## **Big Snowman, Little Snowman Tish Rabe**

Walt Disney Animation Studios presents an epic tale of adventure and comedy with *Frozen*. When a prophecy traps a kingdom in eternal winter, Anna, a young dreamer, must team up with Kristoff, a daring mountain man, and his reindeer on the grandest of journeys to find Anna's sister, the Snow Queen Elsa, and put an end to her icy spell. Encountering mystical trolls, a hilarious snowman named Olaf, Everest-like extremes, and magic at every turn, Anna and Kristoff battle the elements in a race to save the kingdom from destruction. Directed by Chris Buck (*Tarzan*) and produced by Peter Del Vecho (*Winnie the Pooh*, *The Princess and the Frog*), the comedy-adventure *Frozen* journeys into theaters in November 2013. Girls and boys ages 4–6 will love this Step 1 Step into Reading leveled reader based on the film.

## **From Reader Review Big Snowman, Little Snowman for online ebook**

### **Miss Pippi the Librarian says**

Disney's Frozen comes to an easy reader format.

If you are familiar with the movie story line, this book retells the story. The snowmen are mentioned but they are not the stars of the book. As stated previously, the story of Frozen is retold. The wording of the retelling highlights opposites (happy/sad, on/off, in/out, etc). It's a fine book for early readers or for Frozen admirers.

---

Reviewed from a library copy.

### **Jesse says**

I was honestly impressed by this Disney easy reader. Usually, they're are completely out of tune with the purpose of easy readers: to be able to be read by children alone or with some help. This book, however, mostly avoided complicated words, introduced opposite terms throughout, and rhymed!

---

### **Kristen Lauderdale says**

Not sure if this is a valid criticism or not, but the way the story is presented here would make no sense if you hadn't seen the movie. The author should have gone with just showing opposites or retelling the story. They tried to do both and ended up with kind of a mess.

---

### **Jane says**

It took me a couple of reads to realize that this was a rhyming book because the rhythm is a bit off. Each section illustrates opposites, in and out, together and apart, and it's all beautifully illustrated, loosely following the storyline of Frozen. This is a good pick for beginning readers, especially if they are fans of Frozen. It can also be read to younger children who are learning about opposites.

---

### **Courtney Thompson says**

#### **Good**

Good good morning baby I'm going out tonight but I'll let me please do you want the hunger and hair is a bit too many times have been in

### **Marya says**

The text is certainly at the appropriate level, but you need an intimate knowledge of the plot of Frozen to be able to understand this uber simplified version. Like even a 6 year old girl had to be reminded of the plot nuances, since they did not involve fashion or singing.

---

### **Benjamin says**

**Good for beginning readers**

**Good for beginning readers**

My 6-year-old daughter enjoyed this book (she loves the movie), and she was able to read along on the pages. I like the way the book introduces contrasting words in all caps so they're easy to spot - it makes for a good opportunity to discuss the capitalized words and talk about them specifically. Nice job with this.

Big Snowman, Little Snowman (Disney Frozen) (Step into Reading) by Tish Rabe

Print Length: 32 pages

Publisher: Random House/Disney (October 22, 2013)

Sold by: Random House LLC

ASIN: B00FMZSN8O

My Review~

I bought this book for my daughter after taking her to see Frozen. She loved the book and that she could recognize and read along with me. She just adores the step into reading books especially with all her beloved Disney characters on them. The illustrations in the book are as stunning and easy to grasp as the words. Wonderful job putting a book together for the kindergarteners. My girl loves it!

Amazon Book Description~Walt Disney Animation Studios presents an epic tale of adventure and comedy with Frozen. When a prophecy traps a kingdom in eternal winter, Anna, a young dreamer, must team up with Kristoff, a daring mountain man, and his reindeer on the grandest of journeys to find Anna's sister, the Snow Queen Elsa, and put an end to her icy spell. ## **JINA YU says**

This is the famous story, FROZEN, in easy sentence version. There are opposite words which are written in bold so children can recognize them easily. Most sentences consist of subject, verb, and object. Children will be fascinated by this book.

---

## **Kate Puleo Unger says**

Big Snowman, Little Snowman is a Step 1 book we somehow missed when we were having our yard sale. I selected it as a "Book about Winter" one night when Christopher was over tired and needed a super easy read.

This book is so weird! It's a mix of rhyming phrases, somewhat following the Frozen story line, with tons of odd opposites thrown in. Why? Just, why? Someone gave this book to Jim for some reason, and it's just not very good, even for a Step 1 book.

It's going in the Goodwill pile today.

---

## **Rosa Cline says**

This is a good opposite book for young readers. Text is simple for them to be able to read and also helps teach the opposites as well using characters from the movie Frozen that most children recognize.

---

## **Courtney says**

There is something about a classic Disney novel that the newer stories will never be able to replace, but with that being said I do love the newer songs and catch phrase.

Sometimes you find that the more modern a storyline is, the more they tend to stray from proper ethical boundaries; however, this story is not one of those and for that I am glad.

My children enjoy the movies, but more importantly they love the books. I couldn't all for anything more.

---

## **Christopher says**

While I do obviously understand that this was written for very young children who are just beginning to read (I picked it up because I absolutely love *Frozen*), it would be difficult even for a very young child to follow the plot of this book; you would definitely need to have seen the movie. It isn't that the reading level would be too difficult for a very young child to read (it's definitely written at an appropriate reading level for very

young children), but far too much is left out of the plot. Tish Rabe (the writer), for example, reveals that Elsa runs away and creates an ice palace, but she does not explain why. If I were a young child reading this book without having seen the movie, the book might help me enhance my reading skills, but the plot would be utterly nonsensical.

---

### **Melissa Namba says**

I like the user of oppositions in this book. although I don't think it needs to follow the movie exactly, I was bothered at the fact that the end of the book refers to things that happened in the movie, but not in the book.

---

### **Christie says**

Cute story. I like these level one Books, there super helpful for early readers. This was our weekend library pick up for my little kindergartener. ?
