Pretty Stolen Dolls Ker Dukey , K. Webster

This is a Dark title with adult themes

From Bestselling Authors Ker Dukey & K Webster comes,
Pretty Stolen Dolls.

Benny loves his pretty little dolls.
As long as they do exactly as they're told.
He keeps them perfect by brushing their hair
and gives them pretty dresses to wear.
He likes to toy with them late at night.
One so timid but the other likes to fight.
When his favorite doll runs away...
despite the other doll promising to stay,
his heart becomes broken and he can't help but cry.
He wants her back home or his pretty little doll must die.

Have you ever had to make a decision that haunts you every single day for the rest of your life...the life you stole back?

I have.

I ran for my survival, rocks and twigs cutting into the soles of my feet, my lungs burning and screaming for rest, every muscle tensed and fighting along with me for existence.

I left her.

I ran, ran, ran—from Benny and his lone, pretty little doll—until I couldn't remember where to find them again.

I'm sorry.

From Reader Review **Pretty Stolen Dolls** for online ebook

Elizabeth says

"This will all be over soon."

Pretty Stolen Dolls is the first book in the **Pretty Stolen Dolls Series**. It is also my first Ker Dukey and K. Webster read, and it certainly will not be my last as it left quite an impression. With a dark and twisted plot, broken characters, and intense subject matter **Pretty Stolen Dolls** is one psychological thriller you do not want to miss!

"He loves to hurt me."

"He drives into me powerfully-reminding me once again he's a man and I'm just his doll."

Jade has been broken. Her innocence stolen and beaten out of her with every last breath. When it seems that she may have escaped her torment, her past comes flooding back like a tsunami. Is she strong enough to pick up all the broken pieces?

Overcoming her past, Jade, now a detective is on the hunt for her captor. The dark and dangerous Benny will not stop until his "dirty little doll" is back by his side.

"I may not be in that cell anymore, but Benny is every bit still my master."

Told in mostly Jade's POV, **Pretty Stolen Dolls** is a dark thriller full of action, intrigue, and explosive passion. Although Jade is the center of the plot, all of the characters are integral to the transformation and growth of the story. Lines are blurred as right, wrong, and completely twisted blend in an orchestra of chaos and pain. This is perhaps the vaguest I have ever been when it comes to writing a review, but the truth is I just don't want to ruin this story for anyone. Benny is someone you must get to know all on your own. The pain is real. The healing is raw and beautiful. The heartbreak is one that I will never forget.

Pretty Stolen Dolls is certainly a must read for dark romance fans. Be forewarned the subject matter is intense and not for the faint of heart. The thrill of the plot is equivalent to that of a blockbuster movie. The stakes are high for the characters as each of them fight to survive. **Pretty Stolen Dolls** certainly ends on a huge cliffhanger so make sure you have **Pretty Lost Dolls** ready on your Kindle! You will not be able to stop until you have devoured every single dark and delicious word!

*****FIVE STARS*****

{ARC Generously Provided by Authors}

His lips find mine again and he kisses me with an emotion I feel down to my very being. He believes this is love. This that is real.

It's not.

Fans of **K. Webster** and **Ker Dukey**, get ready to have your mind blown by this utterly sinister, gritty, and hauntingly fabulous story!! I was already a huge fan of *K. Webster*, but now I have another author to add to my favorites list -- *Ker Dukey*. These two authors are a stellar writing duo!! I went through a gamut of emotions while reading this nail-biting thriller! A word of advice—read this book with the lights on!! I was so freaked out that I had to sleep with a night light on in my bedroom because I was afraid of the monsters who hide in the darkness. If you're not a fan of gore and rape, especially of underage girls, then this one probably is not for you. BUT, if you crave the dark and downright uncomfortable reads, then **Pretty Stolen Dolls** is one you'll want to bump up your TBRs!!

Jade and her little sister Macy have always been taught by their father to be wary of strangers. Evil lives amongst them everywhere. But on one summer day, at a local fair, Jade and Macy fall prey to a handsome stranger who sells pretty dolls. Fourteen-year-old Jade has stars in her eyes when she meets the handsome doll maker, Benny. Her crush has her forgetting the most important warning her father instilled in her over the years – sometimes monsters come out in the light of day.

