## My Sweetheart Shannon Guymon

Jane Kendall loves her new life. She loves baking. She loves working with her sisters. And oh yeah, she loves Tate Matafeo most of all. Which would be great if he loved her back. Jane refuses to let heartbreak rule her life though, so she turns to Google and finds 10 easy steps on How To Fall Out Of Love. As helpful as Google is, Tate Matafeo is a hard habit to break especially when her new friend Meredith insists she come to a Rugby game and Tate happens to be on the team. Alex Foster is one man willing to take her mind off of Tate, but Jane knows trouble when she sees it and ends up getting a restraining order. Between Kit's wedding, Tate's mixed signals, Alex's obsession and her father's rehab, Jane wonders if she'll ever get her happy ending.

### **Amie Aycock says**

I was so excited to finally read Jane's story, and it certainly didn't disappoint! I found myself just as wrapped up in this story as the other two before it!! The story is fun, full of laughter, and will pull at your heartstrings! It is a perfect ending to the fun trilogy! The story is well written, and has you laughing, crying, and just falling in love!

Once again I absolutely fall in love with the characters, they are well written and so much fun! Shannon does an amazing job of letting you picture each character, and instantly fall in love with them. Its fun when she brings in new characters, and when you can see what has been happening with the ones in the other books! I love how through each of the books you can see each sister evolve.

I love Jane, I think she is one of my favorites. I love her fiesty personality and her love for romance! The dynamic of her and Tate is fun and playful, and will have you smiling! I also love the relationship these three sisters have, it reminds me of the one I have with my sisters. These girls have so much love and friendship in their family, and you can feel it!

I found myself in the early hours of the morning reading, not wanting to put this book down! I definitely recommend this book to everyone that love fun romances, you won't be sorry!! Also if you haven't already read the other two books in the series, they are amazing too!!!

### **Taylor Sheffield says**

This book was one of my best reads ever! This series was so good and it makes me want to read so much more! I loved this book because it had many twists and turns that I didn't expect. I love the love story between Jane and Tate. I also like how Shannon Guymon uses characters from the other books in the series. It helps me connect more with this book. I also like how this is a good clean romance book.

---

### **Amberly says**

Such a sweet ending to Ms. Guymon's first Fircrest series! It was a little predictable, but the book gave me everything I wanted and more! In many romance books, the author spends the entire book on getting two characters together. In My Sweetheart, half of the book was spend towards the two characters realizing their love for each other while the other half consisted of challenges and life events that they faced together. I loved seeing characters from previous books interacting with new characters. The characters were well-developed and their actions consistent with the personality Ms. Guymon created for them. Some punctuation and grammatical errors existed, but not enough to be terribly distracting. Great job!

---

### **Aimee (Getting Your Read On) says**

I have really enjoyed this series. This is the third book for the baby sister (three sisters, three books). I've been looking forward to getting this love story since the first book. :) Great, clean romance with the heart and loyalty that I love. :)

---

### **Kathy says**

My Sweetheart is Jane's story and the one I was most looking forward to reading about. Jane and Tate's attraction to each other has been evident since they first met and I've been looking forward to finding out what was keeping them apart. I was happy to see Jane, the hopeless romantic, finally get a happily ever after of her own.

A couple things in this story seem to work out a little too easily/coincidentally and but I loved it nonetheless. A great ending to a fun series that I highly recommend. I'm looking forward to reading more from Shannon and was excited to learn there is more I can read as she has written more under a pen name Katie Lee O'Guinn.

Rating: 4.5 Stars - Highly Recommend

Content: Clean

### **Kathy \* Bookworm Nation says**

This is my favorite of the Love and Dessert trilogy. I liked Jane and Tate in all three books and it was fun to finally watch their love story unfold. Jane is just a sweetheart and easy to like. I loved that she is optimistic and kind to everyone. I've loved Tate in all the books, but especially this one. We really get to know him better and he's just an amazing guy. I found their relationship to be a little more realistic, maybe since their story has really been told over three books and even though it moved fast, it worked for them. Or maybe I just liked them and wanted them to get together.

