**Claiming Their Mate: a Sci-Fi Alien Dark Romance (Tharan Warrior Menage Book 5)** Kallista Dane  
CAPTURED. ENSLAVED. DELTA THOUGHT HER LIFE WAS OVER...  
UNTIL SHE WAS GIVEN FOR A NIGHT TO DOMINANT ALIEN TWINS WHO MADE HER FEEL  
MORE ALIVE THAN SHE'D EVER FELT BEFORE.

Zandyr and Zhynn are Tharan Warriors, sent to the desert planet of Borvaan. Their mission: uncover the barbarian ruler's plan to wage war on neighboring worlds - and rescue the human female sold to his harem.

Delta Greystone served as First Mate on the Earther ship Luna and the Tharans have been ordered to find and free her. They've been warned the pheromones of a human female will stir their gyron, awakening a savage need to dominate her and claim her as their mate. Together, as is the Tharan way.

Back on Earth, sex with her ex-fiancee was just one more thing for Delta to tick off her to-do list. But the hot alien twins awaken wicked desires she's never had before and their thrilling mastery drives her wild.

When Delta finds out their spying has been discovered and their lives are in danger, she sets out across the burning sands to save the twins. Alone and on foot. Will Zandyr and Zhynn track her down in time – or will the merciless desert kill all three before the twins can claim her as their Tharan mate?

### **Jan says**

OMG I loved it!!! When the Luna crew was taken and pretty much scattered to the winds all over the place, you never knew who would be sold or worse. When Rhom & Rhynn send Zandyr & Zhyenn to find and bring back Delta. Delta was sold off as almost sex slave for Lord Axum. Creepy looking. But the guys were warned about how the humans have set off the Gyron in most of the Tharan Warriors. And that is exactly what happens with Zhy and Zan. They both take one look at Delta and knew she was their mate. But first they had to get her out of that horrible place first.

The guys cracked me up. I loved their tongue and cheek humor. In the beginning I was really scared for Delta. I thought it would take the guys a long time to find her. But thank goodness they found her. And to have to go across that desert. UGH! They guys didn't jump Delta and took their time with getting to know her. Plus her crappy fiancé from earth treated her so badly. Im glad that they could prove to her that her ex was a jerk. I love this series. I cant wait to see what happens next.

### **Kathleen R. says**

Kallista Dane is a new author for me, but one of the things that attracted me to her book was the science fiction and alien aspect. The first 'intergalactic' romance novel i read was from Johanna Lindsey and that started my taste for it, and very rarely have i been disappointed by new authors i've read in this genre.

This author was no exception. It may have been the fifth instalment in the Tharan Warrior series, but it didn't feel as such, and that for me is a winner. There's nothing like diving in the middle of a series and just getting your interest piqued at having a glimpse at other characters and their history in a new book. It didn't leave me with the feeling that i was missing something, that i couldn't understand who the Tharans are, nor what their link to humans were. Nor did it leave me with the huge question mark on my face as i read along because i'll admit, it is NOT a good look on anyone!

It was a short-ish book, took me a bit longer than i would have liked to finish this book, only because it's been an insanely busy weekend and couldn't read as much as i would have liked, but at the same time, whenever i had a spare second or minutes, i had my kindle open and was reading like there was no tomorrow... i may have been late to get to a few appointments because of it, but i will never fully admit it! ;)

For my first taste by this author - i have to say that i really did enjoy it and can't wait to read more from her in the future!

### **Saskia says**

The fifth book in the Tharan Warrior books nad it follows the story of Delta, Zhynn and Zandyr.

What I loved about this book was the banter between the three of them and how the twins made Delta feel about herself. They encouraged her and made her feel worthy.

And the part of the story that took place in the desert was really good. I was sitting on the edge of seat while reading. It was very powerful.

A great addition to the series.

---

### **Judy says**

I really like this series. It is full of strong women and hot protective men. When Delta was sold into slavery by pirates who took over the ship she was First Mate on, two Tharan men were chosen to rescue her. Zhynn and Zandry are twins from Tharan are given Delta for the night by the her slave owner. Of course there is a

connection and the twins recognize her as their mate. Delta tries to save them and in return they try to save her. The story is full of excitement and of course some hot scenes along with a little bit of punishment. Each book in the series is a stand alone but some of the characters from previous books show up in each book. The book keeps your interest and the series is well worth reading if you like alien romance.

