International Guy: Los Angeles

Audrey Carlan

International Guy: Los Angeles Audrey Carlan

The twelfth book in the sexy International Guy Series from #1 *New York Times* bestselling author Audrey Carlan.

About the Series

Parker Ellis, CEO of International Guy Inc., advises the wealthiest people in the world on life and love. And sometimes he can't help it when things heat up and he ends up in bed with his clients.

This International Guy knows that there's a whole world waiting for him. But as he goes from city to city—and from woman to woman—it's possible that he just might find his own love along the way...

This is the twelfth book in a twelve-novella series.

Tammy Hamilton Green says

Wedded bliss is in the air for our red-headed firecracker Wendy and her Dominant Mick. Their vows...blew me away!! Our beautiful Skyler catches whiff and pretty soon a plan is hatched. Parker doesn't think she's ready for the next step, but when things heat up and the pressure is on, will his response to TVs *Mix and Match* Contestant #1 sink the ship or be the wind in their sails?

While it's a bit sad for this series to be ending, I can foresee more stories of this talented International Guy team being told in the future. So for now, let's jet back from sunny Hollywood and the land of make believe to the IG home-base in Boston, Mass. Here #HappinessIsAChoice, the #Dreammaker, #Lovemaker, and the #Moneymaker reign king and #FamilybyChoice rules supreme!

Thanks Audrey Carlan for another incredible journey. An HEA with suspense, heat and romance, never done better!

#HappinessIsAChoice
#Dreammaker
#Lovemaker
#Moneymaker
#FamilybyChoice

Received an ARC of the complete Volume 4 through NetGalley. Voluntarily reviewed

Liz says

After all the tension and stress of the previous books Los Angeles starts with a wedding. No, not Sky and Parker at least not yet, but my two favourite characters - Wendy and Mick and the entire team is attendance for the happy day. Parker is happy just enjoying being with Sky without the drama their courtship consisted of but Sky is ready to take that next step. All she has to do now is persuade Parker. With Bo looking after Lucky's until Randy is back on his feet, Parker and Royce are on their way to Los Angeles for their latest job, helping the contestants on a new dating show. Meanwhile Sky is occupied with the arrangements regarding her upcoming movie... or is she?

This book is just like one big epilogue and indeed has an of its own epilogue showing SkyPark at various stages in their future and also gives small glimpses of what is in store for the remaining members of International Guy, books that Ms Carlan hints are maybe coming. I for one can't wait. All I can say for now is "Oh Bo, what have you done!!!"

Mom's Guilty Pleasure says

LOS ANGELES: INTERNATIONAL GUY BOOK 12

“Just roll with life as it comes. Stop letting fear drive your decisions. It’s time to let love take the driver’s seat.”

This book is everything!!! As much as I didn’t want this series to end...you will not be disappointed with the way Audrey Carlson left the IG team. I sure hope some tidbits we were left with is a hint of more to come some day...

“I’m going to lick my wounds and regroup. She’s it. My endgame. I just have to find a way to convince her I’m hers.”

To my Dream Girl . . . To my Dream Maker . . . HAPPINESS IS A CHOICE . . . Love, US

Jeananna says

So many freaking emotions are rolling through me as I finish a beta chap-by-chap read of this book/series for the author... just know that I LOVED every moment. We get the HEA that AC always delivers and we get a small glimpse into the lives of the futures of this group we have spent the last year with. What a journey! #liveyourtruth #happinessisachoice

Tracey Vuolo says

Audrey Carlan finished this phenomenal series with all the feels and had my heart bursting with joy. I couldn’t have asked for a better or more lovely ending . I adored these characters so much and am sad to see the series end. They truly were family in every sense of the word and I felt like I knew them in real life. I could be best friends with Sky, Wendy and Rachel. Everyone knows I have a huge crush on my smoking hot book boyfriend, Bo. But let’s be real, Parker and Royce are easy to love and hard to forget. I will miss their crazy adventures. Thank you for this enchanting finale my heart and soul needed to feel complete. It was so beautiful beyond words!

