## **Exposed: Laid Bare** S.R. Grey

A sexy novella where things are not always as they appear. Enter the Laid Bare world only if you dare.

There's something about Lucien Chambers. Something beyond his amazing success, his good looks, and his uncanny ability to turn everything he touches to gold.

In the eyes of the world, Lucien is a sexy and savvy business man. But when a naïve photographer, Dahlia Vaughn, is hired to take pictures of the hot entrepreneur, she discovers Mr. Chambers may be much more than what he seems.

## **Paranormal Books R Us says**

Sooooooo hot! It doesn't have to be a long book to completely suck me in and this one certainly did. Lucian is rich, sexy, mysterious, and as Dahlia is soon to find out he is much more than he passes himself off to be.

As long time lover of paranormal books I was absolutely blown away by S.R Grey's first dabble in paranormal romance! It is definitely a bit dark and Lucian is one baaaaad boy (in the best sort of way) leaving me very much in need of a cold shower by the time I was done reading. And although we know he is something other than human we never really find out much about him. Which of course left me absolutely NEEDING to know more. As I mentioned it is a bit dark and highly sexual so it might not be for everyone but I can't wait for the next instalment of this story and in my opinion Exposed: Laid Bare is HIGHLY recommended.

## **Nikki Reeves says**

Let me just say this first... I NEED MORE LIKE RIGHT NOW!!! Normally I do not read anything paranormal but after reading the blurb I had to take a chance. I am SO happy I did. Words cannot describe the questions rolling through my head as I was reading this.

First off WHO and or WHAT is Lucien? I mean of course his name alone makes me think one thing but then again the blurb says things are not what they appear. Could I be wrong in what I am thinking? Is this sexy business everything he appears to be? I am literally biting my nails waiting to find out.

Dahlia is so innocent. I really liked her from the get go. But immediately Lucien changed her completely. How can taking photos of someone turn into a hot and sexy romance? At times I felt just like Dahlia. One minute I was thinking this and the next that. As I was reading I was completely sucked into Lucien. I was so obsessed with trying to find answers I literally read this book in 20 minutes. Be ready for a ride that is going to leave you asking... who is Lucien, what is he hiding, can I have him, and when will there be more? This is an excellent novella and I look forward to the next installment.

**Amanda says**

What are you doing to me S. R. Grey?!?!?!?

I have been staying away from Paranormal because I got so burned out on it...but this had just enough where it wasn't completely overpowering but it left me not just needing to read more but wanting to read more.

With that being said...Lucian...he is a mystery, and we are never answered the one question we long to know, "What is he?". Now I have my theories but I'm keeping those to myself for now...but I do have thoughts as to what he may be or not be.

This was a pretty easy read, it wasn't long but still we got a lot of content in what was there, and on a steaminess level it was a 10 out of 10. I felt a connection with the characters, the author definitely did an amazing job writing the characters.

The ending wasn't a cliffhanger per se but it leaves you wanting more none the less, and I can't wait to read more of this series.

## **1-Click Addict Support Group says**

Wow! This book is nothing like what I expected. That being said, I couldn't put it down. It was addictive and intriguing.

We meet Dahlia, a 26 year old photographer, who is super picky and quirky. Oh, and a virgin.

**"I sure hoped that that something – or someone – happened soon. Mostly because being a virgin at the age of twenty-six was beginning to feel downright embarrassing."**

She is entranced by a man, Lucien, when she goes to photograph him. It doesn't take her long to realize he isn't an ordinary man.

**"No, Miss Vaughn, I am not an ordinary man."**

Dahlia finds herself inexplicably drawn to him even though she knows he's dark and dangerous. Even though her cousin and best friend, Veronica doesn't want her around him.

**"I felt as if I were in some twisted fairytale where he was my prince. A dark prince, yes, but a prince nonetheless."**

While I found this story to be quite odd, I also needed to know what was going to happen. I look forward to the next installment to find out what is happening between Dahlia and Lucien. ~ Tiffany, 4 stars

## **Helen Barnes says**

Hell, where to start with Lucien & Dahlia. I don't know what Lucien is, but, damn, point me in the direction of finding one of his kind. This is something totally new from S.R Grey. I loved Adam Ward, Farren Shaw & swoon just thinking about Chase Gartner but the sex in this is just.., amazing! I love the intrigue of this novella & it has definitely left me wanting.. No, needing, more. Loved this story from page 1 to the end. Cannot wait for more from this steaming hot couple!

---

## ♥Trish♥ says

I freaking loved this novella. Lucian is so hot. Some sort of otherworldly man....we just don't have the details yet. So sexy. Can't wait to find out more about him....I can't imagine what he is.