### **Rose Howse says**

Delta finds herself a prisoner of slave trader Garex and sold to Lord Axum for his harem. Axum is Master of All That Exists on Borvaan. As Axum is choosing his next slave, observing are twin brothers Zandyr and Zhynn. The twins were sent to rescue Delta and warned that human women could possibly affect them with their sexual pheromones and they sure did! Their own sexual Gyron, aka chemicals, pheromones affect Delta and as Lord Axum rejects Delta and offers her and two other females for his twin visitors use, they choose Delta and another slave Neema a very overly shaped big woman so they don't appear to favor just Delta. They settle Neema in her own room to rest as they learn what they need to about Delta and the raging pheromones that flow between the three of them. They find out through Neema that Lord Axum plans on killing the twins soon so they must figure out how to get away with their lives. The land around them is all scorching hot desert that can burn human skin swiftly but Delta has skills she feels can help her to get to help for her twin mates and sets off alone to help. There is fear and adventure along with risk of their lives by many different threats but they carry on with each of their goals to stop war and survive the harsh environment and deadly wildlife around them while dealing with their irresistible attraction to each other. Claiming Their Mate has it all and kept me turning the pages to find out how everything works out. Yes, we do get a HEA which made me very happy!

### **Amanda Sauer says**

This is a fun series. I do recommend reading the other books prior to this so that way you know why everything is happening. There is a pretty large backstory and without reading the others, I feel that the series won't make as much sense. Delta is a very broken woman that seems like she doesn't care what happens to her anymore, to an extent. Her choice to escape a bad relationship and trek the universe instead of being stuck shows how brave she can be, and she is written that way. The twins don't seem as dominating as some of the other twins in previous books, (book one and two are prime examples) but they still try to dominate Delta. I like how the books are written with the change off between the three main characters and I like that the twins talk inside of their heads to each other and that Delta was brought in rather fast to their relationship. This is a fun series to read and I look forward to learning who else gets rescued in future books. Be warned that there is dominance in this series and lots of spanking as well. ### **Maureen says**

Kallista Dane really has done a great job on this series. Her Tharan Warriors are huge and sexy and very domineering. This book is Delta's story, she has been sold to Laird Axum to be part of his harem. When she finally gets to

his palace she is put through a embarrassing medical examination by the Aliens Zandyr and Zhynn are brothers and have been assigned to find and bring back Delta as well as find out why Laird Axum has stepped up the purchase of females for his harem. Is he using them to gain knowledge of other planets/worlds? Upon arriving they spot Delta and they are asked by Laird Axum to pick out three females. Delta is there and she is theirs, now all they have to do is earn her trust and get her out of their.

For those who have read all the books from this series you are definately going to enjoy this wonderful book..

## **Pam says**

Book #5, Tharan Warrior Ménage series. Kallista Dane's Tharan warriors keep getting more spell binding with each new book!

**SPOILER ALERT: THIS IS THE FIFTH BOOK IN THE THARAN WARRIOR M?NAGE SERIES. IF YOU HAVEN'T READ THE FIRST FOUR BOOKS, THIS REVIEW MAY CONTAIN SPOILERS.**

When your spaceship's been hijacked by pirates, imprisoning you and your friends, how do you cope? For Delta, there's no choice. Sold off, one by one to slavers, Delta and her friends have little hope. Changing hands time after time, she's finally sold to the barbarian ruler of Borvaan, Lord Axum. His harem is infamous across the galaxy. Escape seems impossible. Who can she trust? The palace is full of hidden intrigues and agendas. But Delta's no shrinking violet. She's determined to escape, regardless of the cost. But how? Is there any hope? Why would anyone risk their life to save her? Lord Axum may look like a frail stick of a man but he rules with an iron fist. His subjects live in absolute subservience to his whims. The members of his harem, gathered from the far reaches of the universe, are terrified of his attentions. Enter Zhynn and Zandyr, twin Tharan warriors, erstwhile ambassadors from Tharon, who've been tasked with obtaining intelligence on Borvann. But there's a hidden motive here. And little do they know what's in store for them. When Delta and the warriors connect, there's an inexplicable connection between the three, one that may prove fatal to all three. As the stakes become deadly for all concerned, Delta makes a fateful decision that just may destroy all three. With Delta's past clouding her judgment, can Zhynn and Zandyr save Delta from her own destruction? Is there any way for Delta to overcome her past, lack of trust, even herself? There's just one way out. Zandyr and Zhynn hold the key to Delta's salvation. The question is, does she have the strength to accept their help? Or will she destroy any chance of saving not only herself but the two men who hold the key to her very survival?

I started reading Kallista Dane's books on the recommendation of a friend. Once I started this series, I was hooked. Claiming Their Mate is the best book yet, chock full of mystery, intrigue, and, of course, hot love scenes. But beyond that, the characters are compelling. Delta's a mystery wrapped in an enigma. Her past holds her captive. At times, her doubts and fears nearly cripple her. But she's determined, feisty, and committed to escape, regardless of the odds. And while Zhynn and Zandyr are the ultimate dominants, they also have a tender side that's so alluring. They brook no insolence or defiance but also demonstrate compassion and care. It's this dichotomy to all three characters that make this story so captivating. I was hooked me from the beginning and fell in love with all three. And without the supporting characters? The story just wouldn't have worked. Neema, Lady Sylla, Commanders Rhynn and Rhom, Cass, Aliya, and even Lord Axum and his minions all add spice and ambiguity to the mix. Kallista Dane has breathed life into a sci-fi erotic romance that's extraordinary and as real to the BDSM lifestyle as any modern day take on that way of life. I can't give this story anything less than five stars. Congratulations, Ms. Dane! You've written

another superlative book in this series. I can't wait for the sequel!

