Atado a dos osos

Kelex , Rocío Pérez (Translator)

Atado a dos osos Kelex , Rocío Pérez (Translator)

Carson Davies, soltero recién abandonado, decide que irse a las vacaciones que había planeado con su novia, todo con la esperanza de arreglar su relación, es la huida perfecta que tanto necesita para aclararse las ideas. Unos días de soledad y hacer senderismo por la pintoresca Bear Mountain es justo lo que cree necesitar para seguir adelante. Pero tan pronto como llega se ve sorprendido por la sensual reacción que sufre ante los dos propietarios. Los dos propietarios masculinos. Carson nunca antes se ha sentido atraído hacia un hombre, y se opone a esa sensación con todas sus fuerzas.

Royce y Jared saben que es su pareja tan pronto como entra por la puerta de la cabaña. Están listos para reclamarlo como suyo, pero saben que deben tener cuidado: ese hombre se considera hetero, pero éste es el menor de sus problemas. Tendrán que mostrarle cuál es la verdadera naturaleza de ambos, sus osos interiores, y rogar que no entre en pánico.

Los cambiaformas tienen sólo tres días antes de que el humano vuelva a casa, y en ese tiempo tienen que mostrarle a Carson lo unidos que están, y tener la esperanza de poder seducirle hasta que se rinda ante ellos.

Katrina Passick Lumsden says

Well, the story itself is bad enough. This is not menage, this is two "Dom" bears sharing a mate. And their mate happens to be a totally vanilla straight guy who, within the course of a day or two, is giving his ass up to two men who can shift into bears, and getting off on being flogged like a perfect little sub.

No. Just no.

As if that wasn't bad enough...

"The fine hairs at the base of his head rose, alerting him to the eminent danger."

Warning: Eminent danger is imminent.

"...as he fanaticized between the two sexy men..."

"...the first time anything had ever broached that hole."

"He settled both on the desk beside Carson and leaned on the edge, awaiting Carson to eat."

And on and on.

Definitely **Removed from Kindle**

Danielle says

Urg...I'm not sure what happened here. I think maybe the story needed less sex and more padding to make the mating between these three even remotely plausible.

Chris Hernandez says

This is my first shifter book and I really liked it. It was so fucking hot. Im new to these kinds of stories so try to understand me while I'm basking into this new venture.

V says

One of the most dysfunctional 3some I've ever read, Royce and Jared you don't love each other, you fight constantly. you hurt each other physically and the nasty words are a daily norm. Awful, just awful guys.

Don says

DNF- I mistakenly thought that with two Top Bears and one human bottom there would be at least a bit of sizzling kink. I thought wrong. It was more like Goldilocks and the Three Bears, sugar sweet and covered in treacle....but hey, if that's what you're into....

Tiferet says

So bad. SO BAD. And unfortunately not of a "so bad it's good" variety.

EDIT: the series gets considerably better as the bear lore builds up, but you gotta survive this one first.

Susan says

Mpreg and bear shifters. Couldn't go wrong I thought!
Well, I thought wrong.

This was horrible.

I can do a MMM book if all parties are loving and there is no jealousy.

But these 2 bear shifters are not involved with each other and never will be. They are only involved with their human mate. And therefore there was a lot of jealousy.

And don't even get me started on the ridiculousness of being a straight man, turning gay in a couple of hours and being a perfect sub and getting off on pain the next day, even though he has never tried BDSM.

Too much of everything in this little story.

Rachel Emily says

This was kinda hot...really, really hot. Fun, sexy times and I liked Carson and Jared...felt so so about Royce. I'd definitely read more in this series!

BLURB

Newly dumped Carson Davies decides the vacation he'd planned to take his girlfriend on—in hopes of fixing their troubled relationship—is the perfect getaway he needs to clear his head. A few days of solitude, hiking along picturesque Bear Mountain is just what he thinks he needs to move on. But as soon as he arrives, he's shocked by the sensual reaction he has to the two owners. The two male owners. Carson has never been attracted to a man, and he fights the sensation tooth and nail.

Royce and Jared know their mate as soon as he walks in the door of the main lodge. They're ready to claim what's theirs, but know they need to be careful. The man sees himself as straight, but that's the least of their problems. They'll need to show him their true nature, their inner bear, and hope it doesn't send the man packing.

The shifters have just three days before the human is scheduled to go home. In a short span, they've got to show Carson how bound they all are and hope they can seduce the man into surrendering.

Bound To Two Bears

I really don't go much for the whole shifter thing, however on occasion I see one that catches my eye, and this one did. OK, I'll admit the smoking hot cover didn't hurt. It also didn't hurt the fact that I'm a bear. No, not a shifter, people! I'm what's considered a Bear in the gay population and my so's my hubs, so yeah. I expected the standard shifter story and, well, what I got was a smoking hot read. Heck, I'm surprised my Kindle didn't melt, so be forewarned.

THE CHARACTERS

Carson:

After grabbing his duffel, he headed for the front door, knowing the minute he walked outside, it would be like closing the door on this chapter of his life. As the knob clicked behind him, he paused, closing his eyes. It was done. He was alone again, with nothing but himself. The gnawing ache he'd felt for months grew in his chest, and he suddenly knew what it was. Loneliness.

