Slaughter At Buzzard's Gulch: Caz: Vigilante Hunter: A Western Adventure From The Author of "Mojave Massacre" (The Caz: Vigilante Hunter Western Adventure Series Book 1) Scott Harris , G.P. Hutchinson , David Watts , Russ Towne Towne

This is the latest novel from Western adventure bestseller Scott Harris! With gun in hand—Caz blasts his way through the bad guys to bring peace and justice to the Old West!

Caz is looking for two things: the perfect breakfast and men who think they're above the law. He hasn't yet found a breakfast to match what his mom used to make, but there's a trail of dead men behind him that shows he's having no trouble finding bad men.

Caz is the self-appointed judge and jury, operating outside the law, tracking down those who the law can't find. And when he does find them, which he will, there is only one sentence.

Grab this new Western adventure from one of the most popular Western authors of today!

Martha Peebles says

Caz :Vigilante Hunter

I must say I have really enjoyed this book on Caz, I enjoyed how he respects the ladies and doesn't, take advantage of them. I will be reading more of the books by this author. Thank you Scott Harris for a truly great read.

donald cameron says

Caz

I enjoyed the book, it kept the action moving throughout. The hero, heroin, aspect of it intrigued me. And that's all I have to say about that

Casey says

Ready for the next Caz!!!

Wow. Can is who I wish I were! He knows what is right and he knows what he has to do even though he had rather not have to do it. Let the evil lie where they fall (ell, not really) and lead the world just that much safer.

Charles Castell says

Somehow I missed this book, as it was in clouding it is as good as the other Car books. Belie when I say he is running full bite from beginning to end. If you live action, then you need to buy all of the Caz books, but please read them in order. They are Stan alone books, please, read them in order. Caz is not too much on talking, but is surely great on settling things immediately.

Definitely another five star story that starts fast and ends with excitement. As I said previously Caz is a man of few words, but his pistols talks a lot, and very fast. This book, although it is the first of a series, is very profound in the fact the good guys are very good and the bad guys are definitely representative of their assigned roles. No In between, when the action darts it just reaches out and grabs the reader immediately. I have been a long time fan of Mr. Scott Harris and fortunately, every novel of his I have read are definitely worthy of the time spent. Never read a bad story he has written. His storytelling is superb, and some are very

heartwarming from beginning to end. This series is definitely one that grab your attention immediately and does not release you until the final paragraph! Mr. Harris does his homework before striking the first key, and his full intent is to entertain his readers. Which he does well!

Based on what I have previously stated about the books, an the author, you have probably already decided I would recommend this book, as well as the series, but in case you aren't conve to read these books; Believe me, such failure would definitely be a literary disaster. Not reading it would definitely be a disaster.

Barbara Lee Wood says

CAZ AND MISS ETTA OF BUZZARD GULCH

Caz minding his business enjoying his bacon and fluffy biscuits with gravy so thick, you cut it with a knife..eatup Caz. So in reality his real reason is the man standing at the door who looked as though he's never heard of water, info lying to drink..Caz in this short fast acting novella is a man who never underestimate the people he meets in his travels. Rough blood letting men who haven't any moral ethics. Nothing is to low for the men Caz hunts. Another great novella describing the perils of the west.

Edwin says

This fast paced and compelling short novel tells the story of Caz, a compassionate bounty hunter, who finds himself in a violent battle with an saloon owner and his team of outlaws when he uncovers forced prostitution in the establishment. Caz is an interesting character and is complemented by a strong supporting cast that included Bess, a young reluctant prostitute, and Etta, a feisty boarding house owner. I liked this novel at lot and am looking forward to reading the further adventures of Caz.

Preston Dannelley says

Excellent story

Caz is a hero's hero! He does what he has to, never shirking his duties, which are mainly blasting bad guys and saving damsels in distress.