One final note. Be an informed reader! This is an ADULT book. It contains explicit language and sexual scenes. If you don't enjoy this genre, this may not be the book for you. There are book synopses and reviews available on Goodreads and Amazon. Use these resources. **DON'T LEAVE A NEGATIVE REVIEW WHEN YOU KNOW YOU WON'T ENJOY THE BOOK.** It's not fair to the author. She works very hard to provide a quality work product. If you know you'll object to the book's subject matter before you buy it, you're doing yourself and the author an extreme disservice.

Thanks for reading my review and happy reading!

## **Donna Louise says**

By Donna Lon February 17, 2018

Format: Kindle Edition

I know when I have read a good book, i can't get the characters out of my mind. The creativity and soul given to this story is apparent as the words turn around in your head. The characters were rich and well developed, revealing their individual traits as the story unfolds. This is one sexy read. Who would not want two sexy, dominant Tharan Warriors as their mate. Delta Greystone, first mate of the ship Luna, thought her life was over after being captured and enslaved by slave trader Garex. Delta was sold to Lord Axum to be part of his harem and was shocked to be given to twins, Zhynn and Zandry for their pleasure. The twins are on a mission to save Delta and return to Tharan and uncover any threat or plans of war by Axum. The twins recognize Delta has their mate, their arousal is strong and is only triggered when awakened by a special female, one whose biological characteristics complement their own. Delta's pulse races, the twins trigger her own arousal which she thought was dead. Can they really be her mates. The plot includes danger, hot sex, sexually tension and love. A fast paced story from beginning to the end.

## **Renee says**

Zandry and Zhynn are the typical Tharan twins. Loving life and women. Until they meet Delta. I enjoy Ms. Dane's books because her female characters are so strong and smart. The world building is so well done and her characters you just fall in love with. Don't miss this next story in the Tharan series.

---

## **Megan M. says**

### **You can find love anywhere in the universe**

\*DON'T buy this book if spanking or medical play isn't enjoyable to you!\*

For those of you who don't mind a spanking here or there, this book is for you. Delta, a female human, gets sold into sexual slavery. However, her mates come and rescue her. This was the first book I read in the Tharan world, and I will be adding more of them to my TBR pile. I liked the idea that the warriors are brothers who feel everything the other feels. That's a novel concept to me. I borrowed it through the Kindle Unlimited program.

---

## **♥?Fantasy Land Blog Book Reviewer♥? says**

### **Claiming their mate**

Rhom & Rhynn send Zandyr & Zhynn to find and bring Delta home. Delta has been sold off to a creepy Lord Axum who keeps a harum of sex slaves.

Needless to say Delta doesn't take it lightly on being sold, but she is trained to keep herself alive. But when the twins show up to help. She will take it.

---

## **Karen Nastasio says**

Another great book that draws you into the story and makes you believe it's real. What a great author you are Kallista Dane and a great story teller I was captivated in this series from book 1 and haven't stopped, Delta, Zandyr, Zhynn story is just as good as the rest about finding the one that completes you above all others.

---

## **Kimberly says**

### **Fantastic**

A race across a desert to save the first mate of the human crew from being the slave in a harem. Two strong warriors who are healing their hearts after crushing news by mating any available female they come across and a harem sounds perfect for them. Loved the action and similarities to earth history makes it intriguing as well as steamy.

---

## **Claire Cronin says**

This was my first book by Kallista, so haven't read any of the other Tharan books in this series. Although it can be read as a standalone I felt a little lost with some of the references, so would maybe recommend reading some of the others in this series first. But saying that, I enjoyed this story and its setting, and would

definitely go back and read the other books in this series!

Delta is a prisoner of a slave trader who then get sold to Lord Axum for in his harem. She gets presented to the Lord but he doesn't pick her, instead she is offered as a gift and is taken by the twin warriors Zandyr and Zhynn, who are there undercover to find out just what Lord Axum is up to but also to rescue Delta from him.

But the twins recognise Delta as their true mate, which happens rarely with their species and a human, only triggered by one special female and the right set of biological characteristics that best match their own. They have to fight their innate ability to mate with her until they can get her to safety.

Its a fast paced story, with MFM, spanking and medical play, but not as 'brutal' as what I was expecting really! I loved the characters and how the twins could communicate with each other. If you're into Alien / Sci Fi / Menage then I'm sure you would enjoy this.
