories, but loved this because the sex was the plot. The three of them are wonderfully hot together and I could feel the emotional connection between them.

I really wanted so much more of this trio. How they began and how they are years down the line. It pushed all my buttons in the right way. Definitely an author I'll need to check out again.

Ms. Bell has quite a way with story telling! She packs quite the punch in just a compact story! This story was super hot and left me wanting more of this threesome!

Dina Bushrod says

Although this is a novella, the author has managed to give us a good background story of two people who are deeply in love. But does that mean you can only love one person? This story answers that question, at least for these characters. With real love, we must have trust and faith in each other. This story tells us of that kind of love and the desires of one of them to share what they have with another. She senses that there is an attraction, an unspoken bond, one never acted upon but still there, between her lover and a close friend. Someone she is also attracted to and whom she knows has "feelings" for. I don't like doing spoilers so this is all I'm giving. I recommend this book to all who believe that romance and sex, together with trust, can be a magnificent thing for all. So get the book and come along for a sexy and exciting ride to love, or will it be a disaster.

Rhonda says

This short is a good read

If you want different in the way the sex is approached then this story is the one for you. It is hot and intense in the doing.

Interesting way the heroine, Celeste, approaches her sexuality.

Charlotte Hodrick says

wonderful story

Stephanie Dreyer says

Very dumb and not worth reading.

Nessa says

Okay, this story makes me think that maybe I should go get a tattoo. :) A couple who explore their fantasies by adding Maddox to their bed, was very erotic. I enjoyed this short story which was very well executed in a way that allowed me to fully imagine the scene. Very tantalizing.

Lisa says

Loved this hot quick read!

Lazaro wants something "particular" from his girlfriend Celeste in the bedroom, but Celeste will only agree if he goes first. This leads them to a hot night with their best friend Maddox, who is very happy to help since he's in love with both of them!

It's risk versus reward. Will what they each want cause a rift for everyone involved? Great characters and of course the chemistry is off the chart! Everything about this story was hot, hot, hot!

Donna says

Not much backstory, but a good story. It is basically one night with both men and acknowledging their feelings. If you want a ménage without much character development then this is worth it.

Marianna says

Super short but super hot. A little m/f/m and a little m/m.

Rebecca Membreño says

Apropos

The title is polite for this trio. They are hot and sexy, the descriptions put you with them by sense of smell. Very enjoyable short and they deserve to be together.

Kathy Senft says

Very short to the point erotic read.

Character build is excellent for the length of the book. I would like to know more about Maddox, there is so much more to him I'm so very sure.

Lazaro, desires all of Celeste; she has a proposition for him that he must struggle to understand. Celeste loves Lazaro completely, but something is missing. She has noticed the easy going and stolen glances from Maddox toward both her and Lazaro. And she knows how Maddox makes her feel, could Lazaro feel the same? Follow this trio as they test new territory in the search of forever.

Helen says

Some of the things women can get a man to do. Wow. This was an amusing story. Larsaro wants something special from his girl Celeste who is willing only if he goes first. Oh year she has his number. Nice story if you are not queasy about male on male add female.

Ally Cakes says

Eh

Plot was a little confusing. The writing was hard to follow. Story was too short to be coherent. Need to be

longer.