The mantras throughout the cities were fantastic and spot on and AC did not let me down with her final mirror moment. I was so giddy and grinning from ear to ear. In every story Ms. Carlan writes I find something I learn and it reminds me of my worth. I appreciate that more than she will ever know. She delivers happily ever afters that are exceptional and make you feel like you won the lotto over and over again and this ending is amazing. International Guy is a sexy, thrilling and suspenseful ride that makes women feel empowered, beautiful and loved for exactly who they are, they just needed reminding or a push in the right direction.

IG fills your mind, heart and soul with hope, admiration, desire, and faith. These mantras will travel with me to remind me what’s actually important in my every day life. Don’t forget to Live Your Truth, Own Your

Future, Embrace Your Sexy, Trust Your Heart, Feed Your Soul, Brave the Ride and Never Stop Dreaming and you will be happier than you can imagine in this crazy world. You are golden Ms. Carlan. Thank you Audrey for this unique, show stoping, magnificent, and panty melting series that will nestle deep in my heart for years to come. ❤?

International Guy # 12

Los Angeles

Audrey Carlan

?????????

What a perfect ending to an amazing series. Los Angeles is the perfect ending for Parker and Skylar, from their coming back from devastation and ruin after the stalker was outed, to their happy ever after.

The beginning of this story was somewhat like the previous stories, a new job for International Guy, but this one is a little different. Without giving anything away, I'll just say that even with all the twists and turns Audrey has thrown at us, she left one last one.... Or, Maybe more than one.

Where this is the end of International Guy as we know it, I'm so looking forward to Bo's, Royce and Wendy's follow on stories. International Guy will go down as one of all time favourite book series.

Marina Skinner says

This book brings the series full circle and omg it made me deliriously happy for the whole IG team and their families!

Its amazing that after 12 stories that the team have made a huge impression on my heart and soul! I think its a real credit to the author that she could put together a series that had uplifting words, a real sense of love and family and strength of heart in all of the characters!

Los Angeles is where Parker and Royce head to for a new tv reality show but underneath it all Sky has something up her sleeve and thats all I will say! Ill leave you to be surprised!

An ending so good it will leave you with a happy heart that is full of joy!

This is a series that is an absolute favorite and I cannot wait to see what the author has in store for us next!! Well played Ms Carlan, well played!

Gab Mce says

Los Angeles

The team is finally getting to enjoy their love, their lives, their passions and I for one am thankful that we get a whole installment of joy! In the aftermath of all the craziness we see that happiness does exist and if you

persist love can and will conquer all. LIVE FREE is the magical mantra of this book and it is so true because through it all Skylar and Parker can now live free!

Skylar and Parker made it through all the trials and tribulations that were brought to them. Their love is one for the ages, they will be making it to their 50th wedding anniversary and more! Skylar wholehearted devotion

I loved getting to see snippets of Bo, Royce, Wendy and Mick...I feel like their stories are not quite finished and hopefully we get to see more of them in the future!

Kimberly says

The International Guy series wraps up with book 12, which is set in Los Angeles.

Parker and Royce find themselves as celebrity judges on a dating show, as well coaches for the male contestants.

Skyler creates an elaborate plan to propose to Parker, but I feel like there was unnecessary drama associated with the proposal. For example, why did one of the female contestants have to be a Skyler look-alike? It was all a little convoluted and confusing.

Parker does end up proposing to Schuyler at the very end of the book, and an epilogue shows their lives in the future.

I struggled with most of this series, because as Parker and Skyler fell in love with each other I didn't really connect with their characters, and I really didn't feel the love. Also, I really feel at times Parker was unnecessarily mean to his friends and family and Skyler begin to take on some of these characteristics as well. Their love definitely did not make them better versions of themselves, unfortunately.

As expected, there will be books for some of the secondary characters, and I plan on giving those a chance. I am really intrigued by Bo and Baylee's story.

Ptiteaurel says

L'aventure des International Guy se termine donc avec cet ultime épisode qui met un terme à cette saga mais juste pour Skyler et Parler puisque Audrey Carlan va écrire des tomes sur Bo, Royce et Wendy. Cela risque donc d'être intéressant notamment pour les deux autres IG dont nous ne savons pas grand chose.