My thoughts on a few side characters: (view spoiler)

Overall, I just really like this series. I've read it three times now and I'm sure I'll be reading it again. It's one I would highly recommend to any fan of contemporary, heartwarming romance.

## Content

Romance: Clean

Violence: Mild (view spoiler)

Other: Mild talk of drug addiction, shown in a negative light.

---

## **Kemi says**

The story was cute-- a good way to finish the series. Still a lot of holes and a lot of under-developed plotlines and characters, but it was entertaining.

The editing still left a lot to be desired, although it was significantly better than the last two books. It's a huge pain to read a book and edit every other sentence for grammatical errors and/or content.

---

## **Katie W says**

Jane is the youngest sister. She's content to do her own thing and is a very sweet, easy-to-please woman and she's very happy and content with her new life as a baker. She is totally in love with local policeman, Tate. She makes every effort to get over him, since he rejected her almost from the start, yet she just can't. Determined to be happy without him, she signs up for a meet and match website so that she can meet new friends and ends up in the same circle of friends as Tate. Meanwhile, she's done fending off Alex, who seems to be stalking her, and decides to get a restraining order. There are many tumultuous waves in Jane's life, but she's determined to find her happily ever after.

I love Jane! She really is a sweet, forgiving, and kind woman. She makes friends where ever she goes and is very down-to-earth. I love how she takes charge of her life, going to great lengths to get over Tate, to make new friends, and to find happiness. She's someone who makes lemonade out of lemons, for sure.

Tate is such a fun, loyal man. He has very good reasons for holding Jane at an arm's length. Family means everything to him and he's very passionate about what he cares for. I loved the realizations he comes to and the way he handles everything.

I also enjoyed seeing a character from a previous book redeem himself. I always knew he was a good guy, deep-down.

I hate to see this Trilogy come to an end and really hope these same characters make appearances in the trilogies that are tied to this one.

Content: no language; mild-moderate violence--a fight (beating someone up), a kidnapping/question of rape; lots of clean kissing. Clean!

## **Heidi says**

### **Best of the series**

I absolutely adored getting to hear Jane and Tate's story. It was completely endearing. This is a beautifully written, clean trilogy!

---

## **Erica says**

3.75 stars. I like Shannon Guymon's books because they're sweet, clean & and we both love a HEA!

What a great series! Reading about 3 sisters and their journey to find peace, love & happiness has been so fun. My Sweetheart was a fantastic conclusion to this series.

Liked: Jane is so sweet & likable. She truly finds the best in others and is so supportive and protective. As a gal who also has 2 sisters, these books are easy for me to relate to. All 3 sisters have different personalities, strengths & loves, and they've all been interesting characters to read about. It's nice to get their different perspectives. Add in 3+ adoring love interests, a few road bumps to make things realistic & there's lots of moments that make you smile.

Disliked: A few minor typos; not a huge deal, but it disrupts the flow for me as I have to go back and reread to be sure I haven't missed something.

Clean with minor religious reference but not preachy.

---

## **Jeanne says**

Who could resist the Kendall sisters with their feisty, yet lovable personalities? The 3 sisters come together to run the bakery they inherited, but it ends up changing their lives - better than they could have ever imagined! Layla and Kit find the love of their lives... and it's about time sweet Jane gets her own "happily ever after!" This is now my favorite series of Shannon Guymon's. Warning: these books and characters suck you right in and you can't put the books down! So find a comfy seat, sit back with a chocolate treat, and enjoy the 3rd book of The Love and Desserts Trilogy! No one messes with the Kendall sisters!

---

## **Shauna says**

OH. I. DO. LOVE. THIS. SERIES.  
LOVE and DESSERT...can it get any better?

These books are fun and fantastic!  
They are also sweet and romantic!

They are just a pure delight to read!

