## Coffee with a side of You (Entertainment District Book 1) B. Love

Nyx Fifer went half on everything with a man that hadn't committed to giving her all of him, so when Glenn left... Nyx was stuck carrying all of the financial weight he neglected to take with him – as if she wasn't having a hard-enough time keeping her coffee shop up and running.

Rocco Tate was in the business of giving and taking. As a real estate developer, he gave to potential business owners that he believed he could profit from, and took the businesses of those that he believed he couldn't.

When Rocco decided to invest in a few blocks and turn the space into an entertainment district he didn't expect Nyx to stubbornly hold up his plan. Her business was clearly suffering because of the competition of a major coffee chain on the same street, and Rocco was sure Nyx would immediately jump on the opportunity to work with him.

She didn't.

Her persistence to keep her business matched his persistence to buy it from her. And as he pursued her business... Rocco also found himself pursuing Nyx's heart. Tired of men withdrawing more than they deposited into her, Nyx refused to allow Rocco access to either... but will that consistently be the case? Or will she end up like the other hundreds of business owners that fell for Rocco's devastating charm and hand over the keys to both her business and her heart?

**Good**

I enjoyed this story, but some things are just a repeat of what was said a few pages back. I guess it was to make the story longer. All in all it was good

**Great read**

Watching Nyx go from guarded and closed off to open, trusting and in love was everything. I was glad she trusted Rocco enough to know her role and to allow him to lead her. They truly were the best part of each other.

A nice , calm love story...I love how Nyx and Rocco love each other. It is refreshing to read about a man who knows what he wants and plays no games about the woman he loves. I have also downloaded the spin-off from this book called "If He Loves Me (Entertainment District 2)". Looking forward to reading many more B. Love books after these!

**Speechless**

B. Love, God uses you to speak to your readers in ways that they otherwise wouldn't be able to hear him. That spiritual side of Nyx did fueled my soul in ways that I cannot explain. Everytime I read your books, I self reflect and try to become a better me, as Nyx and Rocco promised to be. The part where Nxy talks about

manifesting and speaking into existence the man and love that she desired yet not being ready and prepared to accept, receive, and give that love back took me back to my own situation. Praying for a man and love and then not be ready for it when it comes to you. I loved the push and pull of their relationship because it truly brought the best out of them in all aspects. I need an update and a spinoff of Matt and Cassie. My heart goes out to Cassie. I wish she could let go of that fool but we all know how that goes at times. I cherished every moment of this love story!! Another B. Love masterpiece!!

### **Finding Love Through Walking in Purpose**

This story is amazing! Rocco and Nyx personify how even after being off course from your purpose, that when you get back on course, good things happen. They were both able to heal and find love all by walking in their purpose. The purity of their souls was something that also aided in this. Another amazing story by B. Love!

### **Savoring The Moment**

I ABSOLUTELY LOVED THIS THIS BOOK!!!!!! This one here touched the inner part of me....my spirit! I cried and cried and cried! I thought there would never be a book that I adored more than Rule & Camryn, oh but B! So, for each category, these 2 are my number 1's. I loved everything about Nyx. That chick made me FEEL. Maybe because out of all of her characters this one is EXACTLY me! I felt every mood, every emotion, every reaction, every feeling. I was just an emotional being reading this book lol! This read was executed well! The lessons in this book were AMAZING! I was able to recognize that by me playing both roles (man & woman/mother & father) I am more in tune with my masculine side, but the feminine side of me is really crying out. Hell, it CRIED OUT! I loved how Rocco was patient with Nyx and how they both we're upfront about their needs and wants. Their communication was everything. Both were satisfied by pleasing each other. They stimulated one another. They were one another's strength and weakness. Rocco was the moth to Nyx's flame; the cock to her tail; the heart to her beat. See, now, im about to cry again. I love how her passion for her purpose birthed. I loved the evolution of it all. B. Love ALWAYS place positive influences on BLACK LOVE; the way its SUPPOSED to be. I thoroughly enjoyed this book. It encouraged me, pushed me, and motivated me to dive into my purpose, my calling, all that God has planned for me. One thing about this author is that she INSPIRES and CHALLENGES her readers to better themselves and to be THE BEST VERSION of themselves. Thank you B. Love. Now, watch me SOAR!

Pretty good book but I felt like the author could have made the characters a little more colorful. I absolutely loved Nyx. Read it in one day.

## **Yvonne Bailey says**

Where do I begin...The deep soul connection these two shared was unbelievable! I felt the chemistry dripping off the pages and felt as if I had a court side seat watching them. I loved that Rocco was so protective of Nyx and showed her what love with a real king looked like as for Nyx she was very in tune with her chakra and the energy that surrounded her and Rocco was more than heart felt. I'm in love with love and when a happy ending occurs after a slightly bumpy ride I'm always happy. The ending was decent and of course I still have questions surrounding Cassie and how her situation came to be but I'm sure Mrs. Love won't disappoint us..

An empowering and uplifting book that reminds u that true love does exist and to listen to ur spirit when determining who u share ur heart with.. Follow ur passion and ur true heart, it will lead u in the right direction. Being vulnerable is scary but so worth it with the right man!

Cover... Sexy

Storyline... Fullfilling

Richness of characters... Amazing

Character names...Nice and Unique

It was easy to visualize this story as I read page to page. The depth of each character was felt. I liked that it flowed just right as well. As for Cassie, i want to see a spinoff, and I hope that Matt is her hero.

### **My my my!**

I loved almost everything about this book. From the beginning with their nicknames for each other, to the passion they had for life. The whole "I lead and you follow" thing was everything. Because if we keep it real that was God plan for man and women. I am now a fan.

Really hope Cassie open her eyes and see Matt ready to love her crazy self.

**Ladii Zig says****AWSOME**

I loved Rocco and Nyx story. I was glad that both of them were able to move from there pass and pursue the future with the love they could provide for one another. I love the man in Rocco for taking the responsibilities that Nyx had just to show her that he was the man that she needed in her life. On another note I would LOVE a spinoff with Cassie and Matt because I know its going to be good and interesting. Of course B. Love did a great job and can't wait for the next.

**Deena says****Hmmmm...**

This kept popping up in my recommendations, so I decided to go ahead and read it. It wasn't bad, but something was off for me. The storyline was good and the characters likable, but I didn't really connect with either. Cassie was the only character who really got a strong reaction from me: I alternated between feeling bad for her and wanting to shake her. Wish we could have met Rocco's grandparents to get a better feel for him.
