### **Malene says**

What a beautiful and entertaining three book series. This was such a strong and powerful love story by Autumn Grey.

This series is all about the two characters, Selene and Remington and they're truly the heroes of the book. I really loved these two. The author has poured so much heart and soul into Selene and Remington, that I could almost touch and feel what they were going through.

Their attraction and love for one another was all consuming.

The story had drama, action and of course scorching hot sex.

Although I figured out the plot early on, I was still very much entertained.

So happy that this has been released as a box set. Although each book has been released separately they need to be read in order so this is the perfect box set.

This is the story of Selene and single father Remington. A stroke of fate brings Remington into Selene's life just when she needs someone. They connected straight away but I loved the slow build that the author teased us with. The attraction between these two is hot.

Brilliant romantic storyline with a mystery running through it. Loved the secondary characters. Highly recommend you 1-click this box set.

I can't even express with words how much I loved this series! I think my life changed right after I discovered

Autumn Grey's books and it was about damn time I read her early works. But I've never seen all these emotions Remington and Selene made me feel.

This story is beyond words. Autumn Grey's writing is flawless, pure joy to read and get lost into it.

I loved Selene's shyness mixed with absolute sassiness, and I've fallen in love with Remington's heart and possessiveness. He's the ultimate book boyfriend.

The suspense added to the story was amazing, and totally kept me on my toes. It was a perfect addition to an already perfect and unforgettable love story.

This series is a must-read!

4.5 stars! Utterly hooked and Remington ...

Review to come!

### **I've read it in one sitting! Utterly hooked and definitely surprised!**

Thanks to my boo who recommended it and after hearing so many good things about this series, people's enthusiasm, I decided to give a try and I won a giveaway by Autumn Grey! And I wasn't disappointed at all.

My head was full of clichés about this kind of stories, heard so many times : a mysterious millionaire, a sexy woman, strong and undeniable pull, smoking hot sex... But while reading it, Autumn Grey proves me wrong and wrote an exquisite, sensual romance, with a banter off the charts! She knocked me out!

Selene Michaels is a woman at a turning point in her life, divorced and trying to get back her career as a model. Leaving for Paris was a great deal and when she met the mysterious and Intriguing Remington St Germain, her world turned upside down. There's so many parts of her personality that I loved : self confidence, sexiness, witty banter and her insecurities. This woman is a force of a nature, who can totally knock Remington out.

Remington St Germain ... I don't think I have enough words to express how much I love this character. He's not perfect but damn, his hotness, intensity, sensitive side was just incredible. His flaws made him so endearing. As a single father, he tried his best to be a better man, to raise his kid with all the love he couldn't have with his own family.

There's something so refreshing about this book, the story kept me looking for more. The drama was well rounded, even if I wish to expand more about Remington's past (especially in the end).

What I truly enjoyed? The chemistry between Selene and Remington was off the charts, so natural, and intense. It's undeniable! Foremost, it's the dynamic between Selene, Remington and Adrien. Melt my heart and made me swoon so much.

I might say that there was a lot crazy things going on. I'm not a huge fan of big drama but the author succeeded to make it interesting, and to keep me going on. I had to confess that I couldn't put it down, until the last page. Book boyfriend alert!!!

\*\*\* My rating \*\*\*

## EscapeNBooks says

"I'm so addicted to you I don't know where I end and you begin."

You know that moment when you pick up a book, sink into it, and never want to come back? Yes, THAT moment. Thank you, Autumn Grey for supplying the moment and the man. I am so excited to be reviewing the Havoc Series. This is the debut series by Author Autumn Grey, and sets the standard high for any books that she will write after it.

"You wanted adventure. I'm the man to give you that."

We start Havoc with some very intriguing introductions of the main characters in the story. Remington St. Germain is an entrepreneur. He is very business-minded, and keeps mostly to these interests. Selene Michaels is a mystery. She is re-entering the modeling world after a break. But, there are questionable unknowns brought to the forefront at the very beginning. She has been through some rather rough patches, and is now trying to step out and put her life back together. It doesn't take long after meeting these characters that we find ourselves so deeply overtaken by their attraction and lives that we cannot put the book down. We are present as Selene and Remington engage in their initial explorations of one another. As the mystery and intrigue grow, it takes us to unexpected places and people. Things heat up all around our two main characters and we know that their lives will certainly never be the same.

