Memoirs of a Gigolo Volume One

Livia Ellis

Memoirs of a Gigolo Volume One Livia Ellis

Oliver Adair enjoys a life of women (sometimes men), travel, and sex. Unfortunately these things cost money - something he doesn't have a lot of. When he's offered an opportunity to get paid for doing what he loves, he happily signs on to become a male escort. But first, he has to pass the interview process. The madam of the agency has one of her girls put him to the test. Oliver is given his first assignment, a week in Japan with an exclusive client, but first he will need to move into The House where the other escorts live and learn the tricks of his new trade. Oliver quickly discovers that in this world, not only is being a mans man a la James Bond still desirable, but expected. By embracing his masculine sexuality, he makes a name for himself in the world of escorts.

Shira Anthony says

I received a free copy of Volume One in this series. I don't generally read non MM romance, so I put off reading it for a while. I shouldn't have waited. Much as I prefer straight (unintended pun, really!) MM romance, this little book is VERY well-written and sexy. I loved the slightly snarky/devil-may-care (well, maybe he does care, we'll have to see about that...) narrator, Oliver, a minor British lord who has fallen from grace and is willing to do just about anything for money. It doesn't hurt that he's also willing to DO just about anyone, male or female. Or both at once.

Easy, quick read in a first person narrative with no dialogue (surprised the heck out of me that I would actually like that style, but I loved it!). Sexy little number, too. Erotica with intelligence.

I look forward to more of the series. I'm definitely hooked (and hoping for more MM or at least M/M/F).

Chippy Marco says

4 or 5 stars, I will forever go between them, but this is a series I will be wanting to continue with. Likey, likey, likey my Englishman Oliver.

Dana Delamar says

4.5 stars. If you're looking for quality literary erotica, this is it. Tightly written and with a sexy, cynical, sharp as a tack, honest to a fault narrator in Oliver, the titular gigolo, this story sucks you in, and you won't put it down until you finish.

The only problem? It's too short!!! I will have to grab up the other volumes today. I can't wait to find out what happens to Ollie next.

Modesty Ablaze says

What an amazingly exciting . . . I should say SEXciting . . . surprise!!! The first book I've ever found through a Facebook recommendation, this short-story has, like any wonderfully unexpected spontaneous-liaison, left me gasping for more!!!

And surprise after surprise follows with each page! Right from our Gigolo's first encounter in a scenario hitherto of no appeal to me, the text is so descriptive that I felt my hips sliding further forward in my chair

and my thighs uncontrollably twitching with each paragraph. And Ollie's recovery before his next encounter was far quicker than my own (I had to pause at the end of that chapter, recompose myself and straighten up in my chair, before clicking to the next page!)

"Memoirs of a Gigolo Volume One" ended too quickly for me and yet, for my health and well-being at the time of reading, it probably ended at just the right moment in time.

Suffice to say that I am, squirmingly impatient . . . and desperately in need of . . . "Volume Two". I recommend, NO that should be, I DARE YOU to download and devour NOW to see exactly what I mean. Katie Ellison (aka Modesty Ablaze)

Mrs. Badass says

What an interesting and captivating story. I've never read a memoir, and as such, I had a hard time with no clear 'dialogue' tags. Once I got used to the flow though, I couldn't put Memoirs of a Gigolo down. Memoirs delivered sex, power, struggles, and a flawed hero I enjoyed immensely. I can't wait for Volume Two. I really want to know what happens in Japan, and I want to know more about Elon.

For those who want to know, there are M/M, F/F, M/F, and voyeurism in this story.

Shelley says

Currently free on Amazon!

Meet Ollie - *Landed English Lord with country estate. Brown. Green. 6'. 160. Fit. Harrow and Trinity educated. Bi-curious hedonist. Will leave no sexual leaf unturned. Adores jet-setting playboy lifestyle. Broke as shit. Seeks wife with embarrassing amount of money and generous nature. In exchange for allowing me to continue exploring my sexuality and funding my extravagance, I will make you a COUNTESS!*

So off he goes in pursuit of his wife but what he finds is a proposition, one of CASH and he cannot refuse.

This short introductory story is a veritable cocktail of sexy with scenes of m/m, m/f and f/f. Something for everyone here. I admit it is a might smutty but with a title like this what else can you expect, it certainly evokes an itch that needs to be *cough* dealt with.

So do enjoy ;)

Marita Hansen says

This is a short story, but for .99 cents it's well worth it. I really enjoyed it, and was most curious about the topic. The main character is definitely interesting, and is also very likeable. And in this volume he gets a new job as a gigolo, something of which he inadvertently walks into, being that he's broke and needs a way to keep the debt collectors at bay. So, he gets an offer to work as a gigolo, gets an examination to see if he's "up" to it, clean and all, and gets propositioned by the doctor, then goes on to "do" a very unusual job

interview, lol. Anyway, just say, erotica is definitely the genre of this story, of which is most definitely oh, oh, oh... well written ;)

This appears to be the first part to Oliver's story, while volume two carries directly on from here, which I now have in my naughty hands, so I'll leave a review for that volume as well.