Benny ends up luring the two sisters in his van by promising to bring them to their home and convincing their parents to buy them both dolls, as the girls didn't have enough money to pay for them. You'll have a sick feeling in your stomach because of the fear of what horrors await these two innocent children. Benny is the epitome of a deranged psychopath. He locks the girls up in separate jail cells in his dark and filthy basement. The girls are often starved, beaten, and treated as his very own dress up dolls. For the most part, Benny keeps his hands off of little Macy as she is way underage, but he has a growing obsession for young Jade. For almost three years, he doesn't sexually assault Jade due to her age. During that time he does abduct a number of young women whom he always ends up raping and killing as they don't measure up to his standards of beauty. Jade battles between hating Benny and wanting his affections as well. When she turns seventeen Benny no longer can keep his desire for Jade under control. At this point, I am feeling all kinds of disturbed because although I know this is horribly wrong and immoral, I was also feeling a little bit of lust for Benny. Jade also felt confused and tormented over the feelings that Benny was able to induce in her. One day, after being held captive for almost four years, Jade is able to escape, but the guilt over not being able to take her sister with her will consume Jade for years to come.

Fast forward several years and Jade is now a Homicide Detective, and still trying to find leads as to where Benny's hideout could be. The police department was never able to determine where Jade and Macy had been held prisoner and it's become beyond an obsession for Jade to rescue her little sister. Jade lives with her boyfriend Bo, who was the "boy next door", during her childhood years. Their relationship is stable, and maybe a bit dull. She cares for Bo but there is no passion in that relationship. There is one man who infuriates Jade but also ignites a burning desire within her that she never thought she'd ever feel – Dillon Scott, her partner.

Dillon is gruff & snarky and goads Jade every chance he gets but something changes in the dynamic of their relationship when they both are working on a case that may lead them to Benny. The sparks are flying and I guarantee that panties are going to be melting when we get to the steamy scenes between our Heroine and her new man. I was then asking myself - "*Benny, who?!!*".

During the latter part of the story, the action and suspense kick into overdrive. For years there has been no trace of Benny and Macy, but recently strange clues are presenting themselves to Jade and young women are ending up dead. Things are starting to reel out of control for Jade and she's unable to control the crippling flashbacks from her time in captivity. Will she be able to save her sister, destroy Benny, and put an end to the nightmare she's been living or has the nightmare only just begun?!!!!

This book ends on an enormous cliffy and I won't be able to rest until I can get my hands on **Pretty Lost Dolls!!!!**

This reminded of a *Criminal Minds* episode I saw on TV once. The killer "collected" women and made them into living porcelain dolls.

Edited to add: Look, I found pictures of the episode lol

Anycray, maybe that took some of the shock factor away from me on this.

Maybe I've just read too much dark romance that this just wasn't all that shocking to me.
Or maybe I'm just dead inside lol I don't know.

I loved this book!!! Although, I am very sad to say that there is a doozy of a cliffy; but even with that...I am so glad to have cracked this open. I don't want to say much about what goes on because believe me, you wan't to read this one and experience the suspense and twists without being prepared for them! This book is DARK, TWISTED, and absolutely GRUESOME at times....LOL I loved every minute of it though!! I can't wait for the next book...I want it now!!!

From what I understand about the story, is that it is told by two authors...Ker Dukey, and a K. Webster. I have read Ker Dukey's work before; but this is the first time I have read K. Websters...I can guarantee that I will be checking out her backlist and finding out what she offers in her other stories. I was blown away with their work with this one, and it is getting harder for me to be wowed!

In "Pretty Stolen Dolls" two sisters are taken by a physcho named Benny...and holy hell, this guy is CRAZY!!! The stuff that he does, and what goes on is something that I just couldn't have thought up on my own...YIKES...it was awful...BUT, I was glued to the pages, and devoured them like I couldn't get enough. If you are a lover of dark themed books, then I highly suggest you give this one a go...I promise you won't be disappointed!!!

Thank you so much Steph for being my Buddy through this story!!! I was glad that we could hold hands through all the torment and torture that was going on!!!

Well, dayum! What a thrilling story this one turned out to be! Since I've read this two authors before I already knew what to expect – something, dark, thrilling and of course crazy, but this first two authors' collaboration was so fucked-up...in a very good way. 'Pretty Stolen Dolls' was pure and simple fascinating and trust me when I say it will suck you in from the prologue. This first installment in the series has just a little bit of everything for you to be blown away from the start – mystery, suspense, steam and some dark themes that I personally loved. Needless to say, if you are like me, an avid reader of dark books, you will not want to miss this one!

“There’s my dirty little doll. So wild and scared, but still so fucking pretty.”

Jade and her little sister Macy have been always warned by their father that evil exists, that demons are lurking not only in the shadows. When Jade is just fourteen years old, she and her sister meet Benny, a young man who sells dolls. At first Jade wants for Benny to notice her, even if she's aware of the age difference between them, but everything changes for her and her sister when Benny kidnaps them. They are held captive in Benny's dark basement being starved and beaten, becoming his living dolls. Jade manages to escape the hell she lived in for so many years when she's eighteen. Escaping alone, without Macy, Jade wants nothing more than to save her sister.

