**Her Sweetest Fortune** Stella Bagwell

FRIENDS WITH...BENEFITS?

Sophie Fortune Robinson is on a mission. The word around the office watercooler is that the boss's youngest daughter is intent on landing Mr. Right by Valentine's Day—and that she has her eyes, and heart, set on a certain hunk in Marketing. But when she enlists her longtime pal and coworker Mason Montgomery to teach her how to get a man to notice her, little does she know she's already captured *his* attention!

Now Mason's in a real bind! He has just a few short weeks to fight his way out of the "friend zone." On his agenda: convincing sweet Sophie that *he* is the real man of her dreams! Will Fortune smile on true love's venture?

Her Sweetest Fortune

Stella Bagwell

Received from Netgalley

HER SWEETEST FORTUNE is a wonderful way to spend the afternoon. Stella Bagwell nailed my happy place with this sweet and funny story and I enjoyed it very much. Sophie Fortune Robinson is one of the youngest siblings of her family and works at her father's software firm. She has set out to make the office hottie in Marketing notice her and fall in love with her. Thom, is the perfect man to fall in love with, in her mind. But he is a huge player and well, quite honestly, a jerk! Sophie is so smitten with him that she doesn't see him for what he really is. Sophie is determined to make him ask her out because she doesn't want to spend Valentines Day alone again this year. She goes to her friend in the office, Mason to get him to help her.

Mason is the office geek, but he is a true friend to Sophie and all he wants is to see her happy. He knows what a jerk Thom is and what he is really after, moving up the corporate ladder. He is afraid that if he tells Sophie the truth, he will push her right into Thom's grubby paws. He also has a huge secret he has been keeping from Sophie. HER SWEETEST FORTUNE is going to teach Sophie a huge lesson about seeing what is right in front of her face and I truly loved the things she learned.

I've never read Stella Bagwell before but I really enjoyed her writing and the story she told. HER SWEETEST FORTUNE is part of a series all written by different authors. You can easily read this one as a stand alone as I did because I had no trouble following the story lines. I will go back and read the first book just to see what it is about and will continue with the series as the books become available. That's how much I loved HER SWEETEST FORTUNE. I'm excited to read more by Ms. Bagwell as well. She pulled me right into Sophie's trials and tribulations and never let me go until the very last page.

## **Lynn Brooks says**

A sweet friends to lovers story to take us deeper into the secret Fortunes drama!

Sophie Fortune Robinson may be the youngest sibling, but she has big dreams of being the next one to find true love! She has her sights set on a Marketing hottie, and sets out to get him to notice her and be her Valentine!

Mason Montgomery is a self proclaimed geek working long hours on the tech side of the company, but he has been admiring Sophie romantically from afar for quite some time. They are good friends and enjoy each other's company ... but she seems blind to his crush. Can simply spending time with her show her that he's actually the man for her instead of the womanizer she has her eye on?

---

## **Susan says**

Good book, though the blurb isn't quite right. Yes, Sophie is determined to land the guy she has her eye on, and yes, she is friends with Mason. But she doesn't enlist his help to get Thom to notice her, she just talks to him as a friend and tells him things. What she doesn't know is that Mason is interested in her for himself.

Sophie is the youngest in the family and used to following her father's guidelines - set a goal and then achieve it through hard work and confidence. She just needs to find a way to get Thom's attention. Once she does, she is sure that the relationship will progress just as she envisions it. After all, she's sure that he's her Mr. Right. She is so focused on what she believes that she doesn't see the type of man that he really is. She also doesn't see what is right in front of her.

Mason is a really nice guy. He's been interested in Sophie for a long time, but a) she's the boss's daughter, and b) he's just one of the programmers and an ordinary guy. He doesn't think she'd be interested in him. But he also can't stand the idea of Sophie being hurt by a guy like Thom.

Sophie sees Mason as a friend, someone who is easy to talk to. Mason knows that Thom is not the man she thinks he is, but also knows that telling her so will only make her dig in her heels. I thought she was a little silly, fixating on Thom because of his looks and popularity, without looking deeper. She was so excited about their first date, and it turned out so differently than she expected. She was so stubbornly determined that it took several more dates before she realized the truth about him. In the meantime, Mason is there when she needs someone to talk to. He always seems to know just what she needs. It isn't long before she discovers she'd rather spend time with Mason than with Thom. Why is it that an unexpected kiss from Mason is far superior to the one she got from Thom? But seeing the problems in her parents' marriage has made her wonder if something that good can last.