Note: M/M, M/F, and F/F situations. R18 (Obviously:)

Siggy Buckley says

I'm the author of a raunchy book myself and always interested in reading others. Vivian Ellis' book is a page turner. The concept is interesting. What I would consider a preface or preamble is her first installment that makes you beg for more. Glad to see some male reviewers agree here. She has all the makings of becoming a second 'Fifty Shades of Grey' hit. I like her style and writing so much better, however. Good luck!

Peter Murphy says

Great stuff! And not a heaving bosom or quivering member in sight!

Joana says

Meet Oliver...

What better way to describe him, than sharing what he would write for a personal add...

Landed English Lord with country estate. Brown. Green. 6'.160. Athletic. Fit. Harrow and Trinity educated. Bi-curious hedonist. Will leave no sexual leaf unturned. Adores jet-setting playboy lifestyle. Broke as shit. Seeks wife with embarrassing amount of money and generous nature. In exchange for allowing me to continue exploring my sexuality and funding my extravagance, I will make you COUNTESS!

It turns out, that aren't many heiresses available to marry him. Too many scandals that scare potential brides. Oliver needs money and have become desperate.

In a turn of events, he is propositioned to become an escort...

She's pleased. These are the answers she wants. I'm educated, well spoken, good looking. In summary, I can talk pretty and fuck well. In essence I have actually found a use for my college education. It's all good.

And so it begins his initiation on this new world...

In many ways I understood and in other get way to frustrated by Oliver. He is like the modern version of the rakes in the historical fiction. Loved the way it was compared in the book, btw! Where is the ton when we need one?

Anyway, Oliver is always looking for an easy way out of his problems. Which way to gain money without much effort?

Marriage, gigolo?

Oh yes, he doesn't even consider other options! I think even someone broke but with a title and degree, could have some connections to try to get a job. Nope, he doesn't think that!

The escort business?

I was surprised of how easy he was "convinced" it was a way to gain money. I thought it would take much more for him to take the leap!

Oh and I don't have an idea of the "prices" but I thought he was kind of ripped off.

He didn't even questioned the price!Wouldn't he ask more? *confused*

Still, besides the short comes of the length of the story, it works as a good introduction to it. Although I still feel that Oliver and the other characters are uni-dimensional...thing that hopefully doesn't happens in the next volumes.

***copy kindly given by the author in exchange of an honest review

Diane says

I don't care for romance or erotic books, but for whatever reason I picked this one up during a free promotion. I still don't like erotic books, but... Livia Ellis is a very good writer! She pulled me in with her unusual style of portraying dialogue and hooked me. And yes, I'll even admit that the explicit sex scenes were well written.

I picked up the second book in this serialized story, also for free, and continue to like the style and writing quite a lot. I enjoy Ollie's exploits and his character is well fleshed out. Okay, I'll also admit that I picked up the third installment of this series and it wasn't even for free.

I am looking forward to when Ms. Ellis writes a more "mainstream" book as I'll be on line to purchase it.

I knocked off one star because this is not my type of book, otherwise it would have received 5 stars.

Recommended to those who don't mind the explicit sex.

Rosanna Leo says

A great book! Ms. Ellis has a keen sense of humor which lends a wonderful voice to this tale of an impoverished nobleman and his foray into prostitution. I found myself smiling as I read it and can't wait to

continue with Vol. 2! A delight, a surprise, and so sexy.

Literary Chanteuse says

A provocative and mysterious character that is alluring in every way. I found the memoir style very interesting and the more I read the more the story got my attention. Full of intrigue into a sexy world that one can only speculate about and is brought to life in this book. I am amazed at the sexual delight that takes place in such a short story. I can't imagine what is in store for the character and reader in the next segment.

Lucy says

Very short erotic story, not a romance. I'm curious to see what happens next so I'll be continuing on with the series.

Dianne says

When you are the Lord of the Manor, people expect you to have money, but Oliver Adair is broke, living off the largess of what few friends he has. When he decides he needs to make his own way in the world, he finds he isn't exactly qualified for much, but, he does enjoy sex, needs large sums of cash quickly and approaches a very high end, very discreet escort service, passed his face to face interview, his physical, and the most important test of all, can he perform under pressure, with an audience, with a professional escort as his partner? How does he "measure up" to other men? What will his new life be like as a paid escort?

Memoirs of a Gigolo by Livia Ellis is fresh, spoken from the main character's POV, sounding like a man, totally! There's some attitude and sexy fun in future installments, if this is any indication of what to expect!

My thanks to Livia Ellis for this review copy!

Publication Date: October 12, 2012

Genre: Adult Fiction/Erotica

Number of Pages: 34

My Rating: 5 stars