La saga se termine sur un tome bien plus léger et plus doux après les menaces, les doutes et les dangers. L'amour sous toutes ses formes est au cœur de cette dernière intrigue et j'ai passé un bon moment de lectures avec Parker et Skyler. J'attends de voir ce qu'Audrey Carlan nous réserve donc pour les autres membres de International Guy.

Daisy Ramirez says

It is sad to say that this is the end to International Guy. I have grown a connection with this series. Audrey Carlan makes you feel like you are part of the International Guy family. It has been an amazing roller coaster.

Los Angeles

The sweet ending that has me heart broken because I don't want it to end. I love what Sky does to proof that she is ready and in love. This installment is about closures. Closures with all characters and I cannot wait to see what happens with Bo.

Ceej Chargualaf says

Los Angeles is everything a finale can ever dream to be! I fell so deeply in love with this family of characters that I felt everything they did from hope to despair, pain to relief, glee to terror, and hatred to love. This last installment is just...everything.

I loved that the installment began with such excitement and hope! I admit that I cried through certain parts of this book. These characters have taken parts of my heart and their joy became mine and it just spilled from me. This is the power of Audrey Carlan. She makes you feel what her characters do.

Sky! I thoroughly enjoyed her project! And I enjoyed her chill moments! One part made me laugh so hard and I just have one word...Gordo. Even thinking it cracks me up!! I love Sky so much like she's a younger sister and I just want to hang out with her and protect her and love her.

Park! Who couldn't love a man like him, who loves his woman and his family, including his brothers, with his entire being? Who couldn't love a man who respects others, regardless of who they are or where they came from? Who couldn't love a man who is just good people? I love Park so very much!

The epilogue had me in tears from the first word to the last. I'm not ashamed to admit it, tough exterior or not. It was so incredibly beautiful. And I'm talking ugly cry. That's how much I love Sky and Park. That's how much I needed their HEA.

Audrey, thank you for this installment. Thank you for reminding me that happiness is a choice. And yes, I choose to be happy. Thank you for such a beautiful book!

Jill S (Love Affair With Fiction) says

I can't believe this series just ended after our trip to Los Angeles. 12 books... I truly can't believe it, it sounds like such a HUGE number but I sucked these books down.

Los Angeles tied everything up in a bright sparkly bow. Parker and Royce head to LA to help with a brand new reality show, but little do they know that Skyler is cooking up a little scheme that will shock the boys in LA. Don't worry it is all good ;)

I can't wait until Audrey Carlan decides to write more books in this IG world. The little hints we got at the future of the other members of the IG team have me salivating for more.

This series was a sexy, suspenseful, passionate journey around the world.

Nicole says

Audrey Carlan has become my favorite author over the past couple of years catching my eye with her Calendar Girl series. Initially I wasn't sure if I would be interested in something I thought was going to be so similar, but this series did not disappoint. Written in both the male and female leads perspective made it fun and different. I typically have to immediately jump into another book after reading anything she writes, because finishing her books is like losing a friend that I don't get to spend time with anymore. This love story however finishes beautifully and oh so perfect I just feel all wrapped up in it! I feel like the supporting characters were left open enough to where they could have their own stories possibly in the future. Bravo on another great series, that again was well written and so fun to read.

Babel says

So satisfying!

Many relationships and friendships coalesce in this finale for the serial. After a long haul of tragedies, there's a bounty of romance and happy endings that had been brewing. As usual, my favourite part is Wendy and Sir Mick. Though I enjoyed Bo and Royce's shenanigans, too.

They're all trying to get back in track while supporting each other, and there's an optimism in the air throughout this final installment. Work takes Parker to LA and lots of unexpected events. Secret plans mix with sexy times in exciting ways, all wrapped up in the glamour of the show business and very public declarations of love.

I really appreciated the epilogues that gave us so much insight into the characters' future life. It's been a rollercoaster of emotion and fun to read this long serial, and I couldn't be happier if the IG world continued with a few characters that need closure ;-)