This is Jane's story...

Jane is the youngest sister and she has watched Layla find love, marry and Layla is now expecting.

Jane has also watched Kit choose her true love and Kit is now planning her wedding.

Life at the bakery won't be the same without her sisters living there... Yes they will still work together, but it will be different.

Jane is feeling a little lonely.

And then there is office Tate...

Jane loves him so much, yet Tate has made it very clear that he doesn't want to be with her.

But what about all the flirting Tate does...

Jane's heart just can't take it any longer..

She tells Tate to never come back to the bakery again!

She tries to Fall Out of Love with Tate by dating Rob.

She even seeks out a Find a Friend website.

But her heart is set...especially when she sees Tate strip off his shirt and do the Haka with his fellow Rugby players.

Family conflict, love triangles, old boyfriends, kidnapping, and a wedding reception never to be forgotten makes this a book to be read and loved and shared with a friend!

I LOVED, LOVED, LOVED this book!

---

### **Kathy Jo says**

2017 - Yep... I still absolutely LOVE this book! These Matafeo men... \*dreamy sigh\* Where can I find me one of them?! ;)

2016 - I still totally LOVE this book! \*dreamy sigh\*

Okay... I changed my mind! My Sweetheart is my FAVORITE in the Love and Dessert Trilogy!! I was really sad to see it end and I immediately wanted to start it all over again the second I finished!!

Jane is a hopeless romantic who is hopelessly in love with Tate Matafeo and has been from the moment she met him. The sad thing is, he's a stubborn man and even though he feels the same way that she does, he will not do anything about his feelings. Like I said.. stubborn man!! Grrr.

Jane decides that she is going to do anything and everything she can to get over Tate. Not only did she consult Google for help but she also enlisted Rob, yes.. I said Rob, to help her as well. In actuality Jane and

Rob end up helping each other... she needs to get over Tate and he needs to get over Kit. It's a win/win. ;) We get to see how much Rob really does regret doing the things he did to Kit and we also get to see him making some changes in his life. In the end... you will end up liking him... I promise!

\*sigh\*

And as for Tate... the poor guy is torn between his love for Jane and his respect for his family. They are very traditional people and do not really like change.. but who can blame them?! None of us do! They really only wanted what they thought was best for Tate. And, thanks to Jane, they were able to open their eyes and see that happiness is what they want the most for him. And his happiness is JANE!! I absolutely LOVED when she went up to Toa and Pika in the restaurant and thanked them for helping to raise an amazing man that she would soon be able to call her husband. That took a lot of guts and really helped them to see just who Tate was bringing into their family. It was awesome!

Ugh! Let's just address the creep Alex in a very tiny and short paragraph. He is a psycho, creepy loser that got what was coming to him. The End!

And as for their father... it was good to see that they were able to get some kind of closure with him. He still has a long way to go but with their help he was able to make some good decisions and get the help he so desperately needed. I don't think they will ever be close but at least they know they did everything they could to help him out whether he deserved it or not.

And let me just say... I absolutely LOVED the weddings!! It was the perfect way to end an amazing series!! I cannot tell you how many times I have read this series but the more I do... the more I love it!! This series is definitely an all time favorite for me and has gotten me out of many a reading funks!! Shannon's books are literally my go to's whenever anything is going wrong. I know that by picking up any of her books my day will be brighter and my load will be lighter!! It really is a great break from reality!!

So I say if you have NOT read this series.. you are missing out and you DEFINITELY need to add these to your TBR List... you will not be disappointed!! ;)

And of course I can't forget my casting!! ;)

---

### **Emily F says**

This is one of my favorite of the Fircrest books! I've been rooting for Tate and Jane throughout the first two books and I love seeing how Jane finally gets her happily-ever-after. And I love her Matafeo cupcakes and seeing the updates on how the other sisters are doing. I love a book that I can finish with a smile on my face and a happy sigh! It's super clean and has a really sweet romance!