"When you find that one person who makes you trip and fall, unable to take your eyes off her, you've found the love of your life."

Everything about the Havoc series made me a happy reader. I loved some of Selene's initial impressions of Remington. She saw him and was flabbergasted. It caused me to want to reach out and grab him. Sex on a stick! And his devouring description of her made me wonder if they would make it out of that lobby. Their sexual tension was palpable. The addition of Adrien to the story brought innocence and a light-hearted feel. Remington's brooding side became more prevalent as the story progressed. But, I was very pleased that Autumn Grey never let his brooding become demeaning to Selene; it was definitely perceived and intended for love. Of all the passionate encounters in the story, this line was actually the one that was my undoing, "Can I call you Mama." My heart was flooded with emotions. All of this led to a cathartic moment in the story, where everything seemed to come together and make sense. Past, present, and future swirled around each other and brought a beautiful ending.

I loved every moment of this book and am looking forward to what Autumn Grey has for us next.

"Even if you were broken, I would take a chance and glue all the pieces together, to make you whole."

Because you're worth it."

Wow!! What an awesome series.

Got me hooked from the first page until the end. I read the whole series in like two days, cause I couldn't stop reading.

Selena and Remington's story was so explosive from the beginning till the end. Filled with twists and turns and ups and downs and you just didn't know what was going to happen.

The real twist had me like WTH!!! No Way!

Definitely a good series to read if you in the mood for sexy/alpha/drama/love story with some twists and turns.

### **Maïwenn B says**

This book is one of the best books I've read so far. I'm in love with both characters. And with the author.

I am in such a state of mind now, I cannot even describe how beautiful this story was. I love Autumn's writing. She drew me instantly in the book. She managed to make me feel like I was there with the characters.

In order to prevent spoiler, I won't develop the story but more the feelings...

Selene is a woman who suffered from an unfair life. When her husband leaves her for her best friend, Selene's world crashes down.

To forget all about it, she accepts a modelling contract in Paris for 3 months.

Remington and Selene meet in a hotel's lobby while in Paris and from the start builds an unexpected chemistry between them.

Remington, when seeing Selene for the first time, is instantly attracted to her. He is drawn to her, and as much as he's not looking for any kind of relationship, will pursue her and ask her on a date.

What started as a flirt rapidly turns into a relationship where feelings are involved. But someone wants to separate them. To protect Remington and his son, Selene takes the hardest decision...

This book was beyond amazing.

I felt it all.

It gave me all the feelings I crave in a love story.

A doting father, a fierce lover, a strong man fighting for his loved ones. And Selene is so strong, she stands

up for her man and his little boy. She is one of the best female characters I've ever met in a book. So independent and understanding.

It was sweet, sexy, angsty, full of love. Who doesn't love a man brought to his knees by a woman...

A read that will keep you hooked. a master one. A more than 5 stars read \*\*\*\*\*

#### **Havoc (Book #1)**

This is my first read of the author and she do not disappoint me at all. This book is now are in my list of favorites. The story is about a woman who has so many self-respect and acceptance problems. Havoc gets through every emotions you could have. The story keep you hooked from the beginning to end.

Selene is the heroine and I ADORE HER TO DEATH, she is so fierce, shy, sassy and erotic and I love her for that. Without give you any spoiler (because you have to read this book), she brush her shoulders off and move on and let me tell you what a way to move on. I have so many resect for her, because this book is about self-respecting and accepting who you are no matter what. The book is very touching to me for very personal reasons I always have a chubby body and before I was not accepting me but here Im like Selene living with my sexy curves...

In the other way Remington uffff what can I say, that man is everything, dark, hot as hell, romantic and have so many emotions but is a kind soul you will love it. And he has a person that you will love it too.

Remington sexy manners of talking dirty in French OMG!!!!!!

