Darkness Reborn

Stephanie Rowe

Darkness Reborn Stephanie Rowe

Talismans carved on his body. A lethal darkness amassing inside him. A woman who calls to his spirit on levels so intimate and so passionate that his deadened soul screams in agony. Calydon warrior Kane Santiago has a past he can't remember, and a deadly legacy closing in on him. His only chance is Sarah Burns, a sensual, courageous woman fighting to save herself and her family from an ancient, brutal evil.

Sarah is on the verge of losing everything, but she can't afford to trust Kane, who is either the key to her final destruction...or her only chance of survival. Bound together by a connection so deep that it has the power to bring the past and all its nightmares back to life, Kane and Sarah must tap into the hearts they closed down so long ago or lose everything, including their souls.

Dottie says

The fifth book in author Stephanie Rowe's dark and sexy ORDER OF THE BLADE series! Taken from my review at RomanceJunkies.com:

Sarah is the last angel left. The rest have been killed by the monster Los Muertes, a Calydon created especially to get rid of all the angels, when he decimated her village of Akara. He managed to kill most of the angels before he was contained. To get him under control, talismans were carved into his skin, keeping the demon within him contained. While unconscious, he was taken away to another city and left. But now he is back...and evil stalks the village.

Kane, a Calydon and a member of the Order of the Blade, an organization that protects the earth from rogue Calydots, has no memory of his past except for waking up in a strange place with his body covered in talismans. For hundreds of years, he has sought his past unsuccessfully. Drawn to the village of Akara, he hears a woman screaming and comes to her aid, never dreaming that the woman is an angel who could prove to be his salvation. But can he overcome the darkness within him for the light and love of the angel he cannot do without?

Does their love stand a chance, or is it the beginning of the end for humanity?

An action-packed tale, DARKNESS REBORN, the fifth book in award winning author Stephanie's ORDER OF THE BLADE series, is a beautifully written, dark and sexy paranormal romance that will grab your attention from the very beginning and not let go until the satisfying conclusion. Although it is part of a series, it is not necessary to read the previous books in the series to understand and enjoy this one. The suspense runs high in this adventurous tale and will have readers on the edge of their seats. With complex characters, danger, mystery, suspense, sizzling hot passion, an exciting plot, clever banter and romance, Ms. Rowe has written a captivating story that will have readers reading late into the night, avidly turning the pages to see what happens next. My only problem was that I hated to see the story end, forced to leave behind the wonderful characters, Kane and Sarah, whose sexual chemistry is off-the-charts. Once more, phenomenal author Stephanie Rowe has penned a winner. For additional enjoyment, also check out the other books in this delicious series; DARKNESS AWAKENED, DARKNESS SEDUCED, DARKNESS SURRENDERED and FOREVER IN DARKNESS. As I await the release of the next book in this series, DARKNESS ARISEN, be sure to pick up your own copy of DARKNESS REBORN. I highly recommend it!

Best one yet

This one has got to be the best one so far. It tells a story rather than just about "boy meets girl, boy has sex with girl over and over". And the story is fantastic. It's a great continuation from the last books but, introduces new characters with new agendas. I highly recommend this series. If you are a fan of J.R. Ward,

this is right up your alley. Have fun!!!

Janet Juengling-Snell says

In Darkness Awakened, the first book of The Order of the Blade, we were introduced to a group of immortal warriors, known as the Calydots, cursed with a dark side. Each Warrior is destined to meet his soul mate, so drawn to her, that he is unable to resist bonding with her.....but the lover's destiny is to destroy each other and everything they care about, the moment the bond is complete.

In Darkness Reborn, we finally get to read Kane's story. The mysterious warrior with Talismans carved all over his body and no memory of who he is. Kane is searching for his past and he has found his answers with Sarah, his soul mate. But Sarah has her own secrets and wounded history. These two tortured souls must learn to trust each other before they destroy themselves and the rest of the world.

The connection between Kane and Sarah is instant and strong. The scenes between these two were extremely passionate and fiery.

Take a deep breath before you start reading, because I found myself actually holding my breath several times throughout the story. Stephanie takes us for a emotional ride from the first page till the very end. It's was a roller coaster ride of emotions, action and non-stop adventure. There were a few times I even caught myself yelling at the pages. And I loved that there was just a touch of humor to help ease the high volume of tension that was bouncing from the pages.

Darkness Reborn is an absolute AMAZING read!!!

Jessica says

I was about to start reading this. Then I read a review by another Goodreads reviewer, now I remember this book. This book was the best of what I had read so far. The things the hero in this will do for the woman he loves and his family are amazing. I just wanted to jot this down on here so I would remember that I read this book. Now to try to figure out where I left off.

Elizabeth says

Stephanie Rowe adds another awesome chapter to the story of the Order of the Blade and this one is a dark and painful journey into the past of Kane Santiago. I loved this book for the change of pace and the unexpected surprises along the way...if you love paranormal romance, this if for you! Hot, sexy men and they all have awesome personalities that keep you coming back for more!

Bex 'n' Books says

Darkness Reborn

I have loved every single book in this series, but all for different reasons. Yet with Darkness Reborn, Stephanie Rowe has truly out done herself. She's managed to create a unique read with the fifth book in her Order of the Blade Series, whilst managing to retain a familiar style, pattern and the wonderful characters that I have grown to love.