The human's handsome face. His blue eyes were the color of the blue sky on a summer's day on the mountain. His hair was blond with glints the same shade as the golden bits shimmering in the mountain's creek bed under that summer sun. The color was matched by the stubble growing on his face, not yet a beard. By the glow of his skin, he'd spent many a day outdoors, enjoying nature. His body was fit, too, muscled in all the right places.

Royce:

Royce had to be at least six and a half feet of pure muscle. Calling Royce a bear of a man was an understatement. He had thick, curling dark hair and a thick beard to match—and both only made him appear all the more menacing. Menacing might not be the right word for it. There was something bubbling under the surface that told Carson to be careful, although he felt no threat at the same time. Carson felt... drawn... to the man, ...

Jared:

They were best friends. Had grown up together. They weren't usually at odds with one another, even considering how different they were, but here lately, it was all he could do not to let his bear out to growl. "You don't have to boss me around. We're equal partners in this business, as I recall."

THE STORY

The story was well crafted and carried out consistently throughout the book. I liked the whole plot of Carson booking a weekend at Bear Mountain to rekindle his relationship with Deidre, his girlfriend, only to have her bail out at the last minute. His ensuing decision to go to Bear Mountain to be with himself was the best decision he ever made.

Alone inside, he faced the mirrored doors and saw the sadness in his own blue eyes staring back. Carson was unusual, and he knew it. He didn't make a good bachelor. He liked having someone to come home to. Someone in the bed beside him at night. He liked feeling a sense of belonging. That was likely the reason he'd remained with Deidre too long, even when that sense of belonging faded.

THE WRITING

The writing is one of the things that got to me with this book. It's good quality writing. No hiccups, no jumping, good editing consistently throughout. The story flows smoothly and the sex scenes are scorchingly off the scale HOT! Yeah, let me repeat that, they're off the scale intense. Somebody knows their stuff with this whole scene. The writing flows through Carson/Jared/Royce's story in a smooth flowing arc that works very well.

Oh yeah, no spoilers, and you seriously do not expect this ending. Hehehehe!

I am seriously looking forward to Bear Mountain 2. Bring it on!

Carla Hamilton says

It was ok

The book was ok, but I think everything just fell into place a little too easily. Also, I didn't like that Royce and Jared fought over Carson and tried to outdo each other for his attention. They call themselves a triad but Royce and Jared don't love each other like they do Carson. It's more like Carson has two mates and Royce and Jared have one, I don't think that classes them as a triad. Also, although Royce and Jared call the other

their best friend they don't seem to actually like each other, they literally fight over Carson and are mean to each other. They don't seem like friends, more like two men who no they're going to have the same mate so they're just putting up with the other because of that.

It wasn't a terrible book, it just wasn't what I expected.

Amy says

My only problem with this book is the fact that the Bears are not in love with each other nor do they have a sexual relationship. I really wish this wasn't the case.

Theresa says

Recommend you skip this first book. Really bad GFY. Did not buy the human suddenly turning gay and wanting assplay when he didn't want it with his girlfriend. Didn't buy the human suddenly enjoying a BDSM flogging plus spit roast scene. All of this happened within 12 hrs. The two bears had a horrible relationship with the alpha being a real ass. The menage was different - BHB - there was no sexual interaction between the 2 bears.

In this shifter series, "brother bears" are attracted to each other at a young age. They don't always have a sexual relationship. They are sexually attracted to the third or "mate" in their menage. As far as mpreg, one brother bear provides the sperm, the second provides the egg and they double penetrate their mate who acts as the incubator. Babies are shifters, usually male, and are delivered by cesarean.

Deanna Against Censorship says

Hot Story but Needed to be Longer.

Hot guys. Lots of sex and a touch of BDSM. Needed more story as there little holes that bothered me. The two bears each had their own place but why? We're they not a couple looking for their third? Clay for lube. Not a turn on. I wanted more of the pack dynamics.

The bears owed Carson a warning about one part of the mating process. I also wanted to see love between the two bears. I want my multiple partners to interact with lust and love with all partners.

This was a well written story with no errors to grab my attention away from the story. The idea of the bears and their land intrigued me. I will read the next one in the series hoping it has more story.

ILoveMyAudibleKindle says

I listened to the audio.

the cover and story implies youthful or non-senior characters. so with that picture in mind and the narrator's

voice, i couldn't get into the story . those two things warred with each other so much that it distracted from the story. sorry

A??ela W. says

Spoiler Ahead This was a really good short quick read that I enjoyed. Carson Davies planned to take his girlfriend Deidra on a weekend getaway to Bear Mountain when she dumps him he knows that their relationship has been over for awhile. Royce and Jared are bear shifter who own the resort. When Carson walks into the resort and both are hit with instant lust they both know that Carson is their mate and they are ready to claim him. The problem is Carson is straight and has never been attracted to another guy, but every time he is around Jared and Royce he is hit with lust so strong he can't think straight. While in bear form the bears fight and Jared hurts Royce and Carson witness this and goes to help and learns that the guys are shifters and that he is their mate. This was a really good book Carson is confused about his feelings from learning that shifter's are real to being attracted to men Carson as always felt that there was something missing from his life and now he knows what. After returning home he realized that he should have stayed with his bears now he has to deal with Deidra who is trying to use him because the guy she left him for doesn't want her and she is homeless. This book was well written with no errors in grammar or spelling this was my first time reading this author and this is the first book in a new series for me. I am looking forward to reading the next book.