Poor Dahlia Vaughn, the photog that's captured by Lucian's spell and taken on the sexual adventure of her life.

I need more....Now.

---

## Crystal says

I really enjoyed this novella. It was an interesting story that combined mystery and romance and some steamy sex. It follows Dahlia, a photographer and Lucien, the man that she is hired to photograph. She knows from the moment she meets him he is no ordinary man. She just can't quite figure out what he is. She knows that she needs him in her life, but will he let her in?

I hope there will be more to come with this couple. It is a quick read and I definitely recommend this novella.

---

## Esther says

I found this to have a shallow plot and the main hero and heroine had no character depth as well. It was robotic and I could barley finish it with NO desire to continue the series.

---

## Gloria says

As always S. R. Grey has another hit on her hands. I loved this so so much, I hated to see it end. I can't wait for the next one. The author has a way of pulling you into her books and making you fall in love with her characters. Lucien is delightfully wonderful and Sexy as sin on a stick.

### 4 Magical Stars!

*Short, Sexy and Seductive! I Want More...*

### *The Review:*

This quick-read novella was just what I was looking for! Exposed: Laid Bare was an exciting, short read that

both thrilled me and had me wanting more with it's interesting characters, steamy scenes and paranormal feel.

Dahlia Vaughn is twenty-six and is an award winning photographer slated to photograph the elusive Lucien Chambers for Lucent Magazine. Dahlia is innocent, shy and an all around good girl but she knows something is missing from her life.

Lucien Chambers is a successful, twenty-nine year old entrepreneur who's Chicago's most eligible bachelor. His high success and his amazing good looks are just two of the mysterious things about him. Successful as he is, he's somewhat of a recluse and we don't know much about him.

When Dahlia and Lucien meet up, she's instantly taken from a shy sweetness to a sultry vixen in the blink of an eye and she knows it's all due to Lucien... even though she doesn't know the exact cause of his powerful pull over her.

Their chemistry is hot and Lucien's intense vibe is sexy and seductive. He's so aloof that you never know what he's thinking and that both intrigued me and lured me in... enough so that I can't get him out of my head. I want... no NEED, to know more about him. I want to know what he is, how he was able to do the things to Dahlia he did and what it all means for their future... if in fact they have a future.

We get very little insight into him other than one sentence that lets us believe that his pull to her is as strong as her pull to him and I so hope that in the next installment we find out if all this was a game to him or if he really in fact felt more for Dahlia than lust or saw her as more than a plaything.

I absolutely loved the mystery surrounding Lucien. He's definitely on my "must-stalk" list so I can discover all his secrets!

If you're looking for a short, interesting, different and thrilling story, this should certainly be added to your read pile. I can't wait for the next book!

---

### **Patti says**

Really enjoyed reading this story, I want more and can hardly wait to see what happens in part two.

Interesting story line, great chemistry fun reading, addictive, highly recommend this

Loved this book and as always S. R. Grey doesn't disappoint with her writing. This is such a different book and I want more. So much you want to find out and more to explore that you want to have S.R. to be having coffee with you so you find out what's next. Put this book on your TBR list and you won't be disappointed because this book is so different from what's out there in the book world it's sure worth the time, Thanks so much S.R.

---

### **Sandra92 says**

Very hot and something different from an author I always enjoy. I need more! More Lucien, specifically.

---

## **Léatitia Brière says**

(From my blog : <http://mybookshelfisyours.over-blog.c...> )

I really loved this novella and here is what you need to know :

I found the blurb really attracting (oh just like Lucien Chambers : not a coincidence !) and was obviously dying to read this novella. Just like the three I read before (see my reviews), I enjoyed very much my read. It was a fast reading, compelling and... kind of unsatisfying but in the best way ! Sometimes, a book needs to leave you such a great impression so you want more : it worked perfectly here ! Not only I want to know more about Lucien and Dahlia, but I want to read more of S.R. Grey's books.

I loved the writing : it was smooth, not heavy and above all, I think there were elements I didn't see coming. There were moments I had imagined differently and a puzzling sensuality. The latter was all because of the ambiance of the book and the mystery around the figure of Lucien Chambers. I adore this kind of character ! I want to know more about who and what Lucien is. I was really hooked up by him and what we (Dahlia and I) didn't know about him.

I enjoyed reading about their relation and the fact that it seems to be more than physical... while being really hot between them (understatement of the century !). Again, I want to know more about that and why Dahlia feels this way about him. You could think it was a bit fast but somehow you know there is a good reason for it.

To conclude : you have to read this !