“This is what I do. I’m like a poison, polluting the people I care about.”

Years later, Jade is a Homicide Detective and despite the fact that she escaped her captor years ago she's still a prisoner. She's damaged, for years feeling guilty that she couldn't save her sister from Benny's dirty hands since the police couldn't find where Benny held her. All she wants is to find her sister and make Benny pay for everything. She vows to find Benny no matter what, but what happens when Benny finds her first?

"I'm not a pervert," he chants as he rapes me. I'm dying beneath him. Darkness fogs my eyes and my head spins. "Only you, little doll. I don't need another."

'*Pretty Stolen Dolls*' was such a crazy ride! It was gripping, dark and gory and I enjoyed every minute of it! I loved the well-developed, complex plot and how the story unfolded. The story was unpredictable from start to finish and told in a such a way that you will be at the edge of your seat almost the entire time.

This first installment in the series was more than a dark read. It was a fantastic blend of mystery and suspense, very graphic at times that totally blew me away. Personally I would have preferred the story to be darker and less suspenseful, but I have to say these two authors did a great job balancing every single one of these aspects.

Benny and his obsession with dolls were very fascinating. His character was creepy and disturbing, but fantastically portrayed. As much as I found him to be sick as f@ck, I have to say I was a little...or more mesmerized by him. Jade was a great heroine. I really sympathize with her and I found her strength and determination to be admirable. She was definitely not the usual damaged heroine and I liked that about her. Dillon was another great character. I really liked him! The way he understood and supported Jade at times were really fantastic and their relationship was awesome.

This first installment ends with a cliffhanger and I can't wait to find out how the story will progress.

Overall, an intense, creepy, intriguing read!

not gonna lie i was scared to read this book and now i know why.

Genre: Dark Erotic Suspense

Type: Book 1 of 2

POV: First Person - Female

Rating:

Jade Phillips and her sister were taken by a disturbed man when she was a teenager. After years of enduring the nightmare as Benny/Benjamin's favorite living doll, she managed to escape and vowed to return for her sister. But years gone by and it turned into a cold case until Benny decided he wanted back what belonged to him.

When I see a book that is dark and disturbing, it feels like coming home - that special warm, fuzzy feeling that make me feel like I belong. This book gave me that haha!

This is what I do. I'm like a poison, polluting the people I care about.

Even though now free, Jade was still imprisoned by her nightmare. Benny haunted her every time and everywhere. But, she was not just some scared fragile victim. Her strength and determination was something admirable.

Oh, Benny is the one I love, love, love...

My ultimate favorite type of character is not just the dark, but especially the disturbed. There's just something about their psyche that's so hauntingly beautiful. Benny is a sick fuck for sure. My kind of sick fuck lol!

"You're my little doll," he groans against my hair as he thrusts brutally into me.

For me, this book wasn't that dark. It was mostly suspense in between the dark but it does contain triggers. The sex scenes were hot especially the ones with taboo element.

"Such a dirty, dirty doll. Why did you run away from me—from us? I kept her just for you and that was how you showed me your appreciation?"

Pretty Stolen Dolls is a story of obsession and possession between the victim and the captor. The enthralling cat and mouse game is paired with a good balance of darkness and suspense.

Note 1:

That creepy rhyme is now stuck in my head, head, head... haha!

Note 2:

If I'm going to dress up for Halloween, I know what I'd be - Benny's dirty little doll :p

Gripping, gritty, gory, and full of suspense, Pretty Stolen Dolls is sure to keep you on the edge of your seat! Not all monsters dwell in the dark. Some of them hide in plain sight disguised as a good Samaritan. Fourteen year old Jade and her sister, Macy, learn that the hard way when they are abducted by a devilishly handsome man at their local flea market.

Benny is a deranged dollmaker that is hell bent on making the sisters his perfect little dolls. While he dresses Macy in doll-like clothes and does her hair and make up, he keeps Jade in a barren cell with barely a stitch of clothes. Eventually, he robs her of even that.

When Jade turns 17, Benny decides he has waited long enough for Jade to become a woman. Claiming not to be a pervert because her body is fully mature, he forcefully takes her virginity. From that day forward, he takes her whenever he wants with or without her consent.

One day, Benny comes into her cell inebriated. She uses this to her advantage and escapes. Jade could think only of alerting the police, going back for her sister, and being reunited with her family. After running for

what seemed like miles, she happens upon a road. Frantically, she tries to wave down a vehicle for help. Jade is so excited that she doesn't notice the car isn't going to stop..until it's too late.

