*By Your Side: The Journey of Two Sisters Through Love and Sacrifice* depicts the tragic story of the loss of Misty's sister, Stephanie, back in 1993. After being missing for 55 days, Stephanie's remains were found in Southeastern Arizona. The investigation into Stephanie's death was non-existent and Misty, her mom, and her grandmother, worked tirelessly to seek the justice Stephanie deserved.

The story displays the spiritual connection that Misty encountered during Stephanie's disappearance and details how Misty processed her grief throughout the years. Now Misty embraces her spiritual gifts and teaches individuals and groups about finding light in tragedy through love, forgiveness, gratitude, being vulnerable, and judgments. This story of unconditional love will expand your heart and will give you hope during trying times.