In Darkness Reborn, we follow the many trials and tribulations of the mysterious Kane and the beautiful Sarah. My emotions were constantly in turmoil as I was successfully sucked into Kane and Sarah's world. Stephanie very effectively developed two amazing characters that were impossible not to fall in love with. I cheered, celebrated, gasped and was held in a collection of horror states as the story unfolded. For a paranormal romance, in a world of fantasy, Stephanie Rowe certainly knows how to create a world so realistic, and so believable that it was impossible not get caught up in the unfolding drama.

Darkness Reborn is a remarkable story of love, loss and self-discovery. Perfect!

Tamara says

I am issuing a warning along with my review for Darkness Reborn, When you sit down to read the first page, be prepared to keep reading until you reach the end! There are no rest stops on this mad dash through mystery and myth.

Yogi says

Best one ever

This is probably the best of the series. Deeply emotional and filled with action and suspense as the mysteries unfold. Not all questions were answered. Lost a character but it makes me hope these things will be taken care of in the next book. I give it a solid A

Julie says

WOW! I knew going into this book that Kane had some crazy stuff happen to him in his past. I also knew he was pretty messed up from all that stuff. What I didn't know was just how seriously messed up both him & his past were. What a roller coaster ride I was on while reading this book. Sarah is a very interesting female character and through her story we find out more about Kane, and get some hints into things that might come in the future books. I just love the little hints or teasers if you will that Stephanie litters her books with. They always make me crazy anxious waiting for the upcoming releases. I was also surprised that even though this was Kane's story and he was the main focus, I found myself becoming a major Thano fan! I am kind of glad that I read this in ebook format because I am afraid I might have ripped the pages in a print book trying to get

to the next page. Stephanie Rowe has definitely become a MUST-read author for me and I highly recommend the Order of the Blade series to everyone.

Kassie says

Stephanie Rowe out did herself this time. Kane's book is just amazing. I love the banter between the characters and how emotionally involved I was. Just loved it!!! :)

Larsen says

Again,? I enjoyed this book, it's one of those books just like before that you can become part of the book, it flows along and takes you with. Already on to the next one. ?

Ashleigh Stephens says

Best one so far

So far, this is definitely the best in the series in my opinion. I loved finally getting to know Kane's past and the struggles in this one had me not wanting to stop reading

Holly says

Stephanie Rowe manages yet another great hit! She always manages to write with such passion that it flows off of the pages and straight into her readers. If you like action packed paranormal romance and you haven't read this series yet, I have to highly recommend that you do!! All the stories in this series have been very intense but this one is the most intense so far. Kane and Sarah are put to test after test and have to discover if they each have what it takes to overcome all their obstacles. Very action packed, very emotional ride that will leave you trying to catch your breath for a long time after you have finished!

Jen Davis says

Some days, I feel like the odd man out... that reader that must be impossible to please. Because everyone else seems to have liked this book. Everyone but me. I enjoyed the first couple of installments in this series, but the last one was a real miss for me. A good friend assured me, though, that the series gets better. I won't say that she lied, but I will say this is clearly a matter of perspective.

Much like the last book, I was excited about the premise. Kane has been a dark and brooding mystery since day one. He is heavily scarred and doesn't remember anything about his life before he joined the Order. I love tortured heroes, especially when I get to see their salvation through love. Unfortunately, how it was executed was neither something a path I expected or enjoyed.

Our heroine is Sarah. She has lived her entire life in fear of the Calydon warriors who are determined to kill her. Her very own brother is on the verge of succeeding once and for all when Kane hears her mental cry for help. He saves her life and takes her under his protection. She soothes him. For the first time he can remember, he is feeling something other than the blackness that has been threatening his soul. Sarah is a being of light. She gives him peace where he had none before. And he vows he will repay that with gift by assuring her safety. And having wild sex with her.

Sarah is afraid to trust Kane. She has been burned before by a man she loved. This is not the first time she has been someone's sheva. So the book follows her internal struggle as part of her wants to give herself over to Kane and the other, fears she will fall victim to the same violence that nearly destroyed her years ago.

I had a few problems. The first is that the emotional responses from both Kane and Sarah are totally over the top. It reminded me a little of the Christine Feehan Carpathian books, where everything is just so big and poetic. All of emotions are soul-deep. The heroine isn't just Kane's mate, but all that is goodness and light. Kane isn't just conflicted, he is eroded by darkness. And again, the crazy need-filled sex bridges the gap. This made me roll my eyes. As did Ryland's steadfast devotion Sarah and her special status. But this wasn't was I disliked most.

The big mystery here is the question of who Kane was before he joined the Order. Sarah has her suspicions that play out over the course of the book. It was the answer that left me put off. (view spoiler)

I just couldn't get on board. I couldn't believe in the emotions, because they were borderline ridiculous. They were completely unrelatable. There was nothing to the romance other than fated mates and the juxtaposition of lightness and dark. The characters were superficial, and the hero was ruined. This was just not the romance for me.

J??£ says

Kane was funny. I really enjoyed the flirty banter in this book. Had me grinning almost the whole time. ????