Is a short read, but have everything; suspense, romance, steamy scenes and so much more. I will definitely recommend this book to anyone. Is very well written, the development and the chemistry of the characters are perfect. And I can't wait to read more of this. Hands down.

#### **Obliterate (Book #2)**

Because is the second part and I not giving you any spoilers, this review have to be short. In this part we seen the development of the romance and the suspense with the two main characters. Selene and Remington are HOT AND SASSY because in one way he knows how to treat a woman in an out of bed (I preferred bed lol), and she is Fierce I love her, I love how she manage the situations and keep going with the pleasure. That mystery \*\*\*\*\* ahhh have me biting my nails because is twisted at one point, but you have to read it, like now!!!!

Like I said before, well written and the plot and the twisted situations are beyond perfect, for me!!! Highly recommended.

#### **Mend (Book #3 Final)**

This is the third and final book of the Havoc series, and let me tell you one thing: READ THIS SERIES LIKE YESTERDAY YOU WILL LOVE IT. The chemistry of those two is beyond amazing. The story of suspense, thrilled, steamy and hot romance between those two is worth those cliffhangers.

I truly fell in love with the strength of Selene and I love how she brush her shoulders and keep going, but most of all is she carry Remington that strong and powerful man have my heart.

The author take us in this wonderful and beautiful journey and teach us that no matter what you have to push it and keep going, live is cruel sometimes but we have to learn how to brush it up.

The romance of the story I will keep it in my heart because is imperfect, and because of that imperfection is perfect for me. I will look forward to read more of this author because she became one of my favorites. I will

definitely recommend this series 100%.

### **Beauté De Livres (Vivian Freeman) says**

The Havoc Series is my first Autumn Grey read and let's be honest, I am kicking myself for taking so long to read it. Set in France, Grey meticulously brings to life the French culture, dialogue and way of life. Weaving it in the background, whilst showcasing two very memorable characters. Autumn Grey uses the 'City of Love' to ensure her readers are 100% impressed and invested upon meeting Remington and Selene.

Coincidentally meeting, Remington and Selene's lust filled attraction set's the wheels in motion for one hell of a passionate, intense and exhilarating ride. And I just don't mean the sex... The Havoc Series ticks all the boxes. Waving her magic wand, Autumn Grey puts in a cup of chemistry, half a cup of drama and finishes it off with a whole lot of LOVE.

Instead of delving further into the story line, I want to gush about Selene and Remington. As individual characters, I loved what they were trying to achieve in their lives, better yet I loved the elements of their personalities that has set them apart from the usual beaten down woman and possessive alpha male characters. Most importantly, I congratulate Autumn Grey in her ability to write a woman that oozes confidence and determination from the very beginning; a role model to all.

"I was heartbroken, but I wasn't dead... There was no way I was going to let bitterness and rejection rule my life."

Both these characters evolve as does their relationship, with snippets of advice from influential secondary characters, Selene and Remington are encouraged to take a leap of faith and let their lives be ruled by their hearts. As their past and present collide, Grey manages to use the right amount of drama to keep the story line as close and as intriguing to reality as possible.

Romance lovers, let your heart and mind be whisked away to Paris and indulge in the city and language of love. The Havoc Series is both an emotional and cultural experience, as Autumn Grey lets Remington and Selene lead you into the amorousness of their lives.

Remington and Selene I love how that just rolls off the tongue. (Wink) A decent storyline I just wish there was a little more detail in the story with the Remington's dead wife. I just felt like this book gave me just enough to get me to the top of the roller coaster and push me over the edge but not quite get me all the way to the finish line. Having said that I still enjoyed the story. What can I say I'm an action girl. Sex scenes were just enough and not over the top, but indeed hot.

I recommend this book to readers that love 2nd chance novels.

### **Mindy Lou's Book Review says**

This series has been kind of up and down for me. It had the potential for a great read but I think the story needed more details. Sometimes things were thrown in there and moved on and it just didn't flow right for me. Other times I just couldn't get past certain reactions from a character in a serious situation. It was pretty hard for me to really get into it because of this. The saving grace for me with this series was Remington's love for Selene. He's was protective, possessive and always wanted to be around her.