I loved Mason's patience. He listens to her go on about her plans with/for Thom without telling her what an idiot she's being. He's sweet and kind and sensitive to her moods. I loved the way he came through for her on Valentine's Day. He did not expect the sparks to suddenly burst into flame with her. I also felt he was a little too understanding about her fear of looking ridiculous by switching her focus to him so quickly. His frustration at the secrecy of their relationship was understandable, and I was not surprised that he finally blew up. He was also a bit insecure in their relationship, finding it hard to believe that she could love a man like him. I loved the ending and how both of them admitted their fears and feelings.

Also running through the story is the issue of Sophie's father and the illegitimate children that are coming to light. She is having a hard time dealing with it. Her own fears and insecurities cause her to behave like a brat to one of her newly discovered siblings. She also doesn't understand her mother's attitude, and begins to suspect that she has her own reasons for putting up with what is happening. Sophie becomes determined to find out her mother's secrets.

---

## **Fran says**

Cute read for some, but not for me. Sophie seemed a bit immature and blind to me in lusting after a man who was so clearly a player & faker. Mason on the other hand was just okay. I don't know what it was about this book, but it left me bored and I had a hard time finishing it.

Miniseries: The Fortunes of Texas: The Secret Fortunes

---

## **Jane says**

I am enjoying getting to know the Fortunes of Texas: The Secret Fortunes. Her Sweetest Fortune by Stella Bagwell is Sophie Fortune Robinson's story. She is in HR in her fathers company, Robinson Tech. Valentine's Day is coming and so many in her family have found love; she decided she wants it too! Sophie then sets her sights on Thom Nichols in Marketing. He has quite the reputation but he is hot and the one she wants. She is determined to make him want her.

Mason Montgomery works in IT across the hall from Sophie. He has become a friend and more recently her confidant. Mason secretly has feelings for Sophie but never lets on. He is just bidding his time but it hits him in the gut when she tells him she is going after Thom.

You must follow them and the road they take to get their happy ever after. This is a really cute love story and a great Valentine's Day read.

---

## **Jessica Figueroa says**

Sophie is looking to have a wonderful Valentines day with the man of her dreams which is the guy in marketing Thom. With more unfortunate news about her fathers indiscretions shes just looking to be happy dating Thom and looking forward to Valentines day. While she works on catching his eye she looks towards her friend Mason for some advice not knowing that he is the one that cares for her.

So this was a sweet book. Really is a nice book to read around Valentines day. I thought it was interesting getting to see more of the Fortune family and seeing how everyone is dealing with news with even more siblings popping up due to their fathers cheating ways. I loved getting to see Mansons side of things and seeing him be there for Sophie. I thought it was interesting seeing how Sophie is handling things and how she felt like dating Thom and her curiosity towards her mother. I would really like to know her mothers oddness towards everything thats going on. Overall this is a really good book and I enjoyed it.

## **Marsha says**

Nice guys don't always finish last. This story reverses the usual rich-man-poor-girl trope by having the lady as the rich damsel while her would-be beau is a lowly employee.

But, since romance novels rarely stray too far from type, we don't have the rich lady wining and dining her intended with fancy meals. She doesn't send limos to pick him up and whisk him away to fancy places. She doesn't buy him jewelry or expensive clothes. She's not taking him to see the glorious house where she and her family live.

Stella Bagwell neatly skirts this uneven conduct between the sexes by having the lady first falling for the wrong guy. Sophie Fortune Robinson thinks Thom Nichols is sex on wheels. Why not? All the other women in the department do and she tries to get him to notice her. So he's the one taking her out for expensive meals—no, wait. He's taking her out to see violent movies and wrestling matches.

She's anxious to rope him to her side and that he not see her as just a spoiled little rich girl. So it never occurs to her to squire him to special places or suggest where they go. She falls back on being the passive partner and letting him call the shots...until she realizes that he's not all that great.

In her efforts not to seem like her philandering, cheating and adulterous father, Sophie is anxious that people not know that she's switched her affections to someone worthier. This leads to lies, deceit and a clandestine affair—gee, I guess she's like her father, after all.

Money and power are powerful factors in Cinderella romance novels. It's too bad women don't get to wield them like men do.

### **Jess Lawson says**

I can't help myself something about the Fortune family gets me every time. Sophie is so sweet and intelligent she just needs to find the right man to be her Mr. Right. How is she supposed to do that when her father has children popping out of the wood works all over the world. Her new found friend and co-worker Mason is a wonderful listener maybe he can help her in more ways than she will ever realize. I absolutely LOVED Mason and Sophie's story and I can not wait to read the next installment to see which way the Fortune family will grow next.

---

### **Janet Robel says**

Cute romance with a Valentine's theme. Mason Montgomery is a good guy but will have to make Sophie see he's the one for her. I liked reading about the Fortunes.