Upon waking up in a hospital room, she is questioned by authorities, but is unable to give them enough information to find her sister. Years later, she becomes a detective determined to bring her sister home and take out Benny for good. Despite her best efforts, she is unable to even get close to him. Until one day, when he reaches out to her.

Benny begins abducting and murdering girls left and right to try to lure Jade back to him. He threatens to kill Macy if she doesn't come willingly. Guilt eats away at her with every breath she takes for leaving her sister behind, and she intends to get her back no matter the cost. Benny is always one step ahead of her and the police at every turn. Will saving her sister mean sacrificing herself?

Fantastically dark and deliciously twisted, *Pretty Stolen Dolls* is not to be missed. The story is intriguing, masterfully written, and keeps you guessing until the very end. If you are fan of thrillers, dark romance, or even horror, I recommend this one to you!

Candace says

Dark, Twisted and Suspenseful. I loved every minute! Prepare to have your mind f#@ked. This is just the type of sick and twisted story that I love.

Like most of my favorite stories, this one is not for everyone. It deals with child abuse (mental, physical and sexual), abduction and a deranged serial killer. Don't say you weren't forewarned.

If you love stories that blow past your boundaries and keep you on the edge of your seat the whole time, this is a fantastic choice. I think I had the chills for most of this book. There was a definite creepy, ominous vibe that was pervasive with this story.

Jade, our heroine, was kidnapped at the age of fourteen, along with her younger sister. After years of captivity, she is able to escape. Unfortunately, she isn't able to take her sister with her, a fact that haunts her for years to come.

Now a detective, Jade has dedicated her career to tracking down Benny, the man that took them years ago. Details from her latest cases are eerily familiar. Benny has returned...and he wants to reclaim his favorite, dirty little doll.

From start to finish, I was engrossed in this story. Jade revealed bits of her past through flashbacks, slowly providing readers a complete picture of her years as a captive. It was so disturbing, yet completely addicting to hear her story.

This is the first book in a series, so don't expect to have all of your questions answered. This one ends with a major cliffhanger. I don't want to spoil it for anyone, as this book needs to be experienced. If you like edgy, dark, suspenseful reads, this is the book for you. I cannot wait for the next book!

Okay so I am going to be honest, I have been disappointed by some of K Websters books in the past so I really did not hold high hopes for this one. I have not read any of Ker Dukeys books so had no reference there. I read the blurb for this book at the end of another book and was intrigued enough to give it a go.

I am so glad I did. From the very beginning you are dragged down into the depths of darkness that becomes Jades world.

The story starts with Jade 14 and her sister Macy 8 getting kidnapped from a flea market by what I would call a wolf in sheeps clothing. I mean these two authors came up with a real psychopath for the monster in this book who does some real sick shit. I have to warn people that this book contains all sorts of triggers **DO NOT** read this book if you have a problem with dark content.

Thats as much of the story line I can write without giving away to much. I can say that the characters are great and well thought out, Jade is a strong heroine who is very broken but I love her give no shit attitude.

This reads like a mystery/thriller its full of suspense, twists and the sex scenes between the H and h are HOT. I fell deeply for the H in this one (view spoiler)

I am a childcare worker and I may have to wipe Miss Polly Had a Dolly from the song list for awhile after this book.

THAT ENDING!!!!

I so did not see that one coming at all, blew me away. Huge cliffhanger with this one, you have been warned.

Eve Recinella (Between The Bookends) says

O-M-G...This book was **AMAZEDOLLS**. <-- See what I did there?? K. Webster I was familiar with, but I don't *think* I have ever read anything by Ker Dukey. That is going to change REALLY soon. Together these authors simply BLEW MY MIND.

Benny loves his pretty little dolls. Dressing them up. Playing with them. Defiling them. That is as long as they do exactly what he says. One day his favorite dirty doll escapes from Benny leaving him heartbroken.

It's time for Benny to bring his Dirty Doll home where she belongs...

Where do I even begin?? I LOVED every twisted and f@cked up moment of this book. Benny was DELICIOUS in his madness. The plot will grab you from page one and take you on a mindf@ck of suspense that will keep you on the edge of your seat the whole time.

Jade was an amazing heroine. Strong and resilient. I felt her obsession with finding her sister, and her need for vengeance. And Dillion, oh man, this guy, just SO perfect for Jade and HOT. Those two were the perfect team.

This one certainly isn't for the faint of heart, but if you love a good dark, twisted romance then this should definitely be on your TO READ list. I don't have enough thumbs to express how awesome this book was.
