Excellent Read

OMG. This book was good from beginning and especially the end. I was gagging. This is my first time reading any of this author's books. If part 2 is anything like part 1, you have a new fan. Loved it.

Alisha Simko says

I give this book 100 Stars!!!! This book was absolutely great!!!! I love the author Queen Brown and all her books but this book is so darn good!!! I just finished the book and my mouth is still wide open, shocked from the ending of it!!! I don't want to say anything to ruin the book for anyone but I will say this....if part 2 don't come out soon, ill be just as crazy as some of the characters in this book!!!! LOL Queen Brown you have done it again!!! This book was such a page turner and you never knew what was going to happen next!!!! I highly recommend this book and I will be telling EVERYONE I know to read it!!!

OMG

Fallon have some admirers that would do anything to have her for themselves. When their actions become more than she can handle, she becomes scared and at her wits end. Peace and a normal life is what she craves, which is hard to come by. The ending had me shocked and feeling some type of way! Definitely a twist, anxious to read part 2

Barbara says

Mirrlees says

Fallon I blame you for everything, every single thing...lol....I felt each person in this story was a mental case. A lot of names to remember but Colby stood out for me, lol (looney tune). Anyway, Queen Brown you did your thing I like the story a lot can't wait to see what part to has in story for Fallon/Colby/Tara/Sherry. Who stays or who goes? Life that is. great job!

Shatika Turner says

Wow, this book really opened eyes to what a damaged woman's life could be like. 10000 stars to this book and hats off to Queen Brown.

Ti'Africia Lucas- Woodard says

I have never in my life read a book with so many crazy people. I can't wait for part 2. ~5 stars~

Kitani says

All I can say is damn!!! It seems like everybody is crazy and need some type of help or medication. Fallon needs to stop being so naive and actually pay attention to everything. I wish she would've listened to her sister when she was trying to give her some advice. And how could she not notice Tara knew so much more about her then she actually told. But Colby though! I was so not expecting the end but see I have to get Part 2 asap!!! I hope all these mental cases get some help very soon!!!

Valerie says

Ok...this book is CRAZY.... Dang Fallon what else could even happen to you in Part 2....

Love says**Unpredictable.**

When the book first started I wasn't sure how to feel but I was quickly drawn in! What a great read! I'm so excited to read the next book, this one totally surprised me at the end.

Carolyn Taylor says

This was a good read. How could Fallon have so much bad luck with men? Everybody wanted a piece of her and when she don't want to fully commit they want to hurt her. Can't believe Colby went that far.

Teaguem2005 says

This was a good story where all the main characters were straight crazy except for Sherry. Fallon was a hot mixed up mess along with Anthony, Colby & Jarrod. Even though she was victimized, she repeatedly placed herself in circumstances that demonstrated her level of insanity

Tia says

Well dang I've gotta pick up part 2 asap this book was good. Fallon is crazy she really need her head examined its like shes drawn to men that degrade her. I never expected Colby to get a sex change lol that threw me for a loop big time yes part 2 will be on my device sooner than later cause ive got to see what happens next.
