**Her Secret Santa** Jill Shalvis

*A Very Naughty Holiday!*

Playing Sexy Games...at Christmas!

At Christmastime, arson investigator Ally Dauer runs the toy drive. A job made all the more interesting now that sexy firefighter Eddie Weston has volunteered to bring over presents from the firehouse. Except each box he brings includes a special gift, addressed to Ally, on top of the pile. Eddie swears the gifts aren't from him. Too bad, because these are very special toys--for adults only!

Ally and Eddie start their own investigation to find Ally's secret Santa. And what better way to begin than trying out the toys--on each other! It could be they'll never find out who the merry holiday prankster is. But does it matter, when they're having the hottest Christmas ever?

## From Reader Review Her Secret Santa for online ebook

### **marieno says**

I forgot that I pre-ordered it so it was a nice surprise when I opened my kindle. Ally Dauer is a strong women in a man's world but like in a lot of Jill Shalvis' story, she's one of the guys. She briefly dated Eddie but a misunderstanding kept them apart. At first, Eddie was kind of patronizing so it took time before I liked him. We don't know much about the characters except from work and they don't actually used the gifts from the secret Santa. It's mostly them investigate who could it be. We know at the beginning who's the secret Santa so don't expect a big suspense. It short and sweet.

---

### **Lori says**

I saw this as an ebook at my library and grabbed it because it's a Jill Shalvis Christmas romance but I didn't realize it was a novella. Short stories just aren't really my thing. I don't get the character or relationship development that I really want and it makes it hard for me to really enjoy the story. This is the first Jill Shalvis book that I've read that didn't really feel like one to me. There was really nothing special and the characters and their chemistry didn't really stand out to me. It was a fine, quick read if you want something short but otherwise, I'd stick with her novels.

---

### **N.W. Moors says**

I like Jill Shavis books, but this novella was just okay. Ally is an arson investigator and Eddie is the handsome firefighter who is interested in her. They dated a couple of times, but Ally kind of pushed Eddie away, so he reluctantly decided to let her go even though he's still interested in her. Ally only thought that he was too much of a player. They are collecting toys for the city fire departments together and when Ally starts receiving sex toys in the boxes, the two decide to investigate. This is a cute story and they make a nice couple. The subplot with Damon Claus was strange though which is why I took off some stars.

---

### **Kathleen Booker says**

Always love Ms Shalvis books. Ally and Eddie make a good match.

---

### **Aly says**

A pretty confident hero and a heroine who live for her job. After two dates six months ago, a misunderstanding stopped them to pursue a relationship. Ally is receiving curious gifts. Eddie intend to help her find her secret admirer and it will give him the perfect opportunity to let her know how he really feels.

It was an okay read. Nothing stand out, it's pretty obvious who the secret Santa is, but mostly, I didn't really felt Ally and Eddie chemistry. The tone was just too serious and I didn't recognize Jill Shalvis "voice". And for a Christmas story I was expecting something more sweet or whimsical.

but the ending was cute and I liked that Eddie respect Ally as a firefighter and investigator.

---

### **Nancy says**

Jill has Ally looking for "Her Secret Santa" leaving her sex toys in the collection box of toys for children. Eddie is helping her 'investigate' & things get heated. I really enjoyed the way this story ended with Eddie's fantasy. I just love Jill's writing & has never disappointed me when I read her stories.

---

### **Hannah says**

#### **Fun**

A fun Christmas novella. From the blurb I was expecting something a little different than what was given. I did enjoy the slight suspense aspect.

---

### **Janet K says**

Meh

---

### **Jean says**

#### **Left me wanting more!**

I loved the chemistry and, finally, the honesty between Eddie and Allie. I really would have liked the story of Allie's secret Santa to be expanded, though.

---

### **Vikki Andrews says**

very good

---

### **•♥•Cristina•♥• says**

3.5

---

### **Moey17 says**

Not good, silly storyline and a total fluff piece, enjoy Shalvis, just not his one.

---

### **Cynthia says**

#### **Good Read**

I like the way Jill Shalvis develops the personalities of her characters. She not only makes you like them, but makes you care about them. They have vulnerabilities and weaknesses that make them real. Plus the sex isn't just hot but emotional. I like it. But, I also like the way I feel what they are feeling. If I was a writer it is how I would want a reader feel.

---

### **Ruth says**

I just didn't get this story. Is the bad guy insane? Maybe? And how were the presents getting in the donation boxes? Did no one think to have someone keep an eye on the boxes to see who was putting the gifts in them? I mean, if they're at the firehouse, I don't imagine that people are regularly wandering through in an unsupervised manner. I felt like their headlong fall into love was quite rushed as well.

---

### **Rebecca Dowd says**

Fun, but a little too sweet.
