Patrick's Heart

Stacey Espino

Patrick's Heart Stacey Espino

Cassidy is forced to face a world where fantasy and reality collide. After witnessing Patrick shift into her red wolf, she's scared and confused. But his raw sexuality and dominant aura keep luring her back. Can she accept that her lover is one of the forest's deadliest predators?

Patrick's not impressed that the rest of his pack refuses to come clean with Cassidy. He's the odd man out after volunteering to reveal his wolf. It wasn't the magical experience he'd hoped for, only acting to tear them apart. After spending a lifetime carrying a deep seated hatred of humans, he's ready to do anything to win his little human back.

When a threat comes to Climax, the pack must work together to protect Cassidy. But as soon as they get a chance to complete the mating bond, Garret discovers there is much more to Cassidy and her family drama than any of them could have imagined.

Francie says

Loved it! So ready to see how the story ends! Looking forward to what is going to happen next!

Tia says

Ahh! I can't believe the ending of this novel. I wanted more and there isn't any until the seventh novel comes out..

Guilty Pleasures Book Reviews says

Alyn's review posted on Guilty Pleasures

I get as giddy as a school girl whenever a new installment of "The Wolves of Climax" makes an appearance. Unfortunately I know the series is soon to come to an end and that fact makes me both excited and sad. I am excited to finally see how this story comes to a close but the idea that I will no longer get to read about this playful pack of wolves makes me melancholy to say the least.

If you have not read this series, you must begin with the first book. These stories are not stand alone and every one leaves you hanging on a cliff waiting for the next one. Like the other stories, this one begins where the previous one left off. Patrick, one of the 5 Gregor Mine wolf shifters, just revealed his wolf to Cassidy, the future mate of the pack. His hopes of her acceptance were shattered when Cassidy appeared scared and confused at the site of the wolf she had once shown such warmth to. Being the only one of the pack to reveal his wolf, Patrick felt alone and Cassidy was still unaware of the fact that he was not the only wolf shifter. Cassidy's reaction makes things difficult and Garrett, the pack Alpha is now worried how Cassidy will react when the rest of the pack comes clean. With the female inspector still staying at the mine and a mysterious man claiming to be Cassidy's brother, the timing is just not quite right to reveal the truth but Garrett has no choice.

When Cassidy's life is once again put in danger, it is time to release the wolves to protect their mate and show Cassidy once and for all that the wolves she fears are still part of the men she loves.

If only I could be stranded in Climax with 5 gorgeous shifters all to myself. It is a fantasy that is fun to think about to say the least. Cassidy is still somewhat clueless at times but I will give her credit for connecting the dots as she gains understanding about her wolves. While I still want to slap her upside the head at times, I envy her for the fact that she has 5 men that are utterly devoted to her. The one that tugs on my heart strings the most in this story is Patrick. Patrick is so tortured from his past that it prevents him from being honest with himself and Cassidy when it comes to his future. When he opens his heart, Cassidy makes his worst fears come to fruition and when they do your heart will simply break. What I do love is how Patrick is able to help Cassidy overcome her fears and accept his love and affection. Their scenes are hard and passionate as well as tender and loving when Patrick and Cassidy are alone together. Add the moments when Cassidy is playing with the majority of the pack, and you have ménage action that will make you squirm.

The plot in this story is a continuation from the previous books. We now know that the Rockford pack is trying to take down the Gregor miners and that the loggers have been up to no good. Some strange man has been lingering around Cassidy's cabin and he is claiming to be her brother. Now a sudden inspection on the mine has brought over a female that exudes sexual attraction. Although none of the men want anything to do with her, Cassidy fears of losing her men to the competition and has no idea what to expect from this woman. The plots continue to twist and turn while constantly teasing you with the potential of Cassidy finally learning the truth about the entire pack and whether or not they will claim her as their own. In true cliff hanger form, you will be left waiting to find out how the story plays out until the next and final installment of this short but addicting shifter series. I must read for shifter lovers, especially if you need a quick fix!

Mariann {at} Belle's Book Bag says

Since finishing Evan's Victory(Book #5), I have been not so patiently waiting for Patrick's Heart. Especially since Evan's Victory ended in a cliff~hanger!! Stacey Espino can be a bit evil with her endings in this series!!! LOL

I really liked this story. It was filled with such sexy smuttiness that I didn't want to put it down or see it some to an end. Each book seems to get better than the last. Patrick and Evan along with Garret(although he sometimes gets on my nerves~JUST TELL HER ALREADY!!! LOL)are my favorites.

Each of the books in this series focuses on a specific pack~member and the relationship they are building with Cassidy. Although the books main focus is a specific pack~member, the other 4 pack~members are still featured in each book and Cassidy is, of course, featured in every book.

Patrick's Heart was another sexy hot satisfying read!! Great addition to the series and I cannot wait for the next book as again, Stacey left me wanting more with this ending. The next book is the last of the series and I can't wait for the final HEA!! 4 out of 5 rating.

Aussie bookworm says

loved this story and what a cliffhanger to leave it on, I hope it is not a long wait for the conclusion
